It excludes revenue which relates to bulk water and bulk sewerage services provided by one water authority to another water authority, metropolitan drainage and waterway services, developer contributions, gifted assets, recycled water services, grants received from third parties, revenue collected on behalf of a government agency or government owned business, and any revenue derived from assets held for a purpose or services provided which are not in any way associated with the specified services. The fourth round of environmental contribution paid in terms of the Environmental Contribution Order 2016 to 2020 made by the Minister under section 193(2) of the Act by notice published in Government Gazette No. G25 on 23 June 2016 is deducted from the revenue figures to avoid double counting;

- v. where Melbourne Water Corporation provides diversion services, the percentage that is to be applied to revenue which relates to those services is two percent;
- d. for each financial year to which this Order relates, the total amount to be raised under section 193(1) of the Act is expected to be:
