EXEMPTION

Application No. A56/2011

The Victorian Civil and Administrative Tribunal has considered an application pursuant to section 83 of the **Equal Opportunity Act 1995** (the Act) by Lisa Lodge (the applicant). The application for exemption is to enable the applicant to advertise for and appoint only male or only female carers and mentors for young people referred to the applicant (the exempt conduct).

Upon reading the material filed in support of this application, including the affidavit of Suzanne Pickard, the Tribunal is satisfied that it is appropriate to grant an exemption from sections 13, 100 and 195 of the Act to enable the applicant to engage in the exempt conduct.

In granting this exemption the Tribunal noted:

- Lisa Lodge is a community service organisation which works with young people who are on the High Risk Register with the Department of Human Services, Child Protection Unit.
- Lisa Lodge, Child Protection Unit recruit people from the young person's community to become home based carers where the applicant's clients are unable to reside with their families.
- The applicant seeks to match the carer or mentor with the particular young person and at times that requires consideration of the carer or mentor's gender. In some cases, it is more appropriate for the applicant to appoint

a female to work with a female client because that client may have been sexually assaulted by a male in the past. Male clients may be better matched with a male carer or mentor when that male client has had a traumatic relationship with his mother. Other male clients may be better placed with a female carer or mentor if he has experienced abuse by other males. The purpose of the exemption is to allow the applicant to give individual consideration to these matters and advertise and employ carers and mentors who can meet the needs of the individual clients.

- Previous exemptions have been granted by the Tribunal for individual positions for males and females for the same reasons (A240/2006 and (A258/2007).
- When making decisions about exemptions, the Tribunal is required to give proper consideration to relevant human rights as set out in the **Charter of Human Rights and Responsibilities Act 2006** (Charter). Arguably, this exemption limits the right to equal and effective protection against discrimination of persons of the gender which is not being sought by the applicant who would otherwise wish to be employed. I am satisfied that in the circumstances discussed above, the limit imposed by this exemption is reasonable and justified under the Charter.

The Tribunal hereby grants an exemption from the operation of sections 13, 100 and 195 of the **Equal Opportunity Act 1995** to enable the applicant to engage in the exempt conduct.

This exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 9 March 2014.

Flora and Fauna Guarantee Act 1988

The **Flora and Fauna Guarantee Act 1988** is the main biodiversity legislation in Victoria. The Act enables members of the public to nominate species, ecological communities and potentially threatening processes for listing. Nominations under the Act are considered by an independent Scientific Advisory Committee, which makes recommendations to the Minister for Environment and Climate Change and the Minister for Agriculture and Food Security.

The Committee has made the following preliminary recommendations. Recommendation Reports have been prepared for each recommendation. Copies of the reports can be obtained from the Head Office (<http://www.dse.vic.gov.au>) and major country offices of the Department of Sustainability and Environment (DSE). The **Flora and Fauna Guarantee Act 1988** and the Flora and Fauna Guarantee Regulations 2001 can be viewed at these offices or on the internet.

PRELIMINARY RECOMMENDATIONS OF THE SCIENTIFIC ADVISORY COMMITTEE

The Scientific Advisory Committee has made preliminary recommendations on the evidence available, in accordance with section 14 of the Act, that the nominations for listing of the following items be supported or not supported in accordance with section 11 of the Act.

818 Reduction in biodiversity resulting from Noisy Miner (<i>Manorina melanocephala</i>) populations in Victoria (potentially threatening process)	5.1, 5.1.1, 5.1.2, 5.2.2

The reason that the nominations are supported is that the items satisfy at least one primary criterion of the set of criteria maintained under section 11 of the Act and stated in Schedule 1 of the Flora and Fauna Guarantee Regulations 2001.
