CITY COUNCIL

**Road Management Act 2004**

**NOTICE OF PROPOSED AMENDMENT TO  
ROAD MANAGEMENT PLAN**

In accordance with section 54(6) of the **Road Management Act 2004** (Act), the Maribyrnong City Council as the relevant road authority (Council) gives notice that it intends to amend its road management plan.

The purpose of the amendment is –

- to ensure that the standards in relation to, and the priorities to be given to, the construction, inspection, maintenance and repair of the roads and the classes of roads to which the Council's road management plan applies are safe, efficient and appropriate for the use and needs of the Council's community, and the wider public;
- to improve the systems, processes and procedures previously adopted and used by the Council in connection with its road management functions and the discharge of its duty to inspect, maintain and repair public roads for which the Council is the coordinating road authority or the responsible road authority, based on reasonable policy

and operational decisions and the resources available to, and the priorities of, the Council; and

- to set more relevant and attainable standards and to establish better policies and procedures to enable the Council to discharge its duties and perform its road management functions under the Act, particularly in relation to the levels of service for the inspection and maintenance of roadways and pathways (by way of lowering the present levels of service for roadways and pathways).

The general purport of the amendment is –

- on pages 20 and 21 of the road management plan – Replace Reactive Inspections – Inspection Frequency/Inspection Response Time – from 4 Hours to **One Working Day**;
- on page 21 of the road management plan – Replace Inspection Details – 'Clearance of fallen powerlines or power poles or street lights' to '**Make safe and advise Authority of failed Authority Asset**';
- on page 22 of the road management plan – Asset Type Signs – **Delete** the reference to '**Non-compliance to AS/NZ 1906.1:2007**';
- to require the road management plan to reference a six monthly update of the Roads Register (i.e. prior to programmed inspection);
- to confirm the establishment of lower standards (by providing for less frequent inspection and maintenance standards by way of increasing the periods of time within which defects are to be repaired) in relation to roadways and pathways, and other road infrastructure and road-related infrastructure; and
- to generally improve the manner in which the Council, utilising the road management plan as a policy document, carries out its road management functions.

The proposed amendment will apply to all of the roads, roadways, pathways, road infrastructure and road-related infrastructure within the municipal district of the Council for which Council is the coordinating or responsible road authority under the Act and which are otherwise listed on Council's register of public roads under section 19 of the Act.

A copy of the proposed amendment (and the review report produced in accordance with regulation 9(2) of the Road Management (General) Regulations 2016) may be inspected at or obtained from the Council's municipal offices, corner Hyde and Napier Streets, Footscray 3011, or accessed online by viewing the Council's website and following the links [www.maribyrnong.vic.gov.au/RoadManagementPlan](http://www.maribyrnong.vic.gov.au/RoadManagementPlan)

Any person who is aggrieved by the proposed amendment may make a submission on the proposed amendment to the Council by 5 pm on 27 March 2019.

Submissions must be in writing and addressed to the Chief Executive Officer, Maribyrnong City Council, PO Box 58, Footscray 3011, or delivered to the Council's municipal offices at the address referred to above.
