EXEMPTION

Application No. H257/2014

The Victorian Civil and Administrative Tribunal has considered an application pursuant to section 89 of the **Equal Opportunity Act 2010** (the Act) by Belmont Bowls Club Inc. (the applicant). The application for exemption is to enable the applicant to organise and operate the following tournaments:

- (a) Men's Monthly Triples, Laurie Beddes Men's Classic and Men's Western District Reunion Day (men's tournaments); and
- (b) Ladies Monthly Triples, Ladies Classic and Ladies Open Day (women's tournaments), and advertise these matters (the exempt conduct).

Upon reading the material filed in support of this application, including the affidavits of Peter John Cornell, the Tribunal is satisfied that it is appropriate to grant an exemption from sections 44, 71, 107 and 182 of the Act to enable the applicant to engage in the exempt conduct.

In granting this exemption the Tribunal noted:

- A copy of the application was sent by the Tribunal to the Victorian Equal Opportunity and Human Rights Commission (the Commission). The Commission did not seek leave to intervene in the proceeding.
- The men's tournaments commenced in 1990, 2002 and 2007 respectively. The women's tournaments commenced in 2012, before 1977 and 1983 respectively. A recent informal poll of male and female members of the applicant resulted in unanimous support for each tournament continuing to be limited by reference to gender.

- All other social tournaments at the applicant club are open to men and women, as are the midweek and Saturday pennant competitions. The applicant has not received any complaints about the men's or women's tournaments or otherwise regarding its arrangements and gender.
- When considering whether to grant an exemption, the Tribunal must consider whether an exception in the Act already applies. The applicant has contended that the exception contained in section 72(1B) of the Act applies. That exception allows a person to exclude people of one sex from participating in a competitive sporting activity or restrict participation in a competitive sporting activity to people of one sex if certain requirements are met. While noting this position, I am not satisfied on the material before me that the evidence shows that each of the requirements of section 72(1B) is met. No current exemption already applies to the exempt conduct. In the absence of an exemption, the exempt conduct would amount to prohibited discrimination.
- When making decisions about exemptions, the Tribunal is required to give proper consideration to relevant human rights as set out in the **Charter of Human Rights and Responsibilities Act 2006** (Charter). Arguably, this exemption limits the right to equality and in particular, the right to equal and effective protection against discrimination of men or women who would wish to play in an event limited to the other gender. I am satisfied that, in the circumstances discussed above, the limit imposed by this exemption is reasonable and justified under the Charter.

The Tribunal hereby grants an exemption from the operation of sections 44, 71, 107 and 182 of the Act to enable the applicant to engage in the exempt conduct.

This exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 10 December 2019.
