3. The Secretary was appointed as the project proponent for the WGTP under section 15 of the Act on 10 November 2017. The Secretary is the project authority for purposes of Part 7 of the Act – Interface with Utilities.
4. Utility infrastructure owned, operated or controlled by the utility within the WGTP project area or in the vicinity of the WGTP project area may be affected by the works required for the development of the WGTP. The works include:
  - a) The West Gate Freeway component including:
    - i) upgrading and widening works between the M80 Ring Road interchange and Williamstown Road;
    - ii) providing two additional lanes in each direction to increase capacity to six through lanes in each direction (and auxiliary lanes as required);
    - iii) providing access at all existing connections to the West Gate Freeway and link to the tunnels under Yarraville;
    - iv) construction of elevated ramps to provide new connections between the West Gate Freeway and Hyde Street;
    - v) widening works between the M80 Ring Road interchange and Kororoit Creek Road; and
    - vi) localised relocation of high voltage electricity transmission towers within the vicinity of the West Gate Freeway;
  - b) The tunnels component being the construction of two tunnels – one inbound, one outbound – under Yarraville and including:
    - i) for three lanes of traffic in each direction, extending from two separate southern portals (entrances/exits) located along the West Gate Freeway to the west of Williamstown Road and to the west of the Newport Freight Railway Line to a northern portal located east of the intersection of Whitehall Street and Harris Street, to the west of the Maribyrnong River in Footscray;

- ii) the outbound tunnel will be approximately 4.0 kilometres;
    - iii) the inbound tunnel approximately 2.8 kilometres;
    - iv) a tunnel ventilation structure to be located at each exit portal; and
    - v) the realignment of the North Yarra Main Sewer through Yarraville;
  - c) The port, CityLink and city connections component including construction of:
    - i) a bridge crossing of the Maribyrnong River;
    - ii) connections to the Port of Melbourne;
    - iii) an elevated road along Footscray Road;
    - iv) connections to CityLink and the central city, including:
      - (1) connections to both sides of the Port of Melbourne via MacKenzie Road and Appleton Dock Road;
      - (2) inbound and outbound connections provided to CityLink;
      - (3) connections to Footscray Road, Dynon Road and a widened Wurundjeri Way extended through to Dynon Road;
  - d) Over 14 kilometres of new and upgraded walking and cycling paths, including:
    - i) upgrading the Federation Trail;
    - ii) replacing existing pedestrian bridges in the vicinity of Wembley Avenue and Rosala Avenue;
    - iii) a new veloway over Footscray Road; and
    - iv) new pedestrian bridges over Williamstown Road, Stony Creek, Whitehall Street, Moonee Ponds Creek, Footscray Road, the new Footscray Road connection to the east of CityLink, and new pedestrian bridge adjacent to Dynon Road bridge.
5. Pursuant to sections 211 and 212 of the Act, the utility has 30 business days after receipt of this notice to notify the Secretary, in writing:
- a) as to whether the utility owns, operates or controls utility infrastructure within the WGTP project area or in the vicinity of the WGTP project area;
  - b) if the utility does so:
    - i) the nature and location of the utility infrastructure; and
    - ii) whether or not the utility is of the view that the utility infrastructure will be affected by the proposed works for the development of the approved project and how the utility infrastructure will be affected.
6. Notification by the utility in accordance with this notice should be addressed as follows:  
Addressee: The Secretary  
Attention: c/- Chief Executive Officer – Western Distributor Authority  
Email: [WGTPutilities@wda.vic.gov.au](mailto:WGTPutilities@wda.vic.gov.au)
7. If the utility does not comply with this notice within 30 business days of receipt, any utility infrastructure owned, operated or controlled by the utility located within the WGTP project area or in the vicinity of the WGTP project area will be taken to be unnotified utility infrastructure (as defined in section 209 of the Act) for the purposes of Part 7 of the Act.
8. Terms used in this notice and not otherwise defined herein, will have the meaning when used in this notice as defined in the Act.

Signed for and on behalf of the Secretary

**6 Prohibitions, restrictions and conditions**

The following prohibitions, restrictions and conditions are specified in relation to the entry or importation of host material.

- (a) The entry or importation into Victoria of any host material is prohibited.
- (b) Sub-clause (a) does not apply if the electric ant host material –
  - (i) was grown on, sourced from or last used on a property that is located in a State or Territory or part of a State or Territory for which an area freedom certificate, issued by an officer responsible for agriculture in the State or Territory where the host material was grown, sourced or last used, is currently in force certifying that the State or Territory or part of the State or Territory is known to be free of electric ant; or
  - (ii) is accompanied by a plant health certificate, assurance certificate or plant health declaration, certifying or declaring that the material has been tested or treated in a manner described in Schedule 1; or
  - (iii) enters Victoria under and in accordance with a permit issued by an inspector and there is compliance with any conditions or requirements set out in the permit.

**7 Verification of Consignments**

Where requested by an inspector, host material imported into Victoria which is required by clause 6(b)(ii) to be accompanied by a certificate or declaration must be –

- (a) presented to an inspector for inspection; or
- (b) presented for verification by a person accredited to do so by the Department of Economic Development, Jobs, Transport and Resources.

**8 Expiry**

This Order remains in force for a period of 12 months after the day of making.

**Schedule 1**

Host material –

- (1) in the case of plants or plant products must be –
  - (a) grown or sourced from a property which –
    - (i) has been inspected within the last 28 days by an inspector and found free of electric ants; and
    - (ii) has not received plants or plant products from a property known to be, or suspected to be, infested with electric ants, unless treated in accordance with clause (2) of this schedule; or
- (2) in the case of plants or plant products must be –
  - (a) treated by –
    - (i) incorporation of 2 g/kg granular bifenthrin at a rate of at least 10 ppm/m<sup>3</sup> of potting media; or
    - (ii) drenching with a solution containing 30–40 ml of 500 g/L chlorpyrifos per 100 L of water; or
    - (iii) incorporation of 100 g/kg granular chlorpyrifos at the rate of 1 kg/m<sup>3</sup> of potting media; or
  - (b) for householders only, drenched in a solution containing 16 ml of 12.5 g/L cyfluthrin per 10 L of water; or
  - (c) for containerised plants and flower or vegetable propagules only, be grown –
    - (i) in a fully enclosed growth house; and
    - (ii) in a sterile medium; and
    - (iii) not directly in contact with soil; or
  - (d) for hay and straw only, be treated by fumigation with methyl bromide at a rate of –
    - (i) 24–32 g/m<sup>3</sup> at greater than 15°C for 24 hours, or
    - (ii) 32–40 g/m<sup>3</sup> at 10–15°C for 24 hours; or
  - (e) for turf only, be –
    - (i) treated by cover spraying, at least 48 hours before lifting, with a solution of containing 500 g/L of chlorpyrifos at the rate of 2 L/ha; and
    - (ii) despatched within 28 days of treatment; and
- (3) in the case of agricultural equipment must be –
  - (a) cleaned free of soil and organic matter by –
    - (i) brushing; or
    - (ii) high pressure water; or
    - (iii) steam; and
  - (b) inspected and found free of electric ants; and.
- (4) in the case of used packages must be –
  - (a) cleaned free of soil and organic matter by –
    - (i) brushing; or
    - (ii) high pressure water; or

**6 Prohibitions, restrictions and conditions**

The following prohibitions, restrictions and conditions are specified in relation to the entry or importation of host material.

- (a) The entry or importation into Victoria of any host material is prohibited.
- (b) Sub-clause (a) does not apply if the host material –
  - (i) was grown on, sourced from or last used on a property that is located in a State or Territory or part of a State or Territory for which an area freedom certificate, issued by an officer responsible for agriculture in the State or Territory where the host material was grown, sourced or last used, is currently in force certifying that the State or Territory or part of the State or Territory is known to be free of TYLCV; or
  - (ii) is accompanied by a plant health certificate, assurance certificate or plant health declaration, certifying or declaring that the material has been tested or treated in a manner described in Schedule 1; or
  - (iii) enters Victoria under and in accordance with a permit issued by an inspector and there is compliance with any conditions or requirements set out in the permit.

**7 Verification of Consignments**

Where requested by an inspector, host material imported into Victoria which is required by clause 6(b)(ii) to be accompanied by a certificate or declaration must be –

- (a) presented to an inspector for inspection; or
- (b) presented for verification by a person accredited to do so by the Department of Economic Development, Jobs, Transport and Resources.

**8 Expiry**

This Order remains in force for a period of 12 months after the day of making.

**Schedule 1**

Host material –

- (1) in the case of plants or plant products must be –
  - (a) grown and packed on property located more than 20 km from a detection of TYLCV; or
  - (b) grown under a pest management program which prevents the introduction of silverleaf whitefly (SLW) and TYLCV.
- (2) A pest management program must include –
  - (a) propagation –
    - (i) in an insect proof production area (eg screenhouse or glasshouse) which is known to be free of SLW by monitoring for the presence of SLW; or

- (ii) using a treatment and weed control program involving the use of chemicals registered for the control of SLW, and the removal of weeds from –
  - inside production areas; and
  - areas surrounding production areas; and
  - monitoring for the presence of SLW and no SLW detected; and
- (b) in the case of material propagated vegetatively (eg cuttings) –
  - (i) plants from which the material was sourced (mother stock) must be –
    - tested at least every 6 months and found to be free of TYLCV; and
    - grown under conditions described in sub-clause (a); and
  - (ii) the cuttings must be grown under conditions described in sub-clause (a) and
- (c) inspection of all plants in the consignment, at the rate of 600 plants per consignment, and found to be free of SLW and symptoms of TYLCV; and
- (d) packing so as to prevent infestation with SLW.

**Notes:**

Section 38 of the Act provides that it is an offence for a person to cause, permit or assist any plant, plant product, plant vector, used equipment, used package, earth material or beehive to enter Victoria in contravention of an importation order under section 36. The maximum penalty of 60 penalty units applies in the case of a natural person, and 300 penalty units in the case of a body corporate.

Terms in this Order that are defined in the Act have that meaning.
