## Road Management Act 2004

### VARIATION OF SECTION 110 THRESHOLD AMOUNT FOR 2019–20

I, Jaala Pulford, Minister for Roads and Minister administering the **Road Management Act 2004**, publish this notice in accordance with section 111(5) of that Act.

#### Background

Section 110 of the **Road Management Act 2004** ('the Act') provides that a road authority is not liable for property damages (as defined in that section) where the value of the damage is equal to or less than the 'threshold amount'. It further provides that the amount which may be recovered against a road authority in a claim for property damages which exceeds the threshold amount is to be reduced by the threshold amount.

'Threshold amount' is defined by section 110(1) as the amount of \$1,000 as varied under section 111. Section 111(1) of the Act provides a formula for the variation of the original \$1,000 threshold amount in respect of the 2005–06 financial year and each subsequent financial year:

$$A \times \frac{B}{C}$$

where –

- 'A' is the amount of \$1,000 as varied under section 111.
- 'B' is the all groups consumer price index for Melbourne in original terms for the most recent reference period in the preceding calendar year most recently published by the Australian Bureau of Statistics.
- 'C' is the all groups consumer price index in original terms for Melbourne for the corresponding reference period one year earlier than the reference period referred to in B most recently published by the Australian Bureau of Statistics.

#### Calculation of varied threshold amount for 2019–20

For the purposes of the calculation of the threshold amount in respect of the 2019–20 financial year, the values of A, B and C are as follows:

A = \$1,430 being the amount referred to in section 110 as varied under section 111 – see definition of 'threshold amount' in section 110(1) and the notice specifying the threshold amount in respect of the 2018–19 financial year published in the Victoria Government Gazette S 316, 29 June 2018;

B = 114.7 being the all groups consumer price index for Melbourne in original terms most recently published by the Australian Bureau of Statistics in respect of the December quarter of the 2018–19 financial year which is the most recent reference period in the 2018 calendar year;

C = 112.3 being the all groups consumer price index for Melbourne in original terms most recently published by the Australian Bureau of Statistics in respect of the December quarter of the 2017–18 financial year which is the most recent reference period in the 2017 calendar year.

The calculation of the threshold amount in respect of the 2019–20 financial year is therefore as follows:

$$\$1,430 \times \frac{114.7}{112.3} = \$1,460.56$$

This figure is rounded to \$1,460 in accordance with section 111(2)(b) of the Act.

**SPECIAL**

**Specification of varied threshold amount for 2019–2020**

In accordance with section 111(5) of the **Road Management Act 2004**, I specify \$1,460 to be the threshold amount for the purposes of section 110 (as varied in accordance with section 111) of that Act, in respect of the financial year beginning on 1 July 2019.

Dated 27 June 2019

JAALA PULFORD MP  
Minister for Roads

Note: The threshold amount specified in this notice applies to property damages claims (as defined in section 110) which arise out of incidents that occur during the 2019–20 financial year. Claims which arise out of incidents in earlier years are subject to the threshold amount which applied in that year.

The following table sets out, for reference purposes, threshold amounts in respect of claims arising during financial years since 1 July 2004.
