- designating areas where certain activities and uses may be carried out or not carried out, such as busking, 'smoke free areas' and 'alcohol free areas';
- identifying uses and activities that are prohibited in certain circumstances, such as allowing land or buildings to be kept in a way that is unsightly or detrimental to the general character and amenity of the neighbourhood, or that could be a danger or a risk to people or property in the vicinity, behaving on Council land or on a road in a way that could harm or injure another person or which interferes with another person's reasonable enjoyment of that land or which could damage Council and community assets, leaving or parking an unregistered or abandoned vehicle on a road or Council land or leaving or parking certain types of vehicles longer than the period permitted under the Local Law; and

ACCIDENT COMPENSATION ACT 1985

Division 2D of Part IV of the **Accident Compensation Act 1985** provides for the indexation of weekly payments, weekly pensions for dependants and certain other amounts stipulated under the **Accident Compensation Act 1985**.

Section 100 of the **Accident Compensation Act 1985** stipulates that weekly payments are varied on 1 July each year in line with the movement in the average weekly total earnings for all employees in Victoria between the two previous corresponding reference periods, using the latest figures published by the Australian Bureau of Statistics as at 15 June following the previous reference period. Weekly payments are indexed on the anniversary of the entitlement to weekly payments, or on the deemed anniversary date which for the purposes of this section is 1 July.

The average weekly earnings for all employees in Victoria between the December quarter of 2016 and the December quarter 2017 changed from \$1,111.10 to \$1,153.80 which is an increase of 3.84%.

The Consumer Price Index between the December quarter of 2016 and the December quarter of 2017 increased from 109.9 to 112.3 which is an increase of 2.184%.

Workers Compensation Act 1958**NOTICE OF NEW BENEFIT RATES PAYABLE IN ACCORDANCE WITH
SECTION 9 AND SECTION 11**

Section 9(3) of the **Workers Compensation Act 1958** provides for rates of compensation to be adjusted on 1 July in any year in line with movements in the Australian male average weekly earnings between the December quarter of the two preceding years as published by the Australian Statistician at 15 June in each respective year.

Section 9(5) of the **Workers Compensation Act 1958** provides that average weekly earnings means the average weekly total earnings of all male employees in Victoria in original terms published by the Australian Bureau of Statistics as at 15 June in the preceding financial year in respect of the most recent reference period ending on or before 31 December in that preceding financial year.

The Victorian male average weekly earnings for the December quarter of 2016 and 2017 were \$1,326.80 and \$1,350.80 respectively, an increase of 1.8089%.

Where the AWE for all employees in Victoria reduces from one year to the next, section 546 of WIRC provides that the variation is deemed not to have taken effect and no reduction will occur. When there is an increase in the AWE of all employees in Victoria, in the next or subsequent financial year, the amount of the increase will be offset against the previous reduction.

Notice is hereby given that calculations in accordance with the said section produce the following rates of compensation which are payable, on and from 1 July 2005 instead of the amounts specified in section 9 of the said Act, in the clauses under the heading 'The Clauses Referred To'.
