MITCHELL PLANNING SCHEME
WHITTLESEA PLANNING SCHEME
Notice of the Preparation of an Amendment
Amendment GC28

The Growth Areas Authority (now known as the Metropolitan Planning Authority or MPA) has prepared Amendment GC28 to the Mitchell Planning Scheme and the Whittlesea Planning Scheme.

The Amendment applies to approximately 1,785.65 hectares of land in the City of Whittlesea and Shire of Mitchell, including Donnybrook, Woodstock and Beveridge. This relates to:

- land to the east of the North Eastern Railway line;
- land west of Merriang Road;
- land to the south of the proposed outer ring road;
- land immediately to the south of Donnybrook Road (PAO in favour of VicRoads); and
- land at 945 Epping Road, Woodstock (PAO in favour of Melbourne Water).

In the Mitchell Planning Scheme, the Amendment proposes to rezone the land for urban development as described in a new Precinct Structure Plan (PSP) including:

- use of the land for the purposes of residential neighbourhoods and retail facilities; and
- creation of open spaces such as parks and sports reserves, drainage corridors, setting aside a conservation area along Merri Creek, and protecting and offsetting (where appropriate) of native vegetation throughout the precinct.

In the Whittlesea Planning Scheme, the Amendment proposes to rezone the land for urban development as described in a new Precinct Structure Plan (PSP) including:

- use of the land for numerous residential neighbourhoods and local retail centres, land made available for up to six government schools and four non-government schools;
- creation of open spaces for the purposes of parklands, sports reserves, drainage corridors and setting aside conservation areas along Merri and Darebin Creeks and preservation of Hayes Hill as parkland;
- extension of the arterial road network; and
- protection and offsetting (where appropriate) of native vegetation throughout the precinct, conservation of properties with identified heritage value and sensitively integrate urban interfaces to historic and natural assets.

This precinct will ultimately support a residential community of approximately 16,400 dwellings, a projected population of approximately 46,000 and deliver approximately 3,000 local jobs.

The Amendment anticipates the preparation of an Infrastructure Contributions Plan (ICP) by identifying the infrastructure needed to develop the precinct, including arterial roads and transport infrastructure, open space and community facilities.
