² TEU = Twenty-foot Equivalent Unit (6.1 m). Non-standard length containers are calculated on a prorata basis.

³ Bass Strait cargo is defined as cargo that is loaded/unloaded from a port in Tasmania.

⁴ Bass Strait empty containers do not incur a wharfage fee.

⁵ Charges are based on the greater of weight or volume of the cargo.

Motor vehicles excludes:

- (ii) accompanied passenger vehicles.

⁷ Transshipment cargo is defined as cargo that is unloaded from one vessel in the port and reloaded for export on another vessel. Transshipment port fee rates are applicable in respect of cargo which is transhipped from the port within 90 days of being discharged. The appropriate transshipment port fee rate will be separately charged on both the inward and outward movements. Beyond 90 days, normal rates apply for both inward and outward cargo movements. Goods must be transhipped in the same cargo carrying unit for the transshipment port fee rates to apply.

This determination is subject to the approval of the Governor in Council under section 74AB(b) of the **Port Management Act 1995** and will come into effect from 1 October 2017.
