Flora and Fauna Guarantee Act 1988

FINAL RECOMMENDATION OF THE SCIENTIFIC ADVISORY COMMITTEE

Notice of Decision

Taxon supported for listing

In accordance with section 16F of the **Flora and Fauna Guarantee Act 1988** (the Act), the Scientific Advisory Committee (the Committee) has made a final recommendation to the Minister to support the nomination of the following taxon for specification in the Threatened List.

Item number	Taxon	Criteria satisfied
887	Little Eagle <i>Hieraaetus morphnoides</i>	5.1.1

The criteria for eligibility for listing are prescribed in section 13 of the Act and in the Flora and Fauna Guarantee Regulations 2020. The taxon, Little Eagle *Hieraaetus morphnoides*, is eligible for addition to the Threatened List as it satisfies one of the criteria for listing.

The Little Eagle final recommendation report of the Committee published on the internet site of the Department of Environment, Land, Water and Planning on 12 November 2020 has been amended and a report published on 3 December 2020 replaces the first report. The amendments made were to the reasons for the recommendation only and the final recommendation, that the Little Eagle should be specified in the Threatened List under the **Flora and Fauna Guarantee Act 1988**, has not changed.

Copies of the report can be obtained at <https://www.environment.vic.gov.au/conserving-threatened-species/threatened-list> or via the DELWP Customer Service Centre on 136 186.
