## Proposed Subdivision (Fees) Regulations 2016

In accordance with section 11 of the **Subordinate Legislation Act 1994**, I, Richard Wynne, Minister for Planning, give notice of the preparation of a Regulatory Impact Statement (RIS) in relation to the proposed Planning and Environment (Fees) Regulations 2016 and the proposed Subdivision (Fees) Regulations 2016 (the proposed Regulations).

**Reasons for and objectives of the proposed Regulations**

The reason for the proposed Regulations is to set fees for services provided by local councils and the Minister for Planning under the **Planning and Environment Act 1987** and the **Subdivision Act 1988**.

The objective of the proposed Regulations is to prescribe fees to recover an appropriate amount of the costs of providing planning and subdivision services. The appropriate amount of cost recovery has been guided by the objectives of efficiency, effectiveness, equity and simplicity.

**Summary of the results of the RIS**

The RIS considers alternative options for setting fees including different fee levels and different fee structures. These options were identified through a cost data collection exercise from councils and in consultation with a Stakeholder Reference Group. All options were assessed against the objectives of efficiency, effectiveness, equity and simplicity.

The RIS concludes that the proposed Regulations (based on the preferred option) are the best means of achieving the stated objectives. Importantly, the proposed Regulations support affordability objectives for households and small business.

**Invitation for public comment**

Submissions on the RIS and the proposed Regulations are invited, and must be received no later than 5.00 pm on 24 June 2016. Submissions will be considered before the proposed Regulations are made. All submissions will be treated as public documents subject to the **Freedom of Information Act 1982** and copies will be provided to the Scrutiny of Acts and Regulations Committee of Parliament under the **Subordinate Legislation Act 1994**.

The preferred method of receiving submissions is via an online form on the website set out below.
