Workplace Injury Rehabilitation and Compensation Act 2013

NOTICE OF INDEXED BENEFIT LEVELS AND OTHER AMOUNTS IN
ACCORDANCE WITH DIVISION 1 OF PART 13 OF THE

WORKPLACE INJURY REHABILITATION AND COMPENSATION ACT 2013

Division 1 of Part 13 of the **Workplace Injury Rehabilitation and Compensation Act 2013** provides for the indexation of weekly payments, weekly pensions for dependants and certain other amounts stipulated under the **Workplace Injury Rehabilitation and Compensation Act 2013**.

Section 542 of the **Workplace Injury Rehabilitation and Compensation Act 2013** stipulates that weekly payments are varied on 1 July each year in line with the movement in the average weekly total earnings for all employees in Victoria between the two previous corresponding reference periods, using the latest figures published by the Australian Bureau of Statistics as at 15 June following the previous reference period. Weekly payments are indexed on the anniversary of the entitlement to weekly payments.

The average weekly earnings for all employees in Victoria between the December quarter of 2017 and the December quarter 2018 changed from \$1,153.80 to \$1,190.70 which is an increase of 3.2%.

The Consumer Price Index between the December quarter of 2017 and the December quarter of 2018 increased from 112.3 to 114.6 which is an increase of 2.048%.

Recent legislative change has resulted in an increase to the indexed amount under section 224(1)(d) of the **Workplace Injury Rehabilitation and Compensation Act 2013** from \$5,000 to \$20,000. Section 224(1)(d) sets the maximum amount for payment to family members of a severely injured worker who has been immediately hospitalised following the injury for travel and accommodation expenses where the family members residence is more than 100 km from the hospital.

ACCIDENT COMPENSATION ACT 1985

Division 2D of Part IV of the **Accident Compensation Act 1985** provides for the indexation of weekly payments, weekly pensions for dependants and certain other amounts stipulated under the **Accident Compensation Act 1985**.

Section 100 of the **Accident Compensation Act 1985** stipulates that weekly payments are varied on 1 July each year in line with the movement in the average weekly total earnings for all employees in Victoria between the two previous corresponding reference periods, using the latest figures published by the Australian Bureau of Statistics as at 15 June following the previous reference period. Weekly payments are indexed on the anniversary of the entitlement to weekly payments, or on the deemed anniversary date which for the purposes of this section is 1 July.

The average weekly earnings for all employees in Victoria between the December quarter of 2017 and the December quarter of 2018 changed from \$1,153.80 to \$1,190.70 which is an increase of 3.2%.

The Consumer Price Index between the December quarter of 2017 and the December quarter 2018 increased from 112.3 to 114.6 which is an increase of 2.048%.

Workers Compensation Act 1958**NOTICE OF NEW BENEFIT RATES PAYABLE IN ACCORDANCE WITH SECTION 9 AND SECTION 11**

Section 9(3) of the **Workers Compensation Act 1958** provides for rates of compensation to be adjusted on 1 July in any year in line with movements in the Australian male average weekly earnings between the December quarter of the two preceding years as published by the Australian Statistician at 15 June in each respective year.

Section 9(5) of the **Workers Compensation Act 1958** provides that average weekly earnings means the average weekly total earnings of all male employees in Victoria in original terms published by the Australian Bureau of Statistics as at 15 June in the preceding financial year in respect of the most recent reference period ending on or before 31 December in that preceding financial year.

The Victorian male average weekly earnings for the December quarter of 2017 and the December quarter of 2018 were \$1,350.80 and \$1,401.70 respectively, an increase of 3.77%.

Where the AWE for all employees in Victoria reduces from one year to the next, section 546 of WIRC provides that the variation is deemed not to have taken effect and no reduction will occur. When there is an increase in the AWE of all employees in Victoria, in the next or subsequent financial year, the amount of the increase will be offset against the previous reduction.

Notice is hereby given that calculations in accordance with the said section produce the following rates of compensation which are payable, on and from 1 July 2005 instead of the amounts specified in section 9 of the said Act, in the clauses under the heading 'The Clauses Referred To'.
