Road Management Act 2004

VICROADS

Amendment of the VicRoads Road Management Plan

In accordance with section 55 of the **Road Management Act 2004**, notice is hereby given that VicRoads has reviewed and amended its Road Management Plan.

The purpose of the Road Management Plan is to:

- provide a safe and efficient road network for use by all members of the public;
- establish road asset management practices focussed on delivering optimal outcomes while having regard to affordability, available resources, and the policies, priorities and strategies of government and road authorities;
- set out the policies and procedures adopted by VicRoads to achieve its road maintenance standards; and
- describe the inspection frequencies and condition standards adopted by VicRoads for various traffic conditions.

A copy of the amended VicRoads Road Management Plan, which takes effect on 1 April 2014, may be inspected at, or obtained from, the VicRoads head office at 60 Denmark Street, Kew 3101, or any of its seven regional offices. The amended Plan can also be accessed online at vicroads.vic.gov.au by following the link to 'Road Management Act & regulations'.

The amended Road Management Plan includes, as an incorporated document, the listing of the applicable road maintenance category for every road, or section of road, to which the Road Management Plan applies. A copy of this incorporated document is available online on the VicRoads webpage.

Also available on the VicRoads webpage is a copy of the Code of Practice for Road Management Plans (as made under section 28 of the **Road Management Act 2004**).

In amending its Road Management Plan, VicRoads has also produced a report summarising the findings and conclusions of the review in accordance with Regulation 302(5) of the Road Management (General) Regulations 2005. A copy of this report is available online on the VicRoads webpage.

Any enquiries about the VicRoads Road Management Plan can be directed to:

Mr Andrew Wall
Director – Network Policy and Standards
