Road Management Act 2004

SECTION 110 THRESHOLD AMOUNT FOR 2020–21

I, Ben Carroll, Minister for Roads and Road Safety and Minister administering the **Road Management Act 2004**, publish this notice.

Background

Section 110 of the **Road Management Act 2004** ('the Act') provides that a road authority is not liable for property damages (as defined in that section) where the value of the damage is equal to or less than the 'threshold amount'. It further provides that the amount which may be recovered against a road authority in a claim for property damages which exceeds the threshold amount is to be reduced by the threshold amount.

'Threshold amount' is defined by section 110(1) as the amount of \$1,000 as varied under section 111. Section 111 of the Act provides a formula for the variation of the threshold amount to take account of inflation.

Section 111(1AA) of the Act provides that this variation of the threshold amount only occurs with respect to a financial year if the Minister determines that it should occur.

I hereby give notice that I have decided not to provide for a variation of the threshold amount for the 2020–21 financial year. Therefore, the threshold amount will remain at the level previously specified for the 2019–20 financial year.

Threshold amount for 2020–21

The threshold amount for the purposes of section 110 (as varied in accordance with section 111) of that Act, in respect of the financial year beginning on 1 July 2020 will remain at \$1,460.

Dated 29 June 2020

HON. BEN CARROLL MP
Minister for Roads and Road Safety

Note: The threshold amount specified in this notice applies to property damages claims (as defined in section 110) which arise out of incidents that occur during the 2020–21 financial year. Claims which arise out of incidents in earlier years are subject to the threshold amount which applied in that year.

The following table sets out, for reference purposes, threshold amounts in respect of claims arising during financial years since 1 July 2004.
