### ROAD MANAGEMENT PLAN REVIEW 2021

In accordance with section 54 of the **Road Management Act 2004** and the Road Management (General) Regulations 2016, Brimbank City Council has prepared a Draft Road Management Plan for public comment.

The purpose of the Draft Road Management Plan is to establish procedures and systems for the management of public roads. Council is a road authority under the Act. As such, it is responsible for carrying out the management functions on local roads i.e. all roads within the municipal area of the City of Brimbank, other than main roads such as VicRoads arterials and freeways.

Under the Act, a road authority shall carry out its road management functions based on policy and operational objectives. The Act requires Council to set appropriate standards for the discharge of its road management duties based on available resources. It also requires Council to monitor its performance in delivering the functions.

The draft plan sets out the policies, objectives and relevant standards in relation to the discharge of the City of Brimbank's road management duties. The draft plan also includes details of the management system that Council intends to implement to inspect, maintain and repair public roads and ancillary areas for which it is the coordinating road authority or the responsible road authority.

The Draft Road Management Plan also specifies priorities adopted by Council after due consideration of available resources. It also includes any matters that a relevant Code of Practice specifies should be included in a road management plan.

A copy of Council's Draft Road Management Plan can be viewed on Council's website at [www.brimbank.vic.gov.au](http://www.brimbank.vic.gov.au) or may be inspected at the Brimbank Community and Civic Centre at 301 Hampshire Road, Sunshine.

Any person(s) who wishes to make a submission on the draft Road Management Plan may do so in writing, addressed to: Draft Road Management Plan, Manager of Asset Services, Brimbank City Council, PO Box 70, Sunshine 3020, or by email to [info@brimbank.vic.gov.au](mailto:info@brimbank.vic.gov.au) no later than 20 April 2021.

Any enquiries about the proposed review can be directed to Dominic Di Martino on (03) 9249 4480 or by email at [info@brimbank.vic.gov.au](mailto:info@brimbank.vic.gov.au)

(Section 12)

## NOTICE OF DECISION

## Education and Training Reform Amendment Regulations 2021

I, James Merlino, Minister for Education, Minister responsible for administering the **Education and Training Reform Amendment (Regulation of Student Accommodation) Act 2020** (the Amendment Act), give notice under section 12 of the **Subordinate Legislation Act 1994** of my decision to make the proposed Education and Training Reform Amendment Regulations 2021 (the proposed Regulations).

The Royal Commission into Institutional Responses to Child Sexual Abuse (the Royal Commission) described the heightened risk of students in boarding facilities. It also outlined the inadequacy of existing procedures to address the problem of abuse in institutional settings, and the severe, long-term consequences of abuse on children, young people, their families and wider communities.

In response to the Royal Commission's recommendations, the Amendment Act amended the **Education and Training Act 2006** to enable the Victorian Government to acquit recommendation 13.3 of the Royal Commission and expand the powers of the Victorian Registration and Qualification Authority (VRQA).

Under the Amendment Act, the new regulatory scheme for school boarding premises:

- requires school boarding premises to be registered with the VRQA
- enables regulations to be made which prescribe minimum standards and other requirements for registration of a school boarding premises
- sets out the processes for reviewing compliance with the minimum standards, including with the Victorian Child Safe Standards in accordance with a Ministerial Order for managing the risk of child abuse
- provides the VRQA with the necessary compliance and enforcement powers to ensure school boarding premises satisfy the prescribed minimum standards.

The proposed Regulations align the requirements and review processes for school boarding premises, where appropriate and practicable, with the existing requirements and review processes that schools already comply with for the purposes of school registration. This alignment seeks to strengthen the regulatory environment of the boarding school sector, while minimising additional regulatory burden on schools with boarding premises.

Providers of school boarding services (providers) must comply with, and be able to demonstrate compliance, with the following prescribed minimum standards for registration in the proposed Regulations:

- Compliance with the **Worker Screening Act 2020**
- Acceptance policy
- Register of students
- Record of location of students
- Care, safety and welfare of students
- Building, facilities and grounds
- Governance
- Philosophy of provider
- Information on performance of school boarding premises to be available
- Provider of school boarding services must comply with Act and Regulations
- Provider of school boarding services must comply with conditions of registration
- Providers of school boarding services must have policies, procedures and suitable arrangements in place
- School boarding services must be provided in accordance with scope of registration.

The proposed Regulations also amend the existing not-for-profit standard for schools to permit the proprietor of a registered school to use school money (other than government funding) and property to conduct a school boarding premises if the school boarding services at the premises are not provided for the purposes of profit or gain.

The VRQA will develop guidelines and other support materials in consultation with the sector.

The Amendment Act and proposed Regulations will commence by 28 June 2021.

A Regulatory Impact Statement (RIS) was prepared in relation to the proposed Regulations. A copy of the RIS and a draft of the proposed Regulations was published on the Engage Victoria platform at <https://engage.vic.gov.au> on 11 December 2020 and notice of the RIS was published in the Government Gazette and The Age newspaper on 14 December 2020 inviting public comment. The consultation period ended on 5 February 2021.

During the consultation period the Department of Education and Training held two online information sessions.

In response to the RIS and proposed Regulations, ten submissions were received via the Engage Victoria platform from stakeholders, representing providers, sector peak bodies and individual heads of boarding. All responses were carefully considered.

The consultation indicated broad support for the objectives of introducing formal regulation of child safety in school boarding premises and the elevation of expectations for the safety of children in school boarding premises.

The key themes from the consultation were:

- the importance of minimising regulatory burden, in particular achieving alignment between current school and Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS) review requirements
- the continued value of the existing AS5725:2015 Boarding Standard for Australian Schools and Residences as a holistic best-practice framework.

After careful consideration of the submissions and feedback received, I have decided that the proposed Regulations should be made without amendment.

The Statement of Reasons for my decision to make the proposed Regulations is located at <https://engage.vic.gov.au/education-and-training-reform-amendment-regulations-2020>
