Water Act 1989

EUROA WATER MANAGEMENT SCHEME

In accordance with Section 215 (3B and 4) of the **Water Act 1989**, I, Sheryl Garbutt, Minister for Environment and Conservation, have agreed to accept the Euroa Water Management Scheme which was prepared by the Euroa Floodplain Management Study Community Consultative Committee. The scheme has been accepted as submitted with no modifications.

A Scheme document, which describes the elements of the Scheme, has been prepared by the Community Committee. The document may be inspected at the Shire of Strathbogie at the corner of Binney and Bury Streets, Euroa, or at the Department of Natural Resources and Environment (Floodplain Management Unit), Level 1, 240 Victoria Parade, East Melbourne.

The scheme recommends a floodplain management strategy, which will reduce the potential flooding impacts and flood damage costs for Euroa. It includes a flood mitigation levee along the east side of Castle Creek, flow capacity improvement works along Seven Creeks and along Castle Creek, bunds at the upstream and downstream ends of the Seven Creeks anabranch and purchase of one property.

These measures are complemented by other non-structural floodplain measures which have been implemented by the Shire of Strathbogie, including flood warning upgrades, flood mapping, public education and land use planning controls.

Under Section 215 (5) of the **Water Act 1989**, people who may wish to seek a review of this decision may apply to the Victorian Civil and Administrative Tribunal at 55 King Street, Melbourne. Any submission to the Tribunal should be forwarded within 28 days of the date of this notice.

Font size:

Use 12 point (10 pitch) or larger.

Clear plain font styles, such as Helvetica, should be used.

Graphics:

Line drawings should be transmitted as large as possible to ensure clarity. Drawings up to A4 size sent by fax using Fine Resolution provide a good quality for reproduction.
