#### EXEMPTION

Application No. A341/2007

The Victorian Civil and Administrative Tribunal has considered an application, pursuant to section 83 of the **Equal Opportunity Act 1995**, by Wodonga Middle Years College (WMYC). The application for exemption is to enable the applicant to advertise and employ a male Teacher Aide specifically to assist a student at the College (the exempt conduct).

Upon reading the material submitted in support of the application the Tribunal is satisfied that it is appropriate to grant an exemption from sections 13, 100 and 195 of the Act to enable the applicant to engage in the exempt conduct.

In granting this exemption the Tribunal noted:

- A male student attending WMYC has cerebral palsy. He is wheelchair dependent and requires assistance to bear weight and transference. He has undergone surgery to improve his ability to transfer and weight bear. The outcome of this surgery is that he will definitely require assistance to perform these functions.
- He is currently on the Disability and Impairment Program Level 4 Funding.
- The teenage male student needs help with toiletry assistance. An adult male Integration Aide in this circumstance is appropriate.

The Tribunal hereby grants an exemption to the applicant from the operation of sections 13, 100 and 195 of the **Equal Opportunity Act 1995** to enable the applicant to engage in the exempt conduct.

This exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 1 November 2010.

#### ORDERS

1. Pursuant to section 83(1) of the **Equal Opportunity Act 1995**, an exemption is granted to the Applicant Companies from the operation of sections 13, 14, 15, 98, 100 and 195 of the **Equal Opportunity Act 1995** (Vic.) ('the Act') for a period of three years from the date of gazettal of this order.
2. The exemption is granted in respect of the operation of sections 13, 14, 15, 98, 100 and 195 of the Act insofar as those sections relate to the 'race' (as that attribute is defined in section 4 of the Act) of employees, job applicants, and contract workers of the Applicant Companies.
3. The class of activities for which the exemption is granted is discrimination against employees, job applicants and contract workers, where such discrimination is required for the Applicant Companies to undertake certain defence projects (Controlled Projects) in compliance with the laws of the United States of America – in particular the International Traffic in Arms Regulations and the Export Administration Regulations (together U.S. Export Laws). The exemption granted would permit the Applicant Companies to:–
  - (a) Require employees, job applicants and contract workers of the Applicant Companies to provide details of their place of birth and nationality to enable the Applicant Companies to determine whether those people are permitted by U.S. Export Laws to work on Controlled Projects and/or to access technology, materials or information that are subject to restriction under the U.S. Export Laws (Controlled Material);

- (b) Identify, by publication of a list, those employees and contract workers that are permitted to access Controlled Material or work on Controlled Projects due to their nationality or inclusion in a relevant Agreement, such list to be limited to only those officers and employees with a need to know;
  - (c) Identify by means of security passes or otherwise a system that identifies whether an employee or contract worker is permitted to work on Controlled Projects and/or the level of access permitted to that employee or contract worker to Controlled Material due to that employee's or contract worker's nationality. Such passes may be colour coded but in such a way that it does not specifically identify an employee or contract worker's nationality;
  - (d) Restrict access to Controlled Material or work on Controlled Projects that are regulated by U.S. Export Laws to particular employees or contract workers, based on their nationality;
  - (e) Reject applications from job applicants to join the Applicant Companies' workforce in positions requiring access to Controlled Material or relating to Controlled Projects regulated by U.S. Export Laws based on nationality;
  - (f) Transfer employees and contract workers from Controlled Projects regulated by the U.S. Export Laws on the basis that, because of their nationality, the U.S. Export Laws do not permit them to work on those Controlled Projects, as a result of existing or changed nationality or a change to the requirements of the Controlled Project;
  - (g) Require employees and contract workers involved in Controlled Projects to notify the Applicant Companies of any change to their nationality;
  - (h) Provide to companies that transfer Controlled Material to the Applicant Companies, details of the nationality of those employees and contract workers in the Applicant Companies' workforce who will have access to that Controlled Material;
  - (i) Provide to companies who use Controlled Material regulated by U.S. Export Laws at their facilities, details of the nationality of those in the Applicant Companies' workforce who will attend those facilities; and
  - (j) Enter into agreements with the Applicant Companies' contractors, agents and consultants pursuant to which those third parties undertake to comply with the matters referred to in (a) to (i) above.
4. These orders are conditional on the Applicant furnishing a report every 6 months to the Human Rights and Equal Opportunity Commission. Such report must disclose:—
- (a) all strategies in place to ensure compliance with anti-discrimination legislation, including all training programs, internal audits and complaints within each reporting period;
  - (b) the number of job applicants rejected for ITAR purposes, but subsequently appointed to other roles within each reporting period;
  - (c) the number of employees retrenched or redeployed due to ITAR requirements and any steps taken to minimise retrenchment or redeployment, and any steps taken generally to mitigate the impact of the Applicant's responsibility under ITAR on the deployment of its workforce within each reporting period;
  - (d) the number of vacancies advertised within each reporting period, including the number of such vacancies where candidates were required to satisfy ITAR related requirements.
