The following class of employer is exempted from compliance with regulation 3.6.2 of the OHS Regulations, which prohibits employers from allowing employees to do high-risk work without an appropriate high-risk work licence under Part 6.1 (Licences) of the OHS Regulations.

Exempt class of employer

Persons are exempted from compliance with the provision of Subdivision 1 of Division 7 of Part 3.5 (Plant) of the Occupational Health and Safety Regulations 2007, requiring registration in accordance with Part 6.2 (Registration), of the design or alteration of the design of an item of plant specified in Part 1 of Schedule 2, being 'pressure equipment other than pressure piping', to be registered in accordance with Part 6.2 (Registration) where such specified plant is designed in accordance with the relevant Part of the Australian Miniature Boiler Safety Committee (AMBSC) Boiler Code as stated:

In accordance with regulation 7.2.4 of the Occupational Health and Safety Regulations 2007, in granting this exemption, the Victorian WorkCover Authority is satisfied that the granting of the exemption will result in a level of health and safety with respect to the undertaking of miniature boiler design that is at least equivalent to that which would be achieved by observance of the relevant provision and that the risk associated with the plant is not significant if the exemption is granted.

This exemption starts on and from the day on which this notice is published in the Government Gazette.

Subordinate Legislation Act 1994

NOTICE OF PREPARATION OF A REGULATORY IMPACT STATEMENT

Specification of conditions that are to be implied into every driver agreement

Notice is given under section 12I(3) of the **Subordinate Legislation Act 1994** that a Regulatory Impact Statement (RIS) has been prepared in relation to the specification of implied conditions of every driver agreement.

The proposed instrument is made under section 162L(1) of the **Transport (Compliance and Miscellaneous) Act 1983**, as amended by section 32 of the **Transport Legislation Amendment (Foundation Taxi and Hire Car Reforms) Act 2013** (Reform Act), which will commence operation on or before 30 June 2014.

The objective of the proposed instrument is to:

- address an imbalance in bargaining power between taxi-cab operators and drivers;
- provide better working conditions for drivers to attract high-quality drivers to the taxi-cab industry and in turn improve service delivery in accordance with the requirements and objectives of the Reform Act.

The proposed instrument achieves these objectives by, amongst other requirements:

- Requiring operators to indemnify drivers for all damage caused in relation to the taxi-cab, subject to a requirement for the driver to contribute to the cost of the damage where the driver has admitted fault or has been found guilty of an offence in relation to the incident;

- Requiring operators to maintain an insurance policy covering the driver for liability in respect of third party property damage;
- Requiring operators to provide regular records to drivers of all shifts worked, fares earned and payments made to the driver;
- Requiring operators to pay all operating and maintenance costs of the taxi-cab;
- Providing for unpaid leave entitlements for drivers who drive for one operator regularly for 12 months or more;
- Providing a dispute resolution process;
- Specifying when the parties may terminate the agreement;
- Specifying a maximum bond that operators may charge drivers, and the circumstances when operators may deduct from the bond.

The RIS assesses the strengths and weaknesses of the proposed instrument and possible alternative means of achieving the stated objectives and explains why the proposed conditions are the preferred option. The RIS concludes that the proposed instrument is the optimal method of meeting the objectives.

Details of the proposed conditions and the RIS may be obtained by visiting www.taxi.vic.gov.au/driver-agreement. Members of the public are invited to make submissions in response to the RIS. Submissions should be emailed to taxireform@taxi.vic.gov.au or posted to the Taxi Services Commission, GPO Box 1716, Melbourne 3001.

Submissions on the proposed conditions and the RIS are invited no later than 5 pm on 8 May 2014. All submissions will be treated as public documents unless clearly marked as confidential.
