MANNINGHAM PLANNING SCHEME

Notice of the Preparation of an
Amendment to a Planning Scheme and
Notice of an Application for a Planning Permit
Given Under Section 96C of the

Planning and Environment Act 1987
Amendment C111

Planning Permit Application PL15/025875

The land affected by the Amendment is 383–395 Manningham Road, Doncaster.

The land affected by the application is 383–395 Manningham Road, Doncaster.

The Amendment proposes to:

- rezone the site from a Public Use Zone – Health and Community (PUZ3) to the Residential Growth Zone (RGZ2); and
- apply the Design and Development Overlay (DDO8-1) Main Road Sub-precinct to the site.

The application is for a planning permit to subdivide the land at 383–395 Manningham Road, Doncaster (known as Lot 1 LP 219314W), into two allotments and is owned by Manningham City Council. The Amendment and proposed subdivision affects the front portion of the site, which is currently vacant. The new lot (known as Lot 2) is proposed to have an area of approximately 2440 m².

The applicant for the permit is Manningham City Council.

You may inspect the Amendment, the explanatory report about the Amendment, the application, and any documents that support the Amendment and the application, including the proposed permit, free of charge, at the following locations: during office hours, at the office of the planning authority, Manningham City Council, 699 Doncaster Road, Doncaster; online at www.yoursaymanningham.com.au/Amendment-C111; at the Doncaster, The Pines, Bulleen and Warrandyte libraries; and on the Department of Environment, Land, Water and Planning website, www.delwp.vic.gov.au/public-inspection

Any person who may be affected by the Amendment or by the granting of the permit may make a submission to the planning authority about the Amendment and the application. Submissions must be made in writing giving the submitter's name and contact address, clearly stating the grounds on which the Amendment is supported or opposed and indicating what changes (if any) the submitter wishes to make.

Name and contact details of submitters are required for Council to consider submissions and to notify such persons of the opportunity to attend Council meetings and any public hearing held to consider submissions.

The closing date for submissions is Friday 20 May 2016. A submission must be sent to: the Manager Economic and Environmental Planning, Manningham City Council, PO Box 1, Doncaster, Victoria 3108; or submitted online at www.yoursaymanningham.com.au/Amendment-C111

The planning authority must make a copy of every submission available at its office for any person to inspect, free of charge, until the end of the two months after the Amendment comes into operation or lapses.

INTERIM EXEMPTION
Application No. H232/2015

The Victorian Civil and Administrative Tribunal has considered an application pursuant to section 89 of the **Equal Opportunity Act 2010** (the Act) by Waite Group (the applicant). The application for exemption is to enable the applicant to, through its ‘WomenSearch’ business name, advertise for and recommend as candidates only women for specific roles for the purposes of assisting the applicant’s clients to meet their diversity goals (the exempt conduct).

Upon reading the material filed in support of this application and having heard from the applicant and the Victorian Equal Opportunity and Human Rights Commission at a directions hearing today, the Tribunal is satisfied that it is appropriate to grant an interim exemption from sections 44, 107 and 182 of the Act to enable the applicant to engage in the exempt conduct until the application is finally heard and determined.

In granting this exemption, the Tribunal noted:

- The applicant specialises in senior executive appointments including Board and Director appointments with multinational and local corporations. It is aware that, despite initiatives to increase gender diversity on Australian boards, the percentage of women on ASX 200 boards was only 21% as at 30 September 2015. The applicant has registered the business name ‘WomenSearch’ to assist it to address diversity by advertising for and recommending female candidates to its clients who wish to increase their gender diversity.
- When making decisions about exemptions, the Tribunal is required to give proper consideration to relevant human rights as set out in the **Charter of Human Rights and Responsibilities Act 2006** (Charter). Arguably, this exemption limits the right to equality and in particular the right to equal and effective protection against discrimination of men who wish to be considered for particular roles. I am satisfied that for the purposes of this interim exemption, the limit imposed by this exemption is reasonable and justified under the Charter.

The Tribunal hereby grants an interim exemption from the operation of sections 44, 107 and 182 of the Act to enable the applicant to engage in the exempt conduct.

This exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 31 July 2016.

INTERIM EXEMPTION

Application No. H49/2016

The Victorian Civil and Administrative Tribunal has considered an application pursuant to section 89 of the **Equal Opportunity Act 2010** (the Act) by State of Victoria (Department of Environment, Land, Water and Planning) and the Secretary of the Department of Environment, Land, Water and Planning (the Applicants) for an exemption from sections 16, 18, 21, 105, 107 and 182 of the Act.

Upon reading the material filed in support of this application, including the affidavit of Alan Goodwin, the Tribunal is satisfied that it is appropriate to grant the interim exemption sought until the ongoing application is finally heard and determined.

Pursuant to section 89(5)(a) of the Act, an interim exemption is granted to the Applicant from the operation of sections 16, 18, 21, 105, 107 and 182 of the Act in respect of the 'exempt conduct' for the period 7 April 2016 (the next available date of publication in the Government Gazette) to 6 August 2016.

1. For the purposes of this interim exemption, the 'exempt conduct' in which the Applicants may engage is as follows:
 - (a) request nationality information from current and prospective employees and contractors, and employees and volunteers of other Victorian agencies, who have or are to have access to ITAR-controlled material;
 - (b) take a person's nationality into account in determining who should be offered employment, contract or volunteer work on projects requiring access to ITAR-controlled material and when making decisions as to the participation of employees, contractors or volunteers in such work;
 - (c) maintain records of the nationalities of all persons who have or may have access to ITAR-controlled material;
 - (d) ensure that ITAR-controlled material is disclosed only to persons who are authorised by ITAR controls to receive it;
 - (e) impose limitations or prohibitions on persons of particular nationalities having access to ITAR-controlled material;
 - (f) redeploy employees affected by the exemption to alternative roles not requiring access to ITAR-controlled material;
 - (g) disclose to USA-based exporters and to the USA government the nationalities of all employees and contractors who will have access to ITAR-controlled material in the performance of their work; and
 - (h) establish security systems which will prevent the unauthorised re-export or re-transfer of ITAR-controlled material.

'ITAR-controlled material' means the Fire and Safety Equipment owned and operated by the Applicants that contains defence articles including technical data that are deemed 'unclassified' under the International Traffic in Arms Regulation 22 CFR § 120 (2003) (USA) (ITAR) and which are subject to US export controls.

'Fire and Safety Equipment' means:

- (a) 2 x multi sensor imaging systems (L3 Wescam MX10);
- (b) 2 x aircraft scanners (Daedalus Thermal Linescan); and
- (c) 3 x night vision goggles.

On 2 March 2016, Phillip Gibbs was disqualified from teaching and his registration as a teacher in Victoria was cancelled.

Environment Protection Act 1970

Act No. 8056/1970

ENVIRONMENT PROTECTION (INDUSTRIAL WASTE RESOURCE) REGULATIONS 2009

Industrial Waste – Classification for Architectural and Decorative Paint

Pursuant to regulation 11(1)(b) of the Environment Protection (Industrial Waste Resource) Regulations 2009, the Environment Protection Authority Victoria (EPA) hereby classifies the industrial waste specified in this classification as non-prescribed industrial waste.

1. Classification number

2016/220

2. Waste to which this classification applies

- 2.1 The classification applies to waste architectural and decorative paint and containers of waste architectural and decorative paint of up to 20 litres from trade sources transported for no fee or reward.
- 2.2 Architectural and decorative waste paint includes the following.
 - 2.2.1 Interior and exterior architectural paint – water and solvent based
 - 2.2.2 Deck coatings and floor paints
 - 2.2.3 Primers, undercoats and sealers
 - 2.2.4 Stains and shellacs
 - 2.2.5 Varnishes and urethanes (single component)
 - 2.2.6 Wood coatings (containing no pesticides)
- 2.3 For this classification **trade source** means any trade business or undertaking whether ordinarily carried on at fixed premises or at varying places which results in the discharge of wastes.

3. Limitations of this classification

- 3.1 This classification only applies to architectural and decorative paint for the purpose of transportation, consolidation and temporary storage at premises that are signatories to the National Paint Product Stewardship Scheme, in accordance with the conditions of this Classification detailed in section 5.
- 3.2 This classification does not apply to the transport of paint from the consolidation premises. Consolidated paint transported from the consolidation premises remains prescribed industrial waste (PIW). It must be transported using EPA approved vehicles and waste transport certificates to an appropriately licenced facility.

4. To whom this classification applies

- 4.1 This classification applies to:
 - 4.1.1 Any person who generates the waste architectural and decorative paint (Waste producer);
 - 4.1.2 Any person who transports waste architectural and decorative paint on behalf of the waste producer or waste receiver (Waste transporter);

- 4.1.3 Any occupier of premises in which waste architectural and decorative paint is temporarily stored (Consolidation premises).

Note: occupier has the same meaning as in the **Environment Protection Act 1970**.

5. Management options

- 5.1 The waste transporter can transfer a total of 10 waste architectural and decorative paint containers up to 20 litres in size to the consolidation premises at a time.
- 5.2 The consolidation premises must be a signatory to the National Paint Product Stewardship Scheme.
- 5.3 The consolidation premises must ensure that:
- 5.3.1 the waste architectural and decorative paint is stored in a manner that enables all leaks or spills to be contained, such as an appropriate stillage or bunded area.
- 5.3.2 the waste architectural and decorative paint is stored undercover.
- 5.4 The consolidation site must have a Spill Management Plan (SMP) to avoid and safely manage spills. The SMP must be made available to EPA upon request.
- 5.5 Consolidated paint must be directed to an appropriately licenced facility for reuse, recycling or recovery of energy consistent with the National Paint Product Stewardship Scheme as soon as reasonably practicable and no longer than 90 days from when the first load was placed in the stillage or consolidation area.
- 5.6 Consolidation premises must keep records of the weight (in kilograms) of waste architectural and decorative paint and associated packaging collected by the licenced waste service provider contracted to the National Waste Paint Stewardship Scheme. This information must be retained for a minimum of two years and must be made available to EPA upon request.
- 5.7 The EPA must be notified immediately of any incident or spill of wastes likely to have offsite impact on 1300 372 842 (1300 EPA VIC).
- 5.8 A copy of this Classification must be kept at every consolidation premises, in hard or electronic format.

6. Notes

This classification may be amended or revoked by the EPA by way of written notice in the Victoria Government Gazette. Current general classifications can also be found on EPA's website at epa.vic.gov.au

Executive Director Fisheries Victoria

FISHERIES (GOLDEN PERCH) NOTICE NO. 5/2016

1. Title

This Notice may be cited as the Fisheries (Golden Perch) Notice No. 5/2016

2. Objectives

The objective of this Notice is to fix a reduced catch limit for Golden Perch in lakes and impoundments.

3. Authorising provision

This Notice is made under section 152 of the Act.

4. Commencement

This Notice comes into operation on 20 April 2016.

5. Catch and possession limit

For the purposes of the Act, the daily catch limit with respect to the taking of Golden Perch from, or the possession of Golden Perch in, on or next to any Victorian waters is 5 fish.

Note: There are offences in sections 68A and 68B of the Act relating to taking or possessing more fish of a species than the catch limit specified in a Fisheries Notice. Various penalties apply.

6. Revocation

Unless sooner revoked, this Notice will be automatically revoked 12 months after the day on which it comes into operation.

Note: Section 152(3) of the Act provides that if a Fisheries Notice is inconsistent with any regulations, management plan, Ministerial direction, licence or permit, the Fisheries Notice prevails to the extent of the inconsistency.

Plant Biosecurity Act 2010

ORDER DECLARING A RESTRICTED AREA IN VICTORIA IN VICTORIA
FOR THE CONTROL OF GIANT PINE SCALE

I, Jaala Pulford, Minister for Agriculture, being of the reasonable suspicion that giant pine scale (*Marchalina hellenica* (Gennadius)) is present in Victoria, make the following Order under section 32(1) of the **Plant Biosecurity Act 2010**, declaring the area described in clause 6 of this Order to be a restricted area:

1. Objective

The objectives of this Order are –

- (a) to declare a restricted area for the control of giant pine scale in Victoria; and
- (b) to specify the prohibitions, restrictions and requirements which are to operate in relation to the restricted area.

2. Authorising provision

This Order is made under section 32(1) of the **Plant Biosecurity Act 2010** ('the Act').

3. Commencement

This Order comes into operation on the day that it is published in the Government Gazette.

4. Revocation

The Order made under section 32 of the Act, and published in the Government Gazette S71 on 31 March 2015, is **revoked**.

5. Definitions

In this Order –

giant pine scale host plant means any plant or plant product, specified in clause 7, excepting plants in tissue culture;

giant pine scale host material means any giant pine scale host plant, agricultural equipment or used package.

6. Declaration of restricted area for the control of giant pine scale

The area described in the Schedule is declared to be a restricted area for the control of giant pine scale.

7. Affected plants and materials

This Order affects the following plants –

Pines	Firs	Spruces
<i>Pinus radiata</i>	<i>Abies cephalonica</i>	<i>Picea engelmanni</i>

8. Prohibitions, restrictions and requirements

- (1) The removal of any giant pine scale host material from the restricted area described in clause 6 and the Schedule is prohibited.
- (2) The pruning or destruction of any giant pine scale host plant in the restricted area is prohibited.
- (3) Subclauses (1) and (2) do not apply to a person who removes any giant pine scale host material from the restricted area, or prunes or destroys any giant pine scale host plant, under and in accordance with a permit issued by an inspector under the Act and complies with any conditions set out in the permit.

9. Inspector may issue directions

An inspector is authorised to issue a direction to any person –

- (a) requiring the person to –
 - (i) take measures including destruction or pruning of any giant pine scale host plant where this is considered necessary to control or prevent the spread of giant pine scale from the restricted area; or
 - (ii) apply, to any giant pine scale host plant, any treatment for the purpose of controlling giant pine scale, including the application of chemicals registered, approved or permitted for the purpose of controlling giant pine scale; or
 - (iii) clean equipment used in the destruction, pruning or mulching of giant pine scale host plants; or
- (b) prohibiting the planting or propagation of any giant pine scale host plants.

10. Expiry

This Order remains in force for a period of 12 months after the day that it is published in the Government Gazette.
