**Electricity Industry Act 2000****CLICK ENERGY PTY LTD**

Pursuant to section 40G of the **Electricity Industry Act 2000** (Vic.) Click Energy Pty Ltd publishes its terms and conditions for the *New Standard Feed-In Tariff* for *generated renewable energy* which will come into effect in accordance with section 40H of the *Act*.

**FEED-IN ELECTRICITY****Victoria's New Standard Feed-In Tariff Plan:**

*Click Energy* offers the following terms and conditions to its *Eligible NSFIT Customers* in relation to purchase of *generated renewable electricity* from the *Eligible NSFIT Customers* at the *supply address*:

<b>1. New Standard Feed-In Tariff Plan</b>		
a)	New Standard Feed-In Tariff	<i>You</i> will receive feed-in credits at a rate of \$0.10 per kWh (excluding GST). This is comprised of the minimum regulated retailer feed-in tariff of \$0.08 per kWh and an additional Click Energy feed in tariff of \$0.02 per kWh. <i>You</i> will continue to receive the minimum regulated retailer feed-in tariff of \$0.08 per kWh for one year commencing 1 January 2013 and for each subsequent year after this at a rate of not less than the minimum rate set by the <i>ESC</i> until at least 31 December 2016 for <i>generated renewable electricity</i> which is fed back into the <i>Grid</i> . The Click Energy feed in tariff of \$0.02 per kWh is in addition to the regulated minimum and can be varied by Click Energy at any time with notification.
b)	Distribution and metering charges	<i>You</i> will be charged distribution and metering charges at the prices in accordance with <i>your Electricity Contract</i> .
<b>2. Credit payments to Eligible NSFIT Customers for supply of Generated Renewable Electricity back into the Grid</b>		
a)	Each billing period, <i>we</i> will credit <i>your</i> bill issued pursuant to the <i>Electricity Contract</i> , with <i>your NSFIT Scheme Credit</i> accrued in accordance with this <i>Feed-In Contract</i> .	
<b>3. New Standard Feed-In Scheme end date</b>		
a)	The <i>Regulated Scheme</i> is terminated, ends or is repealed by the <i>Governing Body</i> .	

All of *our* renewable energy schemes are based on a 'Net Metering' solution. This means that *we* only purchase the *generated renewable electricity* that *you* export or feed into the *Grid* and not the total amount of electricity that *you* have produced or generated and used for *your* own consumption at *your supply address*. Any electricity generated and consumed at *your own supply address means you* are importing less electricity from the *Grid*. *You*, therefore, will be reducing *your* existing electricity bill under *your Electricity Contract*.

This means that *you* might not get any credit from *Click Energy* if *you* have not exported any electricity back into the *Grid*. *You* may still be benefiting from the electricity that *you* are generating, however this benefit is in the form of a lower bill from *Click Energy*, as *you* have used all of the electricity that *you* have produced.

On request *we* will provide *you* with reasonable information on any feed-in tariffs *we* may offer to *you*. *We* will provide this information within 10 business days of *your* request, and if *you* request it, in writing.

**TERM****Commencement**

These terms and conditions will apply to *you* if *you* are an *Eligible NSFIT Customer* (and *you* have provided *us* with *acceptable identification* and evidence to *our* reasonable satisfaction confirming each element relating to being an *Eligible NSFIT Customer*) and *you* accept this offer for *us* to buy *generated renewable electricity* from *you* in accordance with the terms of this *Feed-In Contract*.

*Eligible NSFIT Customers* can accept *our* offer to enter into this *Feed-In Contract* by calling *us* on 1800 77 59 29 or email *us* at sales@clickenergy.com.au or by visiting *our website*.

If *you* are registered for GST, *you* must provide *us* with *your* ABN at the time of accepting *our* offer to enter into this *Feed-In Contract*. If *you* are not registered for GST, *you* must complete and return to *us* the No Tax Withholding Declaration Form available from the ATO.

Subject to this clause, this *Feed-In Contract* commences on the date that *we* receive confirmation of compliance in relation to all of the following:

1. *You* accept the terms of this *Feed-In Contract*; and
2. *you* have provided *us* with *acceptable identification*; and
3. *you* have provided *us* with your contact details, including details of *your Facility and supply address*; and
4. *you* have provided *us* with evidence to *our* reasonable satisfaction confirming that *you* have satisfied each component relating to being an *Eligible NSFIT Customer*;
5. *you* have provided *us* with details of all documentation required pursuant to the **Electricity Safety Act 1998**; and
6. *you* have satisfied all of the requirements of *your Distributor* including the appropriate metering that will enable *Click Energy* to measure the amount of *generated renewable electricity* that *you* fed into the *Grid*;
7. *you* have entered into an agreement with *your Distributor* in relation to connection of *your Facility* to the *Distribution System*;
8. *you* have given *your* explicit and informed consent under the terms and conditions of the *Electricity Contract*, which includes this *Feed-In Contract*, for the sale and purchase of electricity; and
9. *Click Energy* has become the *financially responsible market participant* for *your supply address*.

**THE FEED-IN ELECTRICITY CONTRACT**

This *Feed-in Contract* contains information about *your* rights and responsibilities for the sale of *generated renewable electricity* by *you*, at *your supply address*, which is fed back into the *Grid* and purchased by *Click Energy*.

*Our Customer Charter*, *your Price and Product Information Statement* and this *Feed-In Contract* sets out the *contract* between *you* and *us*.

If a term or condition of the *Feed-in Contract* is inconsistent with the *Codes and Guidelines*, that part is to be read as deleted and the rest of the *Feed-In Contract* is not affected.

*We* draw *your* attention to a number of *terms* in this *Feed-In Contract* which require *your* explicit informed consent and are listed below:

**Items that require your explicit informed consent**

If required by the *Codes and Guidelines* *we* will only vary this *Feed-In Contract* with *your* consent in writing, otherwise *you* give *your* explicit and informed consent that this *Feed-In Contract* may be varied by *us*.

*You* give *your* explicit informed consent that the refund may be paid by *us* by EFT to a bank account, VISA, MasterCard or American Express card.

The *New Standard Feed-In Tariff* you receive for *generated renewable electricity* fed into the *grid* is set out above and is published on *our website*. You give your explicit informed consent that your *New Standard Feed-In Tariff* can change from time to time, in-line with the relevant *Codes and Guidelines*. If the *New Standard Feed-In Tariff* does change you will be notified on your next bill or by an email 10 business days prior to the change in *New Standard Feed-In Tariff* or as required by the *Codes and Guidelines*, whichever occurs first.

If you are on one of *our* smoothed or estimated monthly billing plans, which involves an estimated amount, you give us your explicit informed consent that we may transfer you onto one of *our* quarterly billed plans at the same energy rates as those under the supply contract.

If you apply for a connection of your *Facility* to the *Grid* you give your explicit and informed consent that we may reassign the *tariff* that you are charged under *our Electricity Contract* for the sale and purchase of electricity, based on the change in your metering circumstances, which may include new metering equipment, and is likely to be a change to a 'time-of-use' pricing – that is, a peak rate for power purchased during the day, and an off-peak rate for power bought at night and on weekends.

### **The Cooling-off Period**

There are no exit fees, so you can leave us whenever you want to! You also have a right to cancel this *Contract* up to 10 business days after you enter into this *Contract*. You must email us at [coolingoff@clickenergy.com.au](mailto:coolingoff@clickenergy.com.au) stating that you wish to exercise your rights to rescind this *contract*. If you are deemed to have a *contract* with us this right to cancel this *contract* may not apply. All Registration fees or connection charges are not refundable once the cooling off period has expired.

### **Connection**

If you want us to connect your *Facility* to the *Grid* you must make an application and provide us with the required information, which includes *acceptable identification* and a certificate of electrical safety issued by a registered electrical contractor certifying that the *Facility* is safely and properly connected to the *Grid*.

Provided you have provided us with the application and all required information, and you are an *Eligible NSFIT Customer*, we will contact your *distributor* no later than the next *business day* to request your *Facility* to be connected to the *Grid*. We may charge you any distribution and metering charges in relation to this connection in accordance with your *Electricity Contract*.

You understand and acknowledge that your *Distributor* is responsible for the connection and maintenance of the connection of your *Facility* to the *Grid* and that your *Distributor* is responsible for taking the supply of your *generated renewable electricity* into the *Grid*.

If you apply for a connection of your *Facility* to the *Grid* you give your explicit and informed consent that we may reassign the *tariff* that you are charged under *our Electricity Contract* for the sale and purchase of electricity, based on the change in your metering circumstances, which may include new metering equipment, and is likely to be a change to a 'time-of-use' pricing – that is, a peak rate for power purchased during the day, and an off-peak rate for power bought at night and on weekends.

### **Termination by You**

If the cooling-off period has expired you may terminate this *Contract* without notice, however we ask that you notify us as soon as possible. You must pay us all outstanding amounts owing.

You must notify us at least 3 business days before you intend to vacate a *supply address*, provide safe access to your meter and, if you are not remaining with us, provide us with a forwarding address for the final bill. If you do not do so, you will remain responsible for any electricity consumed at the *supply address*. If you have been evicted or otherwise forced to vacate the *supply address* you will remain responsible for any electricity consumed at the *supply address* until you give us notice and provide safe access to your meter. We may charge you a disconnection fee. You do not avoid liability to pay us for energy consumed at your *supply address* by vacating that *supply address*.

**Termination by Us**

We reserve the right to terminate this *Feed-In Contract* if:

- you or your *supply address* no longer satisfy all of the *Governing Bodies'* criteria for eligibility for NSFIT, in particular, if the generating capacity of your *Facility* exceeds capacity permitted under the *New Standard Feed-In Tariff Scheme*;
- you or your *supply address* no longer satisfy all of the requirements of your *distributor* including the appropriate metering that will enable us to measure the amount of *generated renewable electricity* that you have fed into the *Grid*;
- you have been evicted or otherwise forced to vacate the *supply address* or the *supply address* has been disconnected from the *Grid*;
- you vacate the *supply address*, the terms and conditions included in this *Feed-In Contract* terminate on the date you vacate your *supply address* or on the date you notified us that you were vacating your *supply address* or whichever date occurs first;
- you terminate your *Electricity Contract* between you and us for the sale and purchase of electricity, and *Click Energy* is no longer the *financially responsible market participant* for your *supply address*;
- the *Regulated Scheme* is terminated, ends or repealed by the *Governing Body*.

**Expiry**

This *Feed-In Contract* will continue until we are no longer the *financial responsible market participant* for your *supply address* or until the *New Standard Feed-In Tariff Scheme* terminates, is terminated by you (in accordance with the above) or is terminated by us (in accordance with the above) or ends or is repealed by the *Governing Bodies*.

**BILLS****Price of Electricity Fed into the Grid**

The *New Standard Feed-In Tariff* you will receive for *generated renewable electricity* fed into the *Grid* is set out above and is published on our website. You give your explicit informed consent that your *NSFIT* can change from time to time, in-line with the relevant *Codes and Guidelines*. If the *NSFIT* does change you will be notified on your next bill or by an email 10 business days prior to the change in *NSFIT* or as required by the *Codes and Guidelines*, whichever occurs first.

You agree that you are responsible for fees and charges in relation to your *Feed-In Contract* that the *Codes and Guidelines* allows us to charge you, including but not limited to, any distribution non-network charges that we have been charged for, that is, disconnection and reconnection charges.

**Issuing Your Bill**

We will issue you a bill, as per our *Electricity Contract* with you for the sale and purchase of electricity, included on this bill will be the credit for the amount of *generated renewable electricity* that you have fed into the *Grid*.

If your total bill has a credit balance after the application of the credit, the credit balance will be applied towards your next bill from *Click Energy* unless a refund has been paid.

If you are on one of our smoothed or estimated monthly billing plans, which involves an estimated amount, you give us your explicit informed consent that we may transfer you onto one of our quarterly billed plans at the same energy rates as those under the supply contract.

**Adjustment of a Bill**

We will review your bill at your request, however, you must pay the lower of that portion of your bill that you agree is not in dispute or an amount equal to the average of your bills in the previous 12 months.

If the bill is correct you must pay any unpaid amount or, if you believe your meter is faulty, you may request a test. If your meter is found to comply with industry regulations you must pay any unpaid amount and the cost of the test. If your meter does not comply with industry regulations and your bill is incorrect we will adjust it.

If we have undercharged *you*, we may recover that amount so long as we comply with the relevant *Codes and Guidelines*. We will list the amount owing in a special bill or in *your* next bill with an explanation of the amount. We will extend the time to pay the amount undercharged.

If we have overcharged *you* by an amount of \$50 or less, we will credit the amount to *your* next bill. If we have overcharged *you* by an amount exceeding \$50, we will notify *you* within 10 business days of us becoming aware of the error. We will repay the amount in accordance with *your* reasonable instructions or credit the amount on *your* next bill.

### **Refunds**

If the *Feed-in Credits* for the purchase of electricity pursuant to this *Feed-In Contract* are \$100 or more than the debit amounts for the sale of electricity over a 12-month period, that is, *you* have a *Feed-in Credit* balance greater than \$100, then on request the credit balance will be returned to *you*.

*You* give *your* explicit informed consent that the refund regarding *Feed-in Credit* may be paid by EFT to a bank account, VISA, MasterCard or American Express card.

For the avoidance of doubt refunds regarding *Feed-in Credit* will not be made if the *Feed-In Credit* balance includes a *Feed-In Credit* for *generated renewable electricity* based on an estimated reading.

We do not pay interest on credit balances in relation to *generated renewable electricity*.

### **Meter Readings**

The quantity of *generated renewable electricity* into the *Grid* at *your supply address* will be determined by *your Distributor* or their agent using metering data from the metering equipment installed at *your supply address*.

*Your Distributor* will use their best endeavours to read *your* meter at least once every 12 months. *You* must allow their or *our* representative safe, convenient and unhindered access to *your supply address* for the purpose of reading *your* meter and for maintenance and inspection, connection, disconnection and reconnection. *Your Distributor*, us or our respective representatives will wear or carry official identification, and, on request, will show that identification to *you*.

If we are not able to reasonably or reliably calculate a credit amount on a reading of the amount of *generated renewable electricity* *you* fed into the *Grid*, we will not provide *you* with an estimated credit for the amount of *generated renewable electricity* fed into the *Grid*, unless *your distributor* estimates the generation in accordance with applicable regulatory instruments. If we do not provide *you* with an estimated credit for the amount of *generated renewable electricity* fed into the *Grid*, when we subsequently obtain an actual meter reading for the total amount of *generated renewable electricity* fed into the *Grid* by *you* we will include a credit for the total amount of *generated renewable electricity* fed into the *Grid* on *your* next bill.

We will retain all meter readings, billing and credit information for a period of at least 2 years, and we will provide *you* access to this information at no charge, regardless of whether *you* are a customer of *Click Energy* or not. We will use our best endeavours to provide this information to *you* within 10 business days from the date of request or any other such agreed period.

## **LIABILITY**

### **Limitation of Liability**

*You* agree, to the maximum extent allowable under law, to indemnify us against any loss or damage suffered as a result of a failure to comply with this *Feed-In Contract* or any other law or a failure or fault with *your Facility* or metering equipment.

*You* are responsible for the maintenance of the *Facility* and for all costs associated with maintenance.

### **Force majeure**

If an event occurs which is outside the reasonable control of *you* or us, in relation to *your Renewable Generation Facility*, the obligations under this *Contract* will be suspended until such time that the event has been remedied or the *Contract* terminated. *You* will not be able to claim a force majeure event under *your Electricity Contract* and *you* will continue to be responsible for the payment of all charges due under *your Electricity Contract*.
