Notice of Intention to Review the
Road Management Plan and the
Register of Public Roads

The Road Management (General) Regulations 2005, section 301, requires Council to commence a review of its current Road Management Plan by 1 January 2009 and have the review completed by 30 June 2009.

The review meets section 54(5) of the **Road Management Act 2004** that states a road authority that has a road management plan must conduct a review of that plan at the intervals prescribed by the regulations.

The review will:

- analyse the defect classification codes to rationalise the number of response times for inspections and defect rectification across road infrastructure assets;
- review the footpath hierarchy and sections to make inspections more effective;
- update the Register of Public Roads with any newly constructed or closed roads;
- review and amend, where necessary, road and footpath inspection frequencies, road defect tolerances and intervention levels;
- clarify work processes;
- update charts where required; and
- include minor word changes and corrections where required.

The current Road Management Plan together with the Register of Public Roads is available for review and can be inspected at one of Council's Customer Service Centres: 9–13 Flintoff Street, Greensborough; 275 Upper Heidelberg Road, Ivanhoe; 44 Turnham Avenue, Rosanna, or contact Council on 9490 4222, or visit 'Our Services' or 'What's On' in Council's Internet site at www.banyule.vic.gov.au

The review builds on Council's existing Road Management Plan that established a management system for Council to discharge its duty to inspect, maintain and repair its public roads based on policy, operational objectives and available resources. The Plan also sets the relevant standards in relation to the performance of Council's road management functions.

Any person who wishes to comment on the proposed review to the Road Management Plan may make a submission. Submissions should be sent to the Coordinator, Asset Management, PO Box 51, Ivanhoe 3079. Submissions will close on Friday 6 February 2009.

EXEMPTION

Application No. A217/2008

The Victorian Civil and Administrative Tribunal has considered an application pursuant to section 83 of the **Equal Opportunity Act 1995** by Preshil, The Margaret Lyttle Memorial School for exemption from sections 37, 42, 100 and 195 of that Act. The application for exemption is to enable the applicant to engage in the exempt conduct.

In this exemption ‘exempt conduct’ means –

- (a) providing places at the Applicant’s school for girls only;
- (b) providing bursaries for girls only;
- (c) ceasing to offer places for boys and offering places to girls in any class where the ratio of boys to girls exceeds 2 to 1;
- (d) advertising any of these matters.

Upon reading the material submitted in support of the application and upon hearing submissions from Mr Ferrari of counsel and for the reasons for decision given by the Tribunal on 24 November 2008, the Tribunal is satisfied that it is appropriate to grant an exemption from sections 37, 42, 100 and 195 of the Act to enable the applicant to engage in the exempt conduct.

The Tribunal hereby grants an exemption to the Applicant from the operation of sections 37, 42, 100 and 195 of the **Equal Opportunity Act 1995** to enable the applicant to engage in the exempt conduct.

The exemption is subject to the following conditions –

1. If the gender balance at every year level at the school does not exceed a ratio of boys to girls that is 2 to 1, the Applicant must, without delay, advise the Tribunal in writing.
2. The applicant will only, in respect of a class, cease to offer places in that class to boys and offer places in that class to girls only, where the ratio of boys to girls in that class exceeds 2 to 1.
3. The applicant will only engage in the conduct in condition (2) in respect of the school years 2008, 2009, 2010 and (while the exemption applies) 2011.

4. Where the applicant offers places to girls or ceases to offer places to boys, it will establish a waiting list on which it will place the names of boys who have, because of this, not been offered places, and will consider the offering of places to those boys when the gender balance ratios permit.

This exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 25 November 2011.

EXEMPTION

Application No. A296/2008

The Victorian Civil and Administrative Tribunal has considered an application, pursuant to section 83 of the **Equal Opportunity Act 1995**, by Riding for the Disabled Association of Victoria (RDAV). The application for exemption is to enable the applicant to empower RDAV coaches to refuse to allow a person to ride RDAV horses if the coach believes that to ride would be unsafe for either rider or horse (the exempt conduct).

Upon reading the material submitted in support of the application the Tribunal is satisfied that it is appropriate to grant an exemption from sections 13, 100 and 195 of the Act to enable the applicant to engage in the exempt conduct.

In granting this exemption, the Tribunal noted:

- A person's weight, height, balance or age, or a horse's weight, condition, size or build may create an unsafe riding condition for the rider, the horse, or the volunteer side walkers.
- RDAV needs to ensure the safety of rider, horse and/or volunteer staff.

The Tribunal hereby grants an exemption to the applicant from the operation of sections 13, 100 and 195 of the **Equal Opportunity Act 1995** to enable the applicant to engage in the exempt conduct.

This exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 1 November 2011.

Application No. A293/2008

The Victorian Civil and Administrative Tribunal has considered an application, pursuant to section 83 of the **Equal Opportunity Act 1995**, by Royal Botanic Gardens Board. The application for exemption is to enable the applicant to advertise and employ an Indigenous Aboriginal or Torres Strait Islander as a casual tour guide at its Cranbourne Gardens site (the exempt conduct).

Upon reading the material submitted in support of the application the Tribunal is satisfied that it is appropriate to grant an exemption from sections 13, 100 and 195 of the Act to enable the applicant to engage in the exempt conduct.

In granting this exemption, the Tribunal noted:

- The Royal Botanic Gardens, Cranbourne, wishes to enhance the credibility and authenticity of its Indigenous programs, particularly to the 'Boonerwung' and wider relevant Aboriginal community.
- The aims of the Indigenous tour guide positions are to contribute to the gardens with an Aboriginal interpretation of education policy including research recording and relevant stories and living histories of local Aboriginal peoples, and tourism creating a strong link between the Royal Botanical Gardens and the Aboriginal people. This includes research, development, and the delivery of Indigenous cultural based tours on the site at the Royal Botanic Gardens Cranbourne.
- The other focus of this position is to mentor and train a group of three (3) casual Aboriginal tour guides to provide Indigenous tours to the general public.

The Tribunal hereby grants an exemption to the applicant from the operation of sections 13, 100 and 195 of the **Equal Opportunity Act 1995** to enable the applicant to engage in the exempt conduct.

This exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 1 November 2011.

Rail Safety Act 2006

SECTION 79(7)

Procedure to be followed in Assessing Drug Impairment

Section 79(7) of **Rail Safety Act 2006** provides that the Director, Public Transport Safety ('Safety Director') may, by notice published in the Government Gazette, specify the procedure to be followed in assessing drug impairment.

I, Terence Alan Osborne, Safety Director, hereby revoke the Order made by me under subsection 79(7) of the **Rail Safety Act 2006** on 11 May 2007, specifying the procedure to be followed in assessing drug impairment. Further, in exercise of the power vested in me under subsection 79(7) of the **Rail Safety Act 2006**, I hereby specify that the procedure set out in the Schedule is to be followed in assessing drug impairment.

It is an offence under the **Rail Safety Act 2006** to refuse to co-operate with the Drug Impairment Assessment. It is also an offence to refuse to undergo blood and/or urine testing if lawfully requested to do so by an authorised assessing officer. This is the case even if the request was not made at a place where such an assessment could be carried out, or if an assessing officer was not present at the place where the request was made at the time it was made.

The Schedule**Procedure for Assessing Drug Impairment**

1. This procedure is to be carried out by a Transport Safety Officer (TSO) authorised under section 228T of the **Transport Act 1983** or an authorised member of the police, referred to collectively as the 'assessing officer'. Assessing officers must have undertaken a competency based training course approved by the Safety Director or as otherwise required by the Chief Commissioner of the Victoria Police.
2. The assessing officer must identify themselves to the subject as an authorised party to undertake the drug impairment assessment, if they have not already done so for the preliminary breath test.
3. The procedure consists of the following:
 - an interview by the assessing officer of the person who is to be assessed ('the subject');
 - a request by the assessing officer to the subject to perform a Horizontal Gaze Nystagmus Test as described below;
 - the performance of that test by the subject;
 - observation by the assessing officer of the performance of the subject during that test;
 - a request by the assessing officer to the subject to perform a Walk and Turn Test as described below;
 - the performance of that test by the subject;
 - observation by the assessing officer of the performance of the subject during that test;
 - a request by the assessing officer to the subject to perform a One Leg Stand Test as described below;
 - the performance of that test by the subject;
 - observation by the assessing officer of the performance of the subject during that test;
 - the progressive completion by the assessing officer of a report of assessment of drug impairment in accordance with the Regulations.

Interview Procedure

4. The interview consists of questions about the subject's name, address and date of birth, the circumstances that led to the identification of the subject and any recent history of illness, injury, medical treatment or drug use.
5. The purpose of these questions is to obtain relevant information as well as to permit observations to be made that may assist in establishing whether impairment is present or not.
6. If at any time during the interview the assessing officer suspects that the subject may be suffering from an injury or illness that may be the cause of impairment, the assessing officer must take immediate steps to arrange for the subject to be examined by a registered medical practitioner.

Horizontal Gaze Nystagmus Procedure

7. The assessing officer informs the subject that the assessing officer is going to check the subject's eyes. If the subject is wearing eyeglasses the assessing officer directs the subject to remove them. The assessing officer asks the subject if the subject wears contact lenses and notes the reply. The assessing officer instructs the subject to keep the subject's head still, and follow the movement of an object held by the assessing officer by moving the eyes only. The assessing officer directs the subject to focus on the object until directed to stop. This test should not be administered if the subject has an obvious abnormal eye disorder or an artificial eye.
8. The assessing officer observes and notes whether the subject's eyes track the stimulus together or one eye lags behind the other, whether both pupils are equal in size, whether the subject's eyes are able to pursue the stimulus smoothly, or with a jerky motion.
9. The assessing officer then observes each of the subject's eyes separately to determine –
 - a. whether nystagmus is visible in the left eye when the eye is held as far to the left as possible or in the right eye when the right eye is held as far to the right as possible;
 - b. whether, when each eye is observed separately, nystagmus is observable in the left eye before the left eye has moved beyond 45 degrees from the extreme left position, or in the right eye before the right eye has moved beyond 45 degrees from the extreme right position, or whether vertical nystagmus is present.
10. The assessing officer also notes any other observations that may be relevant to the subject's performance in this test.

Walk and Turn Procedure

11. The test is conducted on a dry, hard, level, non-slippery surface marked with a straight line. There should be sufficient room for the subject to complete nine heel-to-toe steps.
12. The assessing officer directs the subject to place the subject's left foot on the marked line, and the right foot in front of the left foot, with the heel of the right foot against the toe of the left foot. The assessing officer demonstrates these actions. The assessing officer then directs the subject to place the subject's arms down by the subject's sides and to stay in that position until directed to begin. The assessing officer tells the subject not to start to walk until told to do so. The assessing officer asks the subject whether the instructions have been understood, and if necessary, repeats them.
13. The assessing officer then explains the test requirements, using oral instructions, accompanied by demonstrations. The subject is directed that, when told to start, the subject is to take nine heel-to-toe steps down the line, turn around, and take nine heel-to-toe steps back up the line. The assessing officer demonstrates two or three heel-to-toe steps. The subject is then directed to turn by keeping the subject's front foot on the line and taking a series of small steps with the other foot. The assessing officer demonstrates this manoeuvre.

14. The subject is directed to keep the subject's arms down by the subject's sides throughout the test, to watch the subject's feet at all times, and to count each step out loud. The subject is also directed to not stop walking until the subject has completed the test. The assessing officer asks the subject whether the instructions have been understood, and if necessary, repeats them.
15. The subject is then directed to begin and to count the steps, with the first step from the heel-to-toe position being counted as 'One'.
16. The assessing officer notes whether the subject maintains balance while listening to instructions, starts to walk before being instructed to do so, stops while walking, does not walk 'heel-to-toe', steps off the line, uses the arms to maintain balance, takes the incorrect number of steps or does not turn as directed. The assessing officer also notes if the subject fails to complete the test.

One Leg Stand Procedure

17. The assessing officer directs the subject to stand with the subject's feet together and the subject's arms down by the subject's sides, and to not start the test until told to do so. The assessing officer demonstrates this. The assessing officer then asks the subject whether the instructions have been understood, and, if necessary, repeats them.
18. The assessing officer then directs the subject that when told to start the subject must raise one leg approximately 15 centimetres off the ground with toes pointed out, with both arms straight, and by the subject's sides. The assessing officer demonstrates this.
19. The assessing officer then directs the subject to hold that position and count out loud for thirty seconds in the manner demonstrated while the subject keeps the subject's arms by the subject's sides and watches the raised foot. The assessing officer then asks the subject whether the instructions have been understood, and, if necessary, repeats them.
20. The assessing officer then directs the subject to start. The assessing officer allows the test to continue for 30 seconds. The test is discontinued after 30 seconds.
21. The assessing officer then directs the subject to repeat the test while standing on the other leg.
22. The assessing officer notes whether the subject sways while balancing, uses arms to maintain balance, hops, or puts the subject's raised foot on the ground. The assessing officer also notes if the subject is unable to complete the test. This information is recorded separately for each leg.

Conclusion

23. At the conclusion of the above impairment assessment procedure, the assessing officer reviews all the available information including the completed Preliminary Breath Test and Impairment Assessment Record, the results of any breath analysis test, any information obtained from observation or questioning and the results of the three tests referred to above. The assessing officer then considers all of this information and forms an opinion as to whether the subject may be impaired by a drug, or drugs.
24. Any positive results must be reported to the Safety Director within 48 hours with a statement of action.
