EXEMPTION

Application No. H302/2014

The Victorian Civil and Administrative Tribunal has considered an application pursuant to section 89 of the **Equal Opportunity Act 2010** (the Act) by Castlemaine Steiner School Ltd (the applicant). The application for exemption is to enable the applicant to, from time to time, offer places to female students for its kindergarten and prep year levels as required to maintain gender balance and advertise that matter (the exempt conduct).

Upon reading the material filed in support of this application, including the affidavit of Amanda Colebrook and having had regard to written submissions from interested persons, for the reasons published today, the Tribunal is satisfied that it is appropriate to grant an exemption from sections 38, 44, 105, 107 and 182 of the Act to enable the applicant to engage in the exempt conduct.

The Tribunal hereby grants an exemption from the operation of sections 38, 44, 105, 107 and 182 of the Act to enable the applicant to engage in the exempt conduct.

This exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 27 May 2020.

EXEMPTION

Application No. H5/2015

The Victorian Civil and Administrative Tribunal has considered an application pursuant to section 89 of the **Equal Opportunity Act 2010** (the Act) by Torquay Bowls Club Inc (the applicant). The application for exemption is to

enable the applicant to organise and operate each year two women only and two men only lawn bowls tournaments and advertise those matters (the exempt conduct).

Upon reading the material filed in support of this application, including the affidavit of Kaye Robison and having heard from a representative of the applicant at a directions hearing on 16 February 2015, the Tribunal is satisfied that it is appropriate to grant an exemption from sections 44, 71, 107 and 182 of the Act to enable the applicant to engage in the exempt conduct.

In granting this exemption the Tribunal noted:

- The applicant wishes to continue to conduct two women only and two men only bowls tournaments each year. The applicant has been holding these tournaments for some 40 years and wishes to continue to do so. The tournaments are intended to provide an opportunity for members of the applicant club to play with their own gender. In particular, the applicant hopes that the women only days will increase the participation of women at the applicant club, including participating in mixed pennant bowls competitions. Other than the four tournaments which are the subject of this application, the applicant club provides opportunities for women and men to play in mixed gender pennant competitions.
- While acknowledging that the applicant club is particularly concerned to increase the participation of women in the sport, I am not satisfied on the material before me that one of the exceptions contained in the Act applies to the conduct. On expiry of the interim exemption granted on 16 February 2015, the exempt conduct would amount to prohibited discrimination.
- When making decisions about exemptions, the Tribunal is required to give proper consideration to relevant human rights as set out in the **Charter of Human Rights and Responsibilities Act 2006** (Charter). Arguably, this exemption limits the right to equality and in particular the right to equal and effective protection against discrimination of women or men who wish to participate in the two tournaments restricted to the other gender. I am satisfied that for the purposes of this exemption, the limit imposed by this exemption is reasonable and justified under the Charter.

The Tribunal hereby grants an exemption from the operation of sections 44, 71, 107 and 182 of the Act to enable the applicant to engage in the exempt conduct.

This exemption is to remain in force from 16 June 2015 until 15 June 2020.
