I have decided, after considering the comments of the Victorian Catchment Management Council, to recommend to the Governor in Council that the five taxa and one community recommended for listing by the Scientific Advisory Committee be added to the list of taxa and communities of flora and fauna which are threatened.

The taxa to be added are the Hairy-leaved Trigger-plant *Stylidium armeria* var. nov. Riddells Creek, Moss species *Dicranoloma diaphanoneuron*, Leafy liverwort species *Plagiochila pleurata*, Southern Brown Bandicoot *Isodon obesulus*, and Black Threadwort *Allisoniella nigra*. The community to be added is the 'Port Phillip Bay Entrance Deep Canyon Marine Community'.

My reasons for this decision are the same as those advertised in the final recommendations of the Scientific Advisory Committee.
