SPECIAL

Road Management Act 2004**DIRECTION TO THE ROADS CORPORATION WITH RESPECT TO PARTS OF
THE EAST WERRIBEE EMPLOYMENT PRECINCT ENABLING WORKS**

I, Luke Donnellan, Minister for Roads and Road Safety:

- having determined that the East Werribee Employment Precinct Enabling Works (Enabling Works) is a ‘designated road project’ under section 16 of the **Road Management Act 2004** (‘the Act’); and
- having specified the Roads Corporation (‘VicRoads’) as the road authority to which the ‘designated road project’ is assigned; and
- having designated a project area with respect to the ‘designated road project’; and
- noting that VicRoads may, pursuant to section 119(1)(b) of the Act, perform any road management function under the Act on any road in relation to a project assigned to VicRoads by the Minister; and
- considering that it is in the public interest to do so –
direct VicRoads, pursuant to section 22 of the Act, to perform the functions and exercise the powers of a ‘coordinating road authority’ and a ‘responsible road authority’ with respect to the ‘designated road project’ in the following manner –
- in consultation with Wyndham City Council (‘Council’);
- so far as is practicable, in accordance with any processes and policies that the Council would follow if it was the ‘coordinating road authority’ and ‘responsible road authority’ with respect to the project area.

I further direct that –

- before, or as soon as practicable after, the Enabling Works ceases to be a ‘designated road project’, VicRoads must commission and have carried out a survey of any road within the project area of which the boundaries have or may have been altered in the course of the Enabling Works; and
- as soon as practicable after the Enabling Works ceases to be a ‘designated road project’, VicRoads must:
 - declare as arterial roads, municipal roads or other appropriate road classifications as applicable and as agreed between VicRoads and the Council, or
 - vary or revoke the existing declarations as arterial roads, municipal roads or other road classifications, or
 - discontinue any parts of existing roads of, all roads in the project area to the extent necessary to ensure that all boundaries of the roads as declared align with the boundaries of the roads as they were immediately before the commencement of the Enabling Works or if altered in the course of the Enabling Works, as determined by survey.

I specify that this direction is to apply for the period of time during which the project remains a ‘designated road project’ under section 16 of the Act.

Dated 24 June 2015

HON. LUKE DONNELLAN MP
Minister for Roads and Road Safety
