Workers Compensation Act 1958**NOTICE OF NEW BENEFIT RATES PAYABLE IN ACCORDANCE WITH
SECTION 9 AND SECTION 11**

Section 9(3) of the **Workers Compensation Act 1958** provides for rates of compensation to be adjusted on 1 July in any year in line with movements in the Australian male average weekly earnings between the December quarter of the two preceding years as published by the Australian Statistician at 15 June in each respective year.

Section 9(5) of the **Workers Compensation Act 1958** provides that average weekly earnings means the average weekly total earnings of all male employees in Victoria in original terms published by the Australian Bureau of Statistics as at 15 June in the preceding financial year in respect of the most recent reference period ending on or before 31 December in that preceding financial year.

The Victorian male average weekly earnings for the December quarter of 2018 and 2019 were \$1,401.70 and \$1,445.10 respectively, an increase of 3.096%.

Where the AWE for all employees in Victoria reduces from one year to the next, section 546 of WIRC provides that the variation is deemed not to have taken effect and no reduction will occur. When there is an increase in the AWE of all employees in Victoria, in the next or subsequent financial year, the amount of the increase will be offset against the previous reduction.

Notice is hereby given that calculations in accordance with the said section produce the following rates of compensation which are payable, on and from 1 July 2005 instead of the amounts specified in Section 9 of the said Act, in the clauses under the heading 'The Clauses Referred To'.
