*Note 1: people who are in an intimate personal relationship or who are a **nominee person** and a **nominated person** may stay overnight at each other's premises provided they otherwise comply with these directions.*

Note 2: travelling to an area outside Metropolitan Melbourne for exercise is prohibited by these directions.

- (4) A person must not travel in a **vehicle** with another person with whom they do not ordinarily reside unless it is not otherwise reasonably practicable for either person to leave their premises for a purpose permitted under these directions.

Example: a person who does not hold a driver's licence may travel in a vehicle with another person with whom they do not ordinarily reside for the purposes of attending a medical appointment (including a vaccination) or doing their grocery shopping if it is not reasonably practicable for them to get there another way.

- (5) A person who leaves their premises under either clause 6 (**necessary goods or services**) or clause 9 (**exercise**) must not:

*Note: a person may leave their premises once per day under clause 6 (**necessary goods or services**) and separately once per day under clause 9 (**exercise**), but should seek to minimise separate trips as much as possible.*

- (a) travel further than 10km from:
 - (i) their premises; or
 - (ii) in the case of clause 9 (**exercise**), their work premises if they are an **authorised worker** or work for an **authorised provider**, provided that they only exercise outdoors and do not enter any facility open under the **Restricted Activity Directions (Metropolitan Melbourne)**; or

 - (c) do so for a period longer than 2 hours in the case of exercise.
- (6) Where a person leaves their premises under clause 6 (**necessary goods or services**):
- (a) subclause (5)(b) does not apply if the person leaves the premises to obtain goods or services provided by a:
 - (i) financial institution under clause 6(1)(c)(i); or
 - (ii) government body or government agency under clause 6(1)(c)(ii); and

- (b) subclause (5) does not apply if:
- (i) the person leaves the premises to obtain goods or services for health or medical purposes (including vaccinations) under clause 6(1)(b); or
 - (ii) as a consequence of the requirements in that subclause, it is not reasonably practicable for the person to obtain necessary goods or services.
- Note 1: if the closest necessary goods or services are more than 10km from a person's ordinary place of residence, then it would not be reasonably practicable for that person to obtain goods and services within the travel limits imposed by subclause (5).*
- Note 2: where subparagraph (b) applies, the person must not travel any further than is reasonably necessary to obtain necessary goods or services.*
- (7) Only one person from a given residence per day may leave the premises under clause 6 (**necessary goods or services**), except where:

 - (b) the person is using it with another person with whom they ordinarily reside in accordance with these directions,

and it is not otherwise reasonably practicable for the person to undertake exercise without using a vehicle.

Note: if a person needs to access an area within 10km of their premises for exercise, but can only do so due to mobility (such as a parent with a young child or a person with disability) or safety reasons (such as needing to exercise in an area with greater passive surveillance) by using a vehicle with another person with whom they do not live, then it would not be reasonably practicable for that person to undertake exercise without sharing a vehicle to do so.

(**PHW Act**):

1 Preamble

- (2) The purpose of these directions is to limit the number of Victorians attending Work Premises to assist in reducing the frequency and scale of **outbreaks** of SARS-CoV-2 in Victorian workplaces and to establish more specific obligations on **employers** and **workers** in relation to managing the risk associated with SARS-CoV-2.
- (3) These directions must be read together with the **Directions currently in force**.
- (4) These directions are intended to supplement any obligation an employer may have under the **OHS Act** and are not intended to derogate from any such obligations.
- (5) These directions replace the **Workplace Directions (No. 30)**.

2 Citation

These directions may be referred to as the **Workplace Directions (No. 31)**.

3 Revocation

The **Workplace Directions (No. 30)** are revoked at 11:59:00 pm on 3 June 2021.

 - (ii) where 40 or more workers ordinarily work at the Work Premises at any one time, no more than 50 per cent of the workers (excluding workers working at the Work Premises in accordance with subclause (2)(b)(i)) work at the Work Premises at any one time; and

*Note: the **Stay Safe Directions (Regional Victoria)** permit a person who ordinarily resides in Regional Victoria to leave the premises at which they ordinarily reside to attend work in Regional Victoria if it is not reasonably practicable for the person to work from the premises at which they ordinarily reside. The **Stay at Home Directions (Metropolitan Melbourne)** permit a person who ordinarily resides in Metropolitan Melbourne to leave the premises at which they ordinarily reside to attend work in Regional Victoria if they are an authorised worker or work for an authorised provider and it is not reasonably practicable for the person to work from the premises at which they ordinarily reside. In relation to office-based Work Premises, the **Stay Safe Directions (Regional Victoria)** also permit a person who ordinarily resides in Regional Victoria to leave the premises at which they ordinarily reside to attend work in Regional Victoria if the person who has employed or engaged the person to work has advised that it is permissible for them to do so in accordance with the Directions currently in force.*

- (c) must comply with the **Stay Safe Directions (Regional Victoria)**, the **Workplace (Additional Industry Obligations) Directions** and all other Directions currently in force where they apply to that employer.

6 Preventative measures at Work Premises to reduce the risk of SARS-CoV-2

Face coverings requirement

- (1) An employer must take reasonable steps to ensure a worker, when working at a Work Premises:
- (a) carries a **face covering** at all times, except where the exception in subclause 5(16)(e) of the **Stay at Home Directions (Metropolitan Melbourne)** or subclause 5(12)(e) of the **Stay Safe Directions (Regional Victoria)** applies to the worker; and
 - (b) wears a face covering where required to do so in accordance with any other Directions currently in force, except where an exception in subclause 5(16) of the **Stay at Home Directions (Metropolitan Melbourne)** or subclause 5(12) of the **Stay Safe Directions (Regional Victoria)** applies to the worker.

*Note 1: face shields on their own do not meet the face covering requirements. Please refer to the **Department's** guidelines for further information.*

Note 2: a worker is required to wear a face covering at all other times when the exceptions above do not apply, if required to do so in accordance with any other Directions currently in force.

COVIDSafe Plan

- (2) Subject to subclause (4), an employer must, for each Work Premises:
- (a) have in place a **COVIDSafe Plan**, which addresses the health and safety issues arising from SARS-CoV-2, including but not limited to:
- Note: employers can use the template plan accessible from the following website for guidance: www.coronavirus.vic.gov.au/covidsafe-plan, as amended or replaced from time to time by the Victorian Government.*
- (i) the employer's process for implementing the record-keeping obligation under subclause (6);
- (ii) the appropriate level of **PPE** to be worn at the Work Premises;
- (iii) actions taken by the employer to mitigate the introduction of SARS-CoV-2 at the Work Premises;
- Examples: temperature testing, provision and training for PPE use, regular cleaning, specific **cleaning requirements** following an outbreak, physical distancing requirements (e.g. closing or reconfiguring **common areas** such as lunchrooms to support workers remaining 1.5 metres apart at all times).*
- (iv) the processes which the employer has put in place to respond to any **suspected case** or any **confirmed case** of SARS-CoV-2 at the Work Premises, taking into account the employer's obligations under these directions;
- (v) an acknowledgement that the employer understands its responsibilities and obligations under these directions; and
- (b) document and evidence, and require its managers to document and evidence, implementation of the COVIDSafe Plan.
- (3) The employer and the employer's workers must comply with the COVIDSafe Plan.
- (4) An employer is not required to comply with subclause (2):
- (a) for any Work Premises that have no workers working at that Work Premises; or
- (b) in relation to:
- (i) each individual **vehicle** that makes up a fleet of two or more vehicles; and
- Note 1: despite subclause (4)(b), an employer must have a COVIDSafe Plan in relation to a fleet of two or more vehicles.*
- Note 2: where an employer owns, operates or controls only one vehicle, then it must have a COVIDSafe Plan for that vehicle.*
- Example: where an employer owns, operates or controls only one vehicle used to provide **commercial passenger vehicle services** or a vehicle used to provide **passenger services**, then it must have a COVIDSafe Plan for that vehicle.*
- (ii) vehicles used predominantly by an **employee** to travel between the Work Premises and the employee's ordinary place of residence.
- Note: each vehicle used predominantly as a Work Premises (e.g. food trucks, dental vans) requires a COVIDSafe Plan.*
- (5) An employer must:
- (a) comply with any direction given by an **Authorised Officer** or **WorkSafe inspector** to modify a COVIDSafe Plan, including:
- (i) following an outbreak of confirmed cases of SARS-CoV-2 at a Work Premises; or
- (ii) if the Authorised Officer considers that the COVIDSafe Plan is not fit for purpose; and
- (b) implement any modifications required in accordance with subclause (5)(a).

Record-keeping obligations (records requirement)

- (6) Subject to subclause (8), an employer must keep a record of all workers and all visitors who attend the Work Premises, which includes:
- (a) the person's first name; and
 - (b) the person's surname; and
 - (c) a contact phone number; and
 - (d) the date and time at which the person attended the Work Premises; and
 - (e) the areas of the Work Premises which the person attended.

Note 1: the records requirement applies in respect of all persons that attend the facility or venue, which may include staff, customers, and maintenance and delivery workers.

Note 2: where a venue is not staffed, an employer will have complied with the records requirement if they display instructions in a prominent location that clearly explain how patrons and other visitors to the venue should record their details.

Note 3: where a person does not have a phone number, an employer may comply with the record-keeping requirement by registering that person's contact details using a phone number for the contact most likely to be able to locate the person, such as a known relative, carer, or the phone number of the employer itself.

Note 4: employers will not be subject to a penalty for failing to comply with the records requirement with respect to any person who attends the Work Premises for less than 15 minutes.

Note 5: employers who operate Work Premises that are a market, market stall, retail facility or retail shopping centre will not be subject to a penalty for failing to comply with the records requirement with respect to customers who attend the Work Premises where it is not practicable for the employer to comply with the records requirement.

- (7) An employer may comply with the record-keeping requirements in subclause (6) in relation to a worker or visitor where the worker or visitor records their visit to the Work Premises using a digital system provided by the **Service Victoria CEO** and other parts of the Victorian Government for that purpose.

*Note: some employers are required by the **Restricted Activity Directions (Metropolitan Melbourne)** or the **Restricted Activity Directions (Regional Victoria)** to comply with the record-keeping requirements in subclause (6) using a digital system provided by the Service Victoria CEO and other parts of the Victorian Government for that purpose. Employers should refer to those Directions to determine their obligations in this regard.*

- (8) An employer is not required to comply with the records requirement in subclause (6):
- (a) subject to subclause (8A), in relation to **members of the public** using a commercial passenger vehicle service; or
 - (b) in relation to essential support groups and health services if confidentiality is typically required.

Example: support groups for alcohol and drugs or family violence typically require confidentiality.

*Note: common property areas of residential apartments are not required to comply with the record-keeping requirements. Facilities in residential apartment complexes that are covered by the **Restricted Activity Directions (Metropolitan Melbourne)** and the **Restricted Activity Directions (Regional Victoria)**, such as gyms, pools or cinemas are still required to comply with the record-keeping requirements and any relevant requirements in the applicable Restricted Activity Directions.*

- (8A) Despite subclause (8)(a), an **owner** of a vehicle used as a commercial passenger vehicle service must make available and clearly visible and accessible in the vehicle, at all times, a digital system provided by the Service Victoria CEO and other parts of the Victorian Government for that purpose for use by drivers and passengers that records:

- (a) the person's first name; and
- (b) the person's surname; and
- (c) a contact phone number; and
- (d) the date and time at which the driver or passenger was in, or used, the commercial passenger vehicle.

- (9) In handling the information outlined in subclause (6) or any information provided by a driver or passenger using the system made available under subclause (8A):
- (a) an employer who uses or an owner who makes available a system other than a digital system provided by the Service Victoria CEO and other parts of the Victorian Government must:
 - (i) not collect personal information unless:
 - (A) the information is necessary to meet the requirements outlined in subclause (6); or
 - (B) the information is provided by a driver or passenger using the system made available under subclause (8A); and
 - (ii) use reasonable endeavours to protect the personal information from use or disclosure, other than in accordance with a request made by an Authorised Officer (or a person assisting an Authorised Officer); and
Note: information should be collected in a way that protects it from being disclosed to other patrons.
Example: where using a paper-based method, a sheet of paper could be placed over previous visitor details on a sheet that records the names.
 - (iii) use reasonable endeavours to notify the person from whom the personal information is being collected that the primary purpose of collection is for SARS-CoV-2 contact tracing, and that their personal information may be collected and stored by the Victorian Government for this purpose; and
 - (iv) destroy the information as soon as reasonably practicable following 28 days after the attendance at the Work Premises, unless a statutory requirement permits or requires the personal information to be retained; and
Note: subclause (9)(a) is intended to apply to employers who use or owners who make available a third-party digital system, or other system (e.g. paper based record keeping), to create a worker or visitor record, whether or not:
 - (a) the employer also uses or the owner also makes available a digital system provided by the Service Victoria CEO and other parts of the Victorian Government to comply with subclauses (6) or (8A); or
 - (b) the third-party digital system, or other system used by the employer or made available by the owner; links to a digital system provided by the Service Victoria CEO and other parts of the Victorian Government.
 - (b) **Service Victoria** and/or another operator of a system provided by the Victorian Government must destroy the information as soon as reasonably practicable following 28 days after the attendance at the Work Premises, unless a statutory requirement permits or requires the personal information to be retained.

Additional records requirement (additional records requirement)

- (10) An employer must keep records to demonstrate compliance with these directions, including (but not limited to):
- (a) all logs created during the time these directions are in place;
 - (b) Work Premises rosters;
 - (c) time and attendance records;
 - (d) payroll data.
- (11) In collecting the information outlined in subclause (10), an employer must:
- (a) use reasonable endeavours to protect the personal information from use or disclosure, other than in accordance with a request made by an Authorised Officer; and

- (b) destroy the information as soon as reasonably practicable, unless another statutory requirement permits or requires the personal information to be retained.

Density quotient (density quotient)

- (12) In any shared spaces and publicly accessible areas at the Work Premises, an employer must comply with the density quotient for each shared space and each publicly accessible area.

Note: in relation to a care facility, shared spaces and publicly accessible spaces include entrance areas, waiting rooms and communal areas where visitors may enter but does not include patient or resident rooms or resident lounges not accessible by visitors.

- (13) The density quotient for the purposes of subclause (12) limits:
 - (a) in relation to a shared space, the number of persons who are permitted in a shared space; or
 - (b) in relation to a publicly accessible space:
 - (i) where that publicly accessible space is occupied by workers on an ad hoc basis, the number of members of the public; or
 - (ii) where that publicly accessible space is occupied by workers on an ongoing basis, the number of persons,

Note: the Restricted Activity Directions (Regional Victoria) and the Restricted Activity Directions (Metropolitan Melbourne) specifies which facilities should calculate the density quotient by reference to the number of persons in the accessible area or alternatively the number of members of the public in the accessible area.

at any one time to the number calculated by dividing the total accessible space (measured in square metres) by 4 in relation to any shared space or publicly accessible space and:

- (c) for an **indoor space**, applies to each single undivided space permitted to operate under these directions; and
- (d) for an **indoor zone**, applies to each indoor zone within an indoor space permitted to operate under these directions; and
- (e) for an **outdoor space**, market or retail shopping centre, applies to the total space permitted to operate under these directions; and
- (f) for a hospital, to non-clinical areas of the hospital where practicable.

Example: if an outdoor space is 8.5 metres long and 4.5 metres wide, its total area is 38.25 square metres. Its density quotient is 9.56, so no more than 9 members of the public would be permitted to be in the outdoor space at the same time.

- (14) The number of people allowed in a shared space or publicly accessible area may be subject to a separate specified density measure or cap under the **Restricted Activity Directions (Metropolitan Melbourne)** and, in those circumstances, the density quotient will not apply.

- (14A) Despite subclauses 6(12) and 6(13), an employer is not required to comply with the density quotient in respect of:

- (a) any shared spaces in **schools**, non-school senior secondary providers, **childcare or early childhood services**, or **higher education services** used by students or children, including classrooms; and
- (b) clinical areas of a hospital; and
- (c) areas of a **court or tribunal** building located in Regional Victoria that are being used for the purpose of a jury trial.

Note 1: in relation to a school, non-school senior secondary provider, education and care service, childcare or early childhood service, or higher education service, spaces for the purpose of student and children use (such as classrooms, hallways and gymnasiums) are not subject to the density quotient. The density

quotient does, however, still apply to office areas including shared spaces that form part of an office area spaces such as lunchrooms, photocopier room, principal's office, back of reception and resource rooms. The density quotient also applies to any publicly accessible areas (including in relation to a school, non-school senior secondary providers, or childcare or early childhood service, or higher education service), and any such publicly accessible areas that are subject to the **signage requirements** under subclause (15).

Note 2: in relation to a school, non-school senior secondary provider, childcare or early childhood service, or higher education service using facilities other than the school, childcare or higher education service **premises**, the density quotient of the relevant facility and the relevant requirements of the facility's COVIDSafe Plan will apply to the school, non-school senior secondary provider, childcare or early childhood service, or higher education service when using that facility. As an alternative to using the facility's COVIDSafe Plan, the school, non-school senior secondary provider, childcare or early childhood service, or higher education service may apply their own COVIDSafe Plan to the use of the facility, so long as it has been adjusted so that it is fit for purpose taking into account the unique features of the relevant facility.

Note 3: in relation to a hospital, clinical areas including emergency department waiting rooms and hospital wards are areas of a hospital that the density quotient does not apply to, however, other non-clinical areas of the hospital are subject to the density quotient where practicable.

Note 4: in relation to areas of a court or tribunal building that are being used for the purpose of a jury trial, the exclusion is intended to apply to those areas that are being used for the purposes of conducting the jury trial and does not apply to shared spaces such as a foyer.

Signage requirements (signage requirement)

- (15) Where a Work Premises has a publicly accessible space to which the density quotient applies, an employer must display a sign at each public entry to each such space that includes a statement specifying the maximum number of members of the public that may be present in the space at a single time, being the number permitted by the density quotient, rounded down to the nearest whole number.

Example: if an area is 8.5 metres long and 4.5 metres wide, its total space is 38.25 square metres. Its density quotient is 9.56. The sign should state that the maximum number of members of the public that may be present in the space at a single time is 9.

- (16) A person who owns, operates or controls a market stall, market or retail shopping centre must:
- (a) limit the number of members of the public permitted by the density quotient as it applies respectively to the market stall, market or the retail shopping centre; and
 - (b) use reasonable endeavours to implement relevant recommendations by the Victorian Government to manage public health risks arising out of the operation of the facility.
- (17) Where any other Directions currently in force require a face covering to be worn in a Work Premises or part of a Work Premises:

- (a) an employer in relation to that Work Premises; or
- (b) a person who owns, operates or controls that Work Premises,

must display a sign at each public entry advising that each person entering the Work Premises must wear a face covering, unless an exemption under a Direction currently in force applies.

Cleaning requirements (cleaning requirement)

- (18) An employer must take all reasonable steps to ensure that shared spaces at which work is performed and areas accessible to members of the public at any Work Premises are **cleaned** on a regular basis, including:
- (a) frequently touched surfaces, including toilets and handrails, are cleaned at least twice on any given day;
 - (b) surfaces are cleaned when visibly soiled;
 - (c) if a function is to occur, a reasonable period of time has elapsed since the conclusion of any earlier function to allow for cleaning in between the functions;

- (d) surfaces accessible to a particular group are cleaned between groups;
Example: cleaning surfaces between shifts of workers.
- (e) surfaces are cleaned immediately after a spill on the surface.
- (19) To ensure a surface is cleaned for the purposes of these directions, a person must wipe the surface with a disinfectant:
 - (a) the label of which states a claim by the manufacturer that the disinfectant has anti-viral properties; or
 - (b) made by a person according to instructions issued by the Department.
- (20) A person who owns, operates or controls a market stall, market or retail shopping centre must comply with the cleaning requirement respectively for the market stall, market or the common areas of the retail shopping centre.

7 Responding to a suspected case of SARS-CoV-2 in a Work Premises

- (1) An employer must not require a worker to perform work at a Work Premises if the worker is displaying one or more **SARS-CoV-2 Symptoms**.
- (2) As soon as practicable after becoming aware of a suspected case in a worker who has attended a Work Premises in the period commencing 48 hours prior to the onset of symptoms, an employer must:
 - (a) advise the worker to **self-isolate** immediately and support the worker in doing so, by either:
 - (i) directing the worker to travel home immediately (and providing support to the worker to do so); or
 - (ii) where the worker is unable to travel home immediately, directing the worker to isolate themselves at the Work Premises and, whilst doing so, to wear a face covering and remain at least 1.5 metres from any other person at the Work Premises, until the worker can return home later that day to self-isolate; and
Note: the worker should isolate in a separate room from other persons, where possible.
 - (b) advise the worker to be tested for SARS-CoV-2 as soon as practicable, and to self-isolate whilst awaiting the result of that test; and
 - (c) take all reasonably practicable steps to manage the risk posed by the suspected case, including but not limited to:
 - (i) cleaning areas of the Work Premises used by the suspected case (including their personal workspace and any areas in the Work Premises frequently used by the suspected case);
 - (ii) cleaning high-touch surfaces at the Work Premises likely to have been frequented by the suspected case; and
Examples: lift buttons, door handles, washroom facilities, kitchen facilities, water coolers. For further information, see the guidance www.dhhs.vic.gov.au/coronavirus-cleaning-guidelines-for-workplaces-doc as amended or replaced from time to time by the Victorian Government.
 - (d) ensure appropriate records are maintained in accordance with clause 6(6) in order to support contact tracing if the suspected case becomes a confirmed case, particularly from the period commencing 48 hours prior to the onset of symptoms in the suspected case; and
Note: this will include, for example, rosters and worker details, and details of all visitors to the Work Premises, to ascertain which persons were present at the Work Premises and who they may have come into contact with.
 - (e) inform all workers (including the **health and safety representative**) to be vigilant about the onset of symptoms of SARS-CoV-2 and advise all workers to be tested for SARS-CoV-2 and self-isolate if they become symptomatic.

8 Responding to a confirmed case of SARS-CoV-2 in a Work Premises

- (1) In these directions, in respect of a worker who has tested positive to SARS-CoV-2, **Relevant Period** means the period commencing 48 hours prior to:
- the onset of symptoms of SARS-CoV-2 in the worker, if symptomatic; or
 - the worker having been tested for SARS-CoV-2, if asymptomatic,
- and up to the **diagnosed person** receiving clearance from the Department.
- (2) A worker who has received a positive test result for SARS-CoV-2 must, as soon as practicable, notify the employer of any Work Premises which the worker has attended in the Relevant Period.
- (3) As soon as practicable after becoming aware of a confirmed case who has attended the Work Premises in the Relevant Period, the employer must:
- notify the Department and WorkSafe in accordance with the **Occupational Health and Safety (COVID-19 Incident Notification) Regulations 2020** and the health and safety representative at the Work Premises; and
 - to the extent not already completed, direct the **diagnosed worker** not to attend the Work Premises and advise them to self-isolate in accordance with clause 7(2)(a); and
 - undertake a risk assessment to determine whether the Work Premises (or the relevant part of the Work Premises in which the diagnosed worker worked in the Relevant Period) must be closed to allow cleaning and contact tracing to occur or whether the risk can be managed whilst the Work Premises (or part of it) continues to operate; and
 - undertake a comprehensive clean of the Work Premises (or the relevant part of the Work Premises in which the diagnosed worker worked in the Relevant Period, and any high touch areas likely to have been touched by the diagnosed worker) in accordance with guidelines published by the Department; and

Note: online guidance from the Department can be obtained from the following link: www.dhhs.vic.gov.au/coronavirus-cleaning-guidelines-for-workplaces-doc as amended or replaced from time to time by the Victorian Government.

- consult with the diagnosed worker and examine the employer's own records to determine any **close contacts** of the diagnosed worker at the Work Premises within the Relevant Period and, where any close contacts are identified and the employer has the relevant contact details of the close contact:

Note: for record-keeping obligations to assist with identification of close contacts and contract tracing, see clause 6(6).

- if the close contact is a worker, direct them to leave the Work Premises and advise them to **self-quarantine**; and
 - if the close contact is not a worker, issue them a written communication to recommend that they self-quarantine in accordance with guidance from the Department; and
- notify all workers when a worker has tested positive to SARS-CoV-2; and
 - inform all workers (including health and safety representatives) to be vigilant about the onset of symptoms of SARS-CoV-2 and advise all workers to be tested for SARS-CoV-2 and self-quarantine if they become symptomatic; and
 - put in place appropriate control and/or risk management measures to reduce the risk of spreading SARS-CoV-2 at the Work Premises; and

Note: employers are encouraged to ensure that any risks identified from the confirmed case are addressed in these control measures.

Examples: increasing the implementation and enforcement of control measures with respect to PPE (such as face coverings) and physical distancing.

- (i) contact the Department (or other entity nominated by the Department on its website) and:
 - (i) notify it of the actions taken in accordance with subclause (3)(a) to (h); and
 - (ii) provide it with a copy of the risk assessment conducted in accordance with subclause (3)(c); and
 - (iii) provide the Department (or other entity nominated by the Department) with contact details of any close contacts (whether or not workers) identified pursuant to subclause (3)(e); and
 - (iv) comply with any further directions given by the Department or WorkSafe in relation to closure of the Work Premises (or part of the Work Premises) and/or cleaning; and
- (j) where the Work Premises (or part of the Work Premises) is closed, not re-open that Work Premises (or that part of the Work Premises which was closed) until all of the following have occurred:
 - (i) the employer has complied with all of its obligations under subclause (3)(a) to (i);
 - (ii) the Department has completed all relevant contact tracing;
 - (iii) the Department has given clearance for the Work Premises to re-open.

*Note: employers must comply with their obligations under occupational health and safety laws, including notifying WorkSafe in accordance with the **Occupational Health and Safety (COVID-19 Incident Notification) Regulations 2020**.*

The Department notifies the person that the orange zone permit obligations which applied after entering Victoria have changed to align with the higher, red zone permit obligations in clause 7(3) for the remaining 12 days of the orange zone permit's validity period. Change to obligations after entry under red zone permit

- (5) If a person has entered Victoria from any other State or Territory in Australia or, after entering Australia, from a Green Zone Country with a red zone permit and during the red zone permit validity period in subclause (4)(a), the Chief Health Officer determines that:
 - (a) all **relevant red zones** at entry to Victoria are, on and from a date within 14 days prior to entry to Victoria, orange zones (or a combination of orange zones and green zones), the lesser, orange zone obligations under clause 6(4)(a) – (g) will apply to the person from the time of notification by the Department for the remainder of the red zone permit validity period in subclause (4)(a); or
 - (b) all relevant red zones at entry to Victoria are, on and from a date within 14 days prior to entry to Victoria, green zones, the lesser, green zone obligations under clause 5(4)(a) – (c) will apply to the person from the time of notification by the Department for the remainder of the red zone permit validity period in subclause (4)(a).

Example: a person arrives in Victoria with a red zone permit which is valid for 14 days from their arrival date. Two days after entering Victoria, all locations that the person travelled from to Victoria are determined to be orange zones (or a combination of orange and green zones) on and from a date which is just prior to the person's entry to Victoria. The Department notifies the person that the red zone permit obligations which applied after entering Victoria have changed to align with the lesser, orange zone permit obligations in clause 6(4) for the remaining 12 days of the red zone permit's validity period. This includes requirements for the person to continue self-quarantining until they are tested for SARS-CoV-2 and receive a negative SARS-CoV-2 test result. If the person has already been tested for SARS-CoV-2 in accordance with subclauses (3)(e) or (3)(f) and has received a negative SARS-CoV-2 test result, the person may cease self-quarantining immediately.

8 Cross border community members

- (1) Despite clauses 5, and 6, a restricted person may enter Victoria from a **cross border community area** without a permit if the restricted person:

- (3) For the purposes of subclause (1)(b), the notice:
- (a) must specify the time (including by reference to an event) at which the person will no longer be required to self-quarantine, having regard to Departmental Requirements; and

Note 1: a close contact who becomes a diagnosed person will then be required to self-isolate under clause 4, for a period ending when the person is given clearance from self-isolation under clause 5.

Note 2: a close contact's period of self-quarantine may also be extended in certain circumstances under clause 7.

Transitional provision – close contacts under Revoked Isolation Directions

- (11) If a person was a close contact under a Revoked Isolation Direction:
 - (a) a determination made, or taken to have been made, under the Revoked Isolation Direction in relation to the person's status as a close contact is taken to be a determination made under subclause (2); and
 - (b) a notice given, or taken to have been given, to the person under the Revoked Isolation Direction in relation to the determination referred to in subclause (a) is taken to be a notice given under subclause (1)(b); and

 - (b) if the other person commences residing at the premises, the close contact must notify the Department that a person has commenced residing with the close contact and of the name of that person.

7 Testing of persons in self-quarantine

- (1) If a person is required to self-quarantine under clause 6 and, during the period of self-quarantine, the person:
- (a) is tested for SARS-CoV-2; and
 - (b) the period for which the person is required to self-quarantine under clause 6 expires during the period in which the person is awaiting the result of that test, the period of self-quarantine is extended until the person receives the result of the test.

Note 1: persons who are in self-quarantine and experience a temperature higher than 37.5 degrees or symptoms of acute respiratory infection are encouraged to get tested. In certain circumstances, a person may be required to comply with an order that they undergo a medical test: PHW Act, section 113(3).

Note 2: in some circumstances, the Chief Health Officer or Deputy Chief Health Officer may consider it appropriate to exempt a person from the extension of their self-quarantine period under clause 9, having regard to the need to protect public health and relevant principles in the PHW Act as they apply in the person's individual circumstances.

Note 3: a person is not required to continue to self-quarantine under subclause (1) if the person is exempted in accordance with clause 9, either before or after the period of self-quarantine is extended pursuant to subclause (1).

- (2) If a person is required to self-quarantine under clause 6 and, during the period of self-quarantine, the person receives a test result stating that they have been diagnosed with SARS-CoV-2, the person becomes a diagnosed person and must self-isolate under clause 4.
- (3) If a person is required to self-quarantine under clause 6 and, during the period of self-quarantine, the person receives a test result stating that they have not been diagnosed with SARS-CoV-2, the person:

 - (c) if the period of self-quarantine was extended under subclause (4) – may cease self-quarantining at the time referred to in clause 6(7)(a) and, if that time has already passed, may cease self-quarantining immediately.
- (4) If a person is required to self-quarantine under clause 6 because they are a close contact of a diagnosed person and the person refuses or otherwise fails to take a test for SARS-CoV-2 when offered on or about the thirteenth day of their period of self-quarantine, the period of self-quarantine is extended until 14 days after the time specified in the notice given under clause 6(1)(b) as given or as varied under clause 6(10).

Note 1: close contacts will typically be offered a test for SARS-CoV-2 on day 13 of their self-quarantine, as testing at this time is likely to detect the presence of SARS-CoV-2 in close contacts who have contracted the virus, even if they have not yet developed symptoms. As a person may be infectious for up to 14 days after the 14 day incubation period, where a test does not occur on or about the thirteenth day of self-quarantine, an additional 14 days of quarantine is required to prevent a person who develops SARS-CoV-2 towards the end of the 14 day incubation period, even if not symptomatic, transmitting SARS-CoV-2 to the broader community.

Note 2: in some circumstances, the Chief Health Officer or Deputy Chief Health Officer may consider it appropriate to exempt a person from the extension of their self-quarantine period under clause 9, having regard to the need to protect public health and relevant principles in the PHW Act as they apply in the person's individual circumstances.

Note 3: a person is not required to continue to self-quarantine under subclause (4) if the person is exempted in accordance with clause 9, either before or after the period of self-quarantine is extended pursuant to subclause (4).

 - (a) be given, in writing, to the person the subject of the exemption; and
