*Note 2: if a person experiences a temperature higher than 37.5°C or symptoms of respiratory infection, they are strongly encouraged to get a test for SARS-CoV-2 and remain at their ordinary place of residence until they obtain their test result. If they are diagnosed with SARS-CoV-2, they must self-isolate in accordance with the **Diagnosed Persons and Close Contacts Directions**.*

Travel restrictions

- (3) A person may only leave their premises under subclause (1) where it does not involve unreasonable travel or travelling to a place for an unreasonable period of time.

- (4) An ordinary resident of the State of Victoria must not travel in a **vehicle** with another person with whom they do not ordinarily reside unless it is not otherwise reasonably practicable for either person to leave their premises for a purpose permitted under these directions.

Example: a person who does not hold a driver's licence may travel in a vehicle with another person with whom they do not ordinarily reside for the purposes of attending a medical appointment (including a vaccination) or doing their grocery shopping if it is not reasonably practicable for them to travel get there another way.

- (5) An ordinary resident of the State of Victoria or a temporary resident of the State of Victoria who leaves their premises under either clause 6 (**necessary goods or services**) or clause 9 (**exercise**) must not:

Note: a person may leave their premises once per day under clause 6 (necessary goods or services) and separately once per day under clause 9 (exercise), but should seek to minimise separate trips as much as possible.

- (a) travel further than 5km from:
 - (i) their premises; or
 - (ii) in the case of clause 9 (**exercise**), the premises of a person with whom they are in an intimate personal relationship, provided that they only exercise outdoors and do not enter any facility open under the **Restricted Activity Directions (Victoria)**; or
 - (iii) in the case of clause 9 (**exercise**), their **work premises** if they are an **authorised worker** or work for an **authorised provider**, provided that they only exercise outdoors and do not enter any facility open under the **Restricted Activity Directions (Victoria)**; or
- (b) do so more than once per day; or
- (c) do so for a period longer than 2 hours in the case of exercise.

- (6) Where an ordinary resident of the State of Victoria or a temporary resident of the State of Victoria leaves their premises under clause 6 (**necessary goods or services**):
- (a) subclause (5)(a) does not apply if the person leaves the premises to obtain goods or services provided by a:
 - (i) financial institution under clause 6(1)(c)(i); or
 - (ii) government body or government agency under clause 6(1)(c)(ii); and
 - (b) subclause (5) does not apply if:

 - (ii) as a consequence of the requirements in that subclause, it is not reasonably practicable for the person to obtain necessary goods or services.

Note 1: if the closest necessary goods or services are more than 5km from a person's ordinary place of residence, then it would not be reasonably practicable for that person to obtain goods and services within the travel limits imposed by subclause (5).

and it is not otherwise reasonably practicable for the person to undertake exercise without using a vehicle.

Note: if a person needs to access an area within 5km of their premises for exercise, but can only do so due to mobility (such as a parent with a young child or a person with disability) or safety reasons (such as needing to exercise in an area with greater passive surveillance) by using a vehicle with another person with whom they do not live, then it would not be reasonably practicable for that person to undertake exercise without sharing a vehicle to do so.

- (3) These directions must be read together with the **Directions currently in force**.
- (4) These directions are intended to supplement any obligation an employer may have under the **OHS Act** and are not intended to derogate from any such obligations.
- (5) These directions replace the **Workplace Directions (No. 45)**.

2 Citation

- (7) Subject to subclauses (8) – (13), an employer must:
- (a) comply with subclause (6) using the **Victorian Government QR code system**; and

then the employer must use an alternative record-keeping method to comply with the records requirement.

Example 1: worshippers wishing to attend a synagogue on the Sabbath who are prohibited from using the Victorian Government QR code system during the Sabbath could pre-register details with the synagogue, with the details recorded and stored by the synagogue electronically.

Example 2: where a venue has no internet coverage, such as in a remote location, manual records could be kept and stored electronically by the venue.

- (8A) Information collected by an employer using an alternative record-keeping method under subclause (8) must be provided by the employer to **Service Victoria** if requested to do so by the Department or Service Victoria.

 - (f) in relation to service stations in respect of members of the public who do not enter a building and pay using contactless payment methods at the petrol bowser; or
 - (g) in relation to **emergency workers** attending a Work Premises for the purposes of responding to an **emergency** where complying with the records requirement is not practicable in the circumstances; or
 - (h) in relation to attendances at a Work Premises for the purposes of police matters (including investigations), and the administration of justice where the person who is the subject of the record requests that their attendance is kept confidential; or

- (11) An employer is not required to comply with subclause (7) in relation to Work Premises that are:
- (a) schools, childcare or early childhood services and outside school hours care services in respect of all students, teachers and other school staff (but not visitors, contractors or other workers); or
Note: educational facilities (other than schools and childcare or early childhood services and outside school hours care services) are required to comply with subclause (7).

- (b) **care facilities** in respect of residents; or
 - (c) a **health service entity**; or
 - (d) farms in respect of workers and other persons attending for work-related purposes; or
 - (e) premises where pre-ordered goods are being delivered via contactless delivery; or
Example: a meal delivery service driver attending a premises to drop a meal ordered via an app at the door is not required to check-in at that premises.
 - (f) a private residence attended by workers for the purposes of undertaking work; or

Example: workers conducting scoping work on empty land prior to the commencement of construction will not be required to check-in using the Victorian Government QR code system. However, a worker entering a site office on otherwise empty land will need to check-in to that office using the Victorian Government QR code system.
- (12) An employer to whom clause 7(20) (*accommodation facilities*) of the **Restricted Activity Directions (Victoria)** applies is only required to comply with subclause (7) in respect of a person who:
- (a) is not registered to stay overnight at the **accommodation facility**; and
 - (b) attends a communal or shared accommodation space.
- (13) Despite subclause (7)(a), an owner of a vehicle used as a commercial passenger vehicle service must make available and clearly visible and accessible in the vehicle, at all times, a sign that allows the drivers and passengers of the vehicle to use the Victorian Government QR code system.
- (14) In handling any information collected under subclause (6):
- (a) an employer who uses or an owner who makes available a system other than the Victorian Government QR code system, must:
 - (i) not collect personal information unless:
 - (A) the information is necessary to meet the requirements outlined in subclause (6); or
 - (B) the information is provided by a driver or passenger using the system made available under subclause (13); and
 - (ii) use reasonable endeavours to protect the personal information from use or disclosure, other than in accordance with a request made by an Authorised Officer (or a person assisting an Authorised Officer); and
Note: information should be collected in a way that protects it from being disclosed to other patrons.
Example: where using a paper-based method, a sheet of paper could be placed over previous visitor details on a sheet that records the names.

- (iii) use reasonable endeavours to notify the person from whom the personal information is being collected that the primary purpose of collection is for SARS-CoV-2 contact tracing, and that their personal information may be collected and stored by the Victorian Government for this purpose; and
- (iv) destroy the information as soon as reasonably practicable following 28 days after the attendance at the Work Premises, unless a statutory requirement permits or requires the personal information to be retained; and

Note: subclause (14)(a) is intended to apply to employers who use or owners who collect information pursuant to subclauses (6) or (13) using a method other than the Victorian Government QR code system, whether or not:

- (a) *the employer also uses or the owner also uses the Victorian Government QR code system to comply with subclauses (6) or (13); or*
 - (b) *the system used by the employer or made available by the owner links to the Victorian Government QR code system.*
- (b) Service Victoria and/or another operator of the Victorian Government QR code system must destroy the information as soon as reasonably practicable following 28 days after the attendance at the Work Premises, unless a statutory requirement permits or requires the personal information to be retained.

Additional records requirement (additional records requirement)

- (15) An employer must keep records to demonstrate compliance with these directions, including (but not limited to):
- (a) all logs created during the time these directions are in place;
 - (b) Work Premises rosters;
 - (c) time and attendance records;
 - (d) payroll data.
- (16) In collecting the information outlined in subclause (15), an employer must:
- (a) use reasonable endeavours to protect the personal information from use or disclosure, other than in accordance with a request made by an Authorised Officer; and
 - (b) destroy the information as soon as reasonably practicable, unless another statutory requirement permits or requires the personal information to be retained.

Density quotient (density quotient)

- (17) In any shared spaces and publicly accessible areas at the Work Premises, an employer must comply with the density quotient for each shared space and each publicly accessible space.

Note: in relation to a care facility, shared spaces and publicly accessible spaces include entrance areas, waiting rooms and communal areas where visitors may enter but does not include patient or resident rooms or resident lounges not accessible by visitors.

- (18) The density quotient in relation to Work Premises in Victoria for the purposes of subclause (17) limits:
- (a) in relation to a shared space, the number of persons who are permitted in a shared space; or
 - (b) in relation to a publicly accessible space:
 - (i) where that publicly accessible space is occupied by workers on an ad hoc basis, the number of members of the public; or
 - (ii) where that publicly accessible space is occupied by workers on an ongoing basis, the number of persons,

Note: the Restricted Activity Directions (Victoria) specifies which facilities should calculate the density quotient by reference to the number of persons in the accessible area or alternatively the number of members of the public in the accessible area.

at any one time to the number calculated by dividing the total accessible space (measured in square metres) by 4 in relation to any shared space or publicly accessible space and:

- (c) for an indoor space, applies to each single undivided space permitted to operate under these directions; and
- (d) for an indoor zone, applies to each **indoor zone** within an indoor space permitted to operate under these directions; and
- (e) for an outdoor space, market or **retail shopping centre**, applies to the total space permitted to operate under these directions; and
- (f) for a hospital, to non-clinical areas of the **hospital** where practicable; and
- (g) for a Work Premises that is the employer's ordinary place of residence, to each space of the residence accessible to persons for the purposes of receiving goods or services from the employer or a worker.

Example: if an outdoor space is 8.5 metres long and 4.5 metres wide, its total area is 38.25 square metres. Its density quotient is 9.56, so no more than 9 members of the public would be permitted to be in the outdoor space at the same time.

- (19) The number of people allowed in a shared space or publicly accessible area may be subject to a separate specified density measure or cap under the **Restricted Activity Directions (Victoria)** and, in those circumstances, the density quotient will not apply.
- (20) Despite subclauses (17), (18) and (19), an employer is not required to comply with the density quotient in respect of:
 - (a) any shared spaces in schools, non-school senior secondary providers, childcare or early childhood services, or **higher education services** used by students or children, including classrooms; and
 - (b) clinical areas of a hospital.

*Note 1: in relation to a school, non-school senior secondary provider, education and care service, childcare or early childhood service, or higher education service, spaces for the purpose of student and children use (such as classrooms, hallways and gymnasiums) are not subject to the density quotient. The density quotient does, however, still apply to office areas including shared spaces that form part of an office area, spaces such as lunchrooms, photocopier room, principal's office, back of reception and resource rooms. The density quotient also applies to any publicly accessible areas (including in relation to a school, non-school senior secondary providers, or childcare or early childhood service, or higher education service), and any such publicly accessible areas that are subject to the **signage requirement** under subclause (21).*

Note 2: in relation to a school, non-school senior secondary provider, childcare or early childhood service, or higher education service using facilities other than the school, childcare or higher education service premises, the density quotient of the relevant facility and the relevant requirements of the facility's COVIDSafe Plan will apply to the school, non-school senior secondary provider, childcare or early childhood service, or higher education service when using that facility. As an alternative to using the facility's COVIDSafe Plan, the school, non-school senior secondary provider, childcare or early childhood service, or higher education service may apply their own COVIDSafe Plan to the use of the facility, so long as it has been adjusted so that it is fit for purpose taking into account the unique features of the relevant facility.

Note 3: in relation to a hospital, clinical areas including emergency department waiting rooms and hospital wards are areas of a hospital that the density quotient does not apply to, however, other non-clinical areas of the hospital are subject to the density quotient where practicable.

Signage requirements (signage requirement)

- (21) Where a Work Premises has a publicly accessible space to which the density quotient applies, an employer must display a sign at each public entry to each such space that includes a statement specifying the maximum number of members of the public that may be present in the space at a single time, being the number permitted by the density quotient, rounded down to the nearest whole number.

Example: if an area is 8.5 metres long and 4.5 metres wide, its total space is 38.25 square metres. Its density quotient is 9.56. The sign should state that the maximum number of members of the public that may be present in the space at a single time is 9.

- (22) A person who owns, operates or controls a market stall, market or retail shopping centre must:
- (a) limit the number of members of the public permitted by the density quotient as it applies respectively to the market stall, market or the retail shopping centre; and
 - (b) use reasonable endeavours to implement relevant recommendations by the Victorian Government to manage public health risks arising out of the operation of the facility.
- (23) Where any other Directions currently in force require a face covering to be worn in a Work Premises or part of a Work Premises:
- (a) an employer in relation to that Work Premises; or
 - (b) a person who owns, operates or controls that Work Premises,
- must display a sign at each public entry advising that each person entering the Work Premises must wear a face covering, unless an exception under a Direction currently in force applies.

Cleaning requirements (cleaning requirement)

- (24) An employer must take all reasonable steps to ensure that shared spaces at which work is performed and areas accessible to members of the public at any Work Premises are **cleaned** on a regular basis, including:
- (a) frequently touched surfaces, including toilets and handrails, are cleaned at least twice on any given day; and
 - (b) surfaces are cleaned when visibly soiled; and
 - (c) if a function is to occur, a reasonable period of time has elapsed since the conclusion of any earlier function to allow for cleaning in between the functions; and
 - (d) surfaces accessible to a particular group are cleaned between groups; and
- Example: cleaning surfaces between shifts of workers.*
- (e) surfaces are cleaned immediately after a spill on the surface.
- (25) To ensure a surface is cleaned for the purposes of these directions, a person must wipe the surface with a disinfectant:
- (a) the label of which states a claim by the manufacturer that the disinfectant has anti-viral properties; or
 - (b) made by a person according to instructions issued by the Department.
- (26) A person who owns, operates or controls a market stall, market or retail shopping centre must comply with the cleaning requirement respectively for the market stall, market or the common areas of the retail shopping centre.

7 Responding to a suspected case of SARS-CoV-2 in a Work Premises

- (1) An employer must not require a worker to perform work at a Work Premises if the worker is displaying one or more **SARS-CoV-2 Symptoms**.
- (2) As soon as practicable after becoming aware of a suspected case in a worker who has attended a Work Premises in the period commencing 48 hours prior to the onset of symptoms, an employer must:
 - (a) advise the worker to **self-isolate** immediately and support the worker in doing so, by either:
 - (i) directing the worker to travel home immediately (and providing support to the worker to do so); or
 - (ii) where the worker is unable to travel home immediately, directing the worker to isolate themselves at the Work Premises and, whilst doing so, to wear a face covering and remain at least 1.5 metres from any other person at the Work Premises, until the worker can return home later that day to self-isolate; and

Note: the worker should isolate in a separate room from other persons, where possible.

- (b) advise the worker to be tested for SARS-CoV-2 as soon as practicable, and to self-isolate whilst awaiting the result of that test; and
 - (c) take all reasonably practicable steps to manage the risk posed by the suspected case, including but not limited to:
 - (i) cleaning areas of the Work Premises used by the suspected case (including their personal workspace and any areas in the Work Premises frequently used by the suspected case);
 - (ii) cleaning high-touch surfaces at the Work Premises likely to have been frequented by the suspected case; and

Examples: lift buttons, door handles, washroom facilities, kitchen facilities, water coolers. For further information, see the guidance www.dhhs.vic.gov.au/coronavirus-cleaning-guidelines-for-workplaces-doc as amended or replaced from time to time by the Victorian Government.
 - (d) ensure appropriate records are maintained in accordance with clause 6(6) in order to support contact tracing if the suspected case becomes a confirmed case, particularly from the period commencing 48 hours prior to the onset of symptoms in the suspected case; and
- Note: this will include, for example, rosters and worker details, and details of all visitors to the Work Premises, to ascertain which persons were present at the Work Premises and who they may have come into contact with.*
- (e) inform all workers (including the **health and safety representative**) to be vigilant about the onset of symptoms of SARS-CoV-2 and advise all workers to be tested for SARS-CoV-2 and self-isolate if they become symptomatic.

8 Responding to a confirmed case of SARS-CoV-2 in a Work Premises

- (1) In these directions, in respect of a worker who has tested positive to SARS-CoV-2, **Relevant Period** means the period commencing 48 hours prior to:
 - (a) the onset of symptoms of SARS-CoV-2 in the worker, if symptomatic; or
 - (b) the worker having been tested for SARS-CoV-2, if asymptomatic,and up to the **diagnosed person** receiving clearance from the Department.
- (2) A worker who has received a positive test result for SARS-CoV-2 must, as soon as practicable, notify the employer of any Work Premises which the worker has attended in the Relevant Period.
- (3) As soon as practicable after becoming aware of a confirmed case who has attended the Work Premises in the Relevant Period, the employer must:

 - (c) undertake a risk assessment to determine whether the Work Premises (or the relevant part of the Work Premises in which the diagnosed worker worked in the Relevant Period) must be closed to allow cleaning and contact tracing to occur or whether the risk can be managed whilst the Work Premises (or part of it) continues to operate; and
 - (d) undertake a comprehensive clean of the Work Premises (or the relevant part of the Work Premises in which the diagnosed worker worked in the Relevant Period, and any high touch areas likely to have been touched by the diagnosed worker) in accordance with guidelines published by the Department; and

Note: for record-keeping obligations to assist with identification of close contacts and contact tracing, see clause 6(6).

- (i) if the close contact is a worker, direct them to leave the Work Premises and advise them to **self-quarantine**; and
- (ii) if the close contact is not a worker, issue them a written communication to recommend that they self-quarantine in accordance with guidance from the Department; and
- (f) notify all workers when a worker has tested positive to SARS-CoV-2; and
- (g) inform all workers (including health and safety representatives) to be vigilant about the onset of SARS-CoV-2 Symptoms and advise all workers to be tested for SARS-CoV-2 and self-quarantine if they become symptomatic; and

Note: employers are encouraged to ensure that any risks identified from the confirmed case are addressed in these control measures.

Examples: increasing the implementation and enforcement of control measures with respect to PPE (such as face coverings) and physical distancing.

- (i) contact the Department (or other entity nominated by the Department on its website) and:
- (i) notify it of the actions taken in accordance with subclause (3)(a) to (h); and
- (ii) provide it with a copy of the risk assessment conducted in accordance with subclause (3)(c); and

under section 199(2)(a) of the PHW Act

Public Health and Wellbeing Act 2008

Section 200

DIRECTIONS FROM ACTING CHIEF HEALTH OFFICER IN ACCORDANCE WITH EMERGENCY POWERS ARISING FROM DECLARED STATE OF EMERGENCY**Workplace (Additional Industry Obligations) Directions (No. 39)**

I, Professor Benjamin Cowie, Acting Chief Health Officer, consider it reasonably necessary to eliminate or reduce the risk to public health – and reasonably necessary to protect public health – to give the following directions pursuant to section 200(1)(d) of the **Public Health and Wellbeing Act 2008** (Vic.) (**PHW Act**):

1 Preamble

- (1) The presence of a person with a positive diagnosis of Novel Coronavirus 2019 (**SARS-CoV-2**) at a **Work Premises** is considered to pose an immediate risk of transmission to persons who attend, or may attend, the Work Premises.
- (2) The purpose of these directions is to establish additional specific obligations on **employers** and **workers** in specific industries in relation to managing the risk associated with SARS-CoV-2.
- (3) These directions must be read together with the **Directions currently in force**.
- (4) These directions are intended to supplement any obligations an employer may have under the **OHS Act** and the **Workplace Directions** and are not intended to derogate from any such obligations.
- (5) These directions replace the **Workplace (Additional Industry Obligations) Directions (No. 38)**.

2 Citation

These directions may be referred to as the **Workplace (Additional Industry Obligations) Directions (No. 39)**.

3 Revocation

The **Workplace (Additional Industry Obligations) Directions (No. 38)** are revoked at 11:59:00 pm on 26 August 2021.

4 Commencement

These directions commence at 11:59:00 pm on 26 August 2021 and end at 11:59:00 pm on 2 September 2021.

5 Application of directions to certain employers and roles

- (1) These directions apply to **Additional Obligation Industries**, namely:
 - (a) **poultry processing facilities;**
 - (b) **abattoirs and meat processing facilities;**
 - (c) **seafood processing facilities;**
 - (d) **supermarket Work Premises and perishable food Work Premises;**
 - (e) **warehousing and distribution centres;**
 - (f) **commercial cleaning services;**
 - (g) **commercial passenger vehicle services;**
 - (h) **horticulture operations using seasonal workers for seasonal horticultural work;**
 - (i) **care facilities;**
 - (j) **ports of entry** servicing international arrivals;
 - (k) **hotel quarantine;**
 - (l) **hospitals;**

- (m) **Australian air transport operators;**
- (n) **construction sites.**
- (2) These directions apply to Additional Obligation Industries Work Premises that are located:
 - (a) in relation to supermarket Work Premises and perishable food Work Premises, and warehousing and distribution centres, in **Metropolitan Melbourne**; and
 - (b) in relation to all other Additional Obligation Industries not referred to in subclause (2)(a), anywhere in Victoria, unless these directions indicate otherwise.
- (3) The **daily peak workforce capacity** is the daily average of the highest number of workers at the Work Premises each day calculated over the period of:
 - (a) August 2021; or
 - (b) any three consecutive months in the last 12 months.
- (4) The **daily total workforce capacity** is the daily average of the total number of workers at the Work Premises each day over the period of:
 - (a) August 2021; or
 - (b) any three consecutive months in the last 12 months.

Example 1:

On one day, a distribution business had workers working over two shifts:

(a) 6:00 am to 2:00 pm: 120 workers

(b) 12:00 pm to 8:00 pm: 150 workers

During the crossover of the two shifts, the business had 270 workers working at the Work Premises at any one time – this is the daily peak workforce capacity on this day. Over the two shifts, the Work Premises had 270 workers in total – this is the daily workforce capacity on this day.

The same calculation is undertaken for each day of either August 2021 or any continuous three month (13 week) consecutive period in the last 12 months. These figures are then averaged over the period to calculate the daily peak workforce capacity and the daily total workforce capacity over the period.

Example 2

*On one day, a meat processing business had people on the Work Premises, including **employees**, contractors and labour hire, working over three shifts with no cross-over of workers:*

(a) 4:00 am to 10:00 am: 120 workers

(b) 10:30 am to 4:30 pm: 100 workers

(c) 5:00 pm to 11:00 pm: 80 workers

The daily peak workforce capacity on this day is 120 workers. Over the three shifts, the business had 300 workers working in total – this is the daily total workforce capacity on this day.

6 General Obligations

- (1) This clause 6 does not apply to care facilities, hospitals (except for **high-risk hospital Work Premises**, to which the clause does apply) and Australian air transport operators.

Note: the exception of care facilities, hospitals (except for high-risk hospital Work Premises) and Australian air transport operators from the requirements in clause 6 does not exempt care facilities from satisfying equivalent requirements imposed under other regulatory arrangements.

Compliance

- (2) An **Authorised Officer** or **inspector** (or their nominated representative) may conduct:
 - (a) an inspection of a Work Premises; or
 - (b) an inspection or audit of the records of an employer, to assess an employer's compliance with these directions.

- (3) An employer in relation to an Additional Obligation Industry Work Premises must, to the extent **reasonably practicable**, consult with health and safety representatives, together with workers who are, or are likely to be, directly affected:

- (a) increase the regularity of comprehensive cleaning by ensuring all areas where workers are working are **cleaned** at least daily (except for meat, poultry and seafood processing, seasonal horticulture, care facilities, hospitals and ports of entry); and

Note: the exception of care facilities, hospitals and/or ports of entry from the requirements in subclause (1)(a) does not exempt care facilities, hospitals and/or ports of entry from satisfying equivalent requirements imposed under other regulatory arrangements.

- (b) where the employer's Work Premises is an industry that is listed in the **Surveillance Testing Industry List and Requirements** (as amended from time to time on the advice of the Chief Health Officer):
 - (i) carry out surveillance testing for SARS-CoV-2 on its workers in relation to the Work Premises in accordance with the requirements of the Surveillance Testing Industry List and Requirements (as amended from time to time on the advice of the Chief Health Officer), including:

 - (B) a weekly surveillance testing target of the percentage of workers that are to be tested; and
 - (ii) keep records of surveillance testing of workers for SARS-CoV-2, which demonstrate that the employer has complied with its obligations under subclause (b)(i) in relation to the Work Premises; and

*Note 2: an employer at a Work Premises that is a supermarket Work Premises or perishable food Work Premises is required to comply with the requirements of subclause (4) unless an exception pursuant to clause 5(20)(e), (g) – (i), (r) – (t), or (x) – (aa) of the **Stay at Home Directions (Victoria)** applies in respect of a worker, in which case the employer is exempted from requiring that worker to wear a face covering.*

*Note 2: an employer at a Work Premises that is a chilled distribution facility in relation to warehousing and distribution centres is required to comply with the requirements of subclause (5) unless an exception pursuant to clause 5(20)(e), (g) – (i), (r) – (t), or (x) – (aa) of the **Stay at Home Directions (Victoria)** applies in respect of a worker, in which case the employer is exempted from requiring that worker to wear a face covering.*

4A Definition of zones

- (1) For the purposes of these directions:
 - (a) a **green zone** means an area in a State, Territory or **Green Zone Country** that is not an **extreme risk zone**, **red zone** or an **orange zone**; and
 - (b) an **orange zone** means an area in a State, Territory or Green Zone Country at any time after the **zone commencement time** for that area; and
 - (c) a **red zone** means an area in a State, a Territory or Green Zone Country at any time after the zone commencement time for that area; and
 - (d) an **extreme risk zone** means an area in a State, Territory or Green Zone Country at any time after the zone commencement time for that area.
- (2) A **zone commencement time** is the time from which the Chief Health Officer has determined that an area is an orange zone, red zone or extreme risk zone as amended from time to time by the Chief Health Officer and detailed on the Department's website available at www.coronavirus.vic.gov.au/victorian-border-crossing-permit

Note: the zone commencement time is not the date of the announcement by the Chief Health Officer or the Department that an area has been designated as a green zone, orange zone, red zone or extreme risk zone.
- (3) An extreme risk zone, red zone or orange zone ceases to be an extreme risk zone, red zone or orange zone (as applicable) at a time determined by the Chief Health Officer, and amended from time to time by the Chief Health Officer and detailed on the Department's website available at www.coronavirus.vic.gov.au/victorian-border-crossing-permit

(7) If a person has entered Victoria from any other State or Territory in Australia or, after entering Australia, from a Green Zone Country with a green zone permit and during the green zone permit validity period in subclause (5)(a), the Chief Health Officer determines that any **relevant green zone** is:

- (a) an extreme risk zone or red zone and the person was in the extreme risk zone or red zone after the relevant zone commencement time, at a time within the 14 days prior to the person's entry to Victoria, then the higher, red zone obligations under clause 7(4)(b) – (n); or
- (b) an orange zone and the person was in the orange zone after the relevant zone commencement time, at a time within the 14 days prior to the person's entry to Victoria, then the higher, orange zone obligations under clause 6(4)(b) – (g), will apply to that person from the time of notification by the Department for the remainder of the green zone permit validity period in subclause (5)(a).

Two days after entering Victoria, an area the person was in is determined to be a red zone and the person was in the red zone at a time after the relevant zone commencement time. The Department notifies the person that the green zone permit obligations which applied after entering Victoria have changed to align with the higher, red zone permit obligations in clause 7(4) for the remaining 12 days of the green zone permit's validity period. This includes requirements for the person to self-quarantine for the remaining 12 days and get tested at certain times.

Note 2: if a person has been in an area that is an orange zone and one day prior to entering Victoria, the Chief Health Officer determines the area is an extreme risk zone or red zone effective from a date 14 days prior to the announcement, the person cannot enter Victoria with an orange zone permit.

Note 3: if a person leaves an area before the zone commencement time for an extreme risk zone or red zone and travels to Victoria, that person remains eligible for an orange zone permit pursuant to subclause (2) (provided they have not been in any other area that is an extreme risk zone or red zone 14 days prior to entry to Victoria).

- (6) If a person has entered Victoria from any other State or Territory in Australia or, after entering Australia, from a Green Zone Country with an orange zone permit and during the orange zone permit validity period in subclause 5(a), the Chief Health Officer determines that:
 - (a) any **relevant orange zone** is an extreme risk zone or red zone and the person was in the extreme risk zone or red zone after the relevant zone commencement time, at a time within the 14 days prior to the person's entry to Victoria, then the higher, red zone obligations under clause 7(4)(b) – (n) will apply to the person from the time of notification by the Department for the remainder of the orange zone permit validity period in subclause (5)(a); or
 - (b) all relevant orange zones are green zones and the person was in only those, or other, green zones after the relevant zone commencement time, at a time within the 14 days prior to the person's entry to Victoria, then the lesser, green zone obligations under clause 5(4)(b) – (c) will apply to the person from the time of notification by the Department for the remainder of the orange zone permit validity period in subclause (5)(a).

Example: a person arrives in Victoria with an orange zone permit which is valid for 14 days from their arrival date. Two days after entering Victoria, an area the person was in is determined to be a red zone and the person was in the red zone at a time after the relevant zone commencement time. The Department notifies the person that the orange zone permit obligations which applied after entering Victoria have changed to align with the higher, red zone permit obligations in clause 7(4) for the remaining 12 days of the orange zone permit's validity period. This includes requirements for the person to continue or recommence self-quarantining for the remaining 12 days and get tested at certain times, including just prior to the end of the self-quarantine period.

Note: persons entering Victoria with a red zone permit will be required to test for SARS-CoV-2 on or around day 13 of their self-quarantine (or the day before the end of self-quarantine), as testing at this time is likely to detect the presence of SARS-CoV-2, even if a person has not yet developed symptoms. As a person may be infectious for up to 14 days after the 14 day incubation period, if this test does not occur, an additional 14 days of quarantine is required to prevent a person who develops SARS-CoV-2 towards the end of the 14 day incubation period, even if not symptomatic, transmitting SARS-CoV-2 to the broader community.

- (h) if, during the period of self-quarantine:
 - (i) the person is tested for SARS-CoV-2; and

 - (iii) if the person receives a negative SARS-CoV-2 test result and:

Validity and revocation

- (5) A red zone permit:
 - (a) is valid for 14 days from the date the person first enters Victoria (unless revoked earlier); and
 - (b) may only be used once by a person to enter Victoria during the validity period in subclause (a); and
 - (c) is revoked immediately if the person is outside Victoria and:
 - (i) has been at a very high risk exposure site in a State, Territory or Green Zone Country during the very high risk period:
 - (A) prior to delivery of the red zone permit; or
 - (B) after delivery of the red zone permit; or
 - (ii) enters an extreme risk zone in a State, Territory or Green Zone Country after the delivery of the red zone permit but prior to entry to Victoria; or
 - (iii) a determination is made by the Chief Health Officer prior to the person's first entry to Victoria that results in the person having been in an extreme risk zone in a State, Territory or Green Zone Country after the relevant zone commencement time in the 14 days prior to delivery of the red zone permit; or

- (iv) is or becomes a diagnosed person or a close contact of a diagnosed person (or equivalent) in any State, Territory or Green Zone Country and/or required to self-isolate or self-quarantine (or equivalent) in any State, Territory or Green Zone Country:
 - (A) prior to delivery of the red zone permit; or
 - (B) after delivery of the red zone permit.

Change to obligations after entry under red zone permit

- (6) If a person has entered Victoria from any other State or Territory in Australia or, after entering Australia, from a Green Zone Country, with a red zone permit and during the red zone permit validity period in subclause (5)(a), the Chief Health Officer determines that:
 - (a) all **relevant red zones** and all **relevant extreme risk zones** are orange zones (or a combination of orange zones and green zones) and the person was in only those, or other, orange zones or green zones after the relevant zone commencement time, at a time within the 14 days prior to the person's entry to Victoria, then the lesser, orange zone obligations under clause 6(4)(b) – (g) will apply to the person from the time of notification by the Department for the remainder of the red zone permit validity period in subclause (5)(a); or
 - (b) all relevant red zones and all relevant extreme risk zones are green zones and the person was in only those, or other, green zones after the relevant zone commencement time, at a time within the 14 days prior to the person's entry to Victoria, then the lesser, green zone obligations under clause 5(4)(b) – (c) will apply to the person from the time of notification by the Department for the remainder of the red zone permit validity period in subclause (5)(a).

Example: a person arrives in Victoria with a red zone permit which is valid for 14 days from their arrival date. Two days after entering Victoria, all areas that the person was in are determined to be orange zones (or a combination of orange and green zones) and the person was in all of those orange zones or green zones at a time after the relevant zone commencement time. The Department notifies the person that the red zone permit obligations which applied after entering Victoria have changed to align with the lesser, orange zone permit obligations in clause 6(4) for the remaining 12 days of the red zone permit's validity period. This includes requirements for the person to continue self-quarantining until they are tested for SARS-CoV-2 and receive a negative SARS-CoV-2 test result. If the person has already been tested for SARS-CoV-2 in accordance with subclauses (4)(e) or (f) and has received a negative SARS-CoV-2 test result, the person may cease self-quarantining immediately.

(9) If a person has entered Victoria from any other State or Territory in Australia or, after entering Australia, from a Green Zone Country, with a cross border extreme risk zone permit and during the cross border extreme risk zone permit validity period in subclause (8)(a), the Chief Health Officer determines that:

The Department notifies the person that the cross border extreme risk zone permit obligations which applied after entering Victoria have changed to align with the higher, orange zone permit obligations in clause 6(4) for the remaining 12 days of the cross border extreme risk zone permit's validity period.  - (A) 14 days; or
 - (B) until the person gets test for SARS-CoV-2 and receives a negative test result; and

Note: a test undertaken pursuant to subclause (5)(b)(i)(A) does not satisfy the requirement in subclause (5)(b)(v)(B).

Note: prohibited persons entering Victoria pursuant to subclause (2) will be required to test for SARS-CoV-2 on or around day 13 of their self-quarantine (or the day before the end of self-quarantine), as testing at this time is likely to detect the presence of SARS-CoV-2, even if a person has not yet developed symptoms. - (3) For the purposes of subclause (1)(b), the notice:
 - (a) must specify the time (including by reference to an event) at which the person will no longer be required to self-quarantine, having regard to Departmental Requirements; and

Example: the notice could specify that a person is no longer required to self-quarantine from 14 days after the last diagnosed person in their household has received clearance from self-isolation.
 - (b) may be given orally or in writing, and, if given orally, must be confirmed in writing as soon as reasonably practicable; and

Note 2: a close contact's period of self-quarantine may also be extended in certain circumstances under clause 7.

Exception – previous clearance

- (8) A person is not required to self-quarantine under this clause if the person has been given clearance from self-quarantine by the **Expert Review Panel** in accordance with subclause (9).
- (9) For the purposes of subclause (8):
- (a) the Expert Review Panel may make a determination in relation to a person if the Expert Review Panel is satisfied that the person is at negligible risk of infection of SARS-CoV-2, on the basis that the person has previously been a diagnosed person and has since been given clearance from self-isolation in accordance with clause 5(1); and
- (b) for the purposes of subclause (9)(a), the notice must be in writing but is not required to be in a particular form.

Review of determination and notice

- (10) An **authorised officer**, who is authorised to exercise **emergency powers** by the Chief Health Officer under section 199(2)(a) of the PHW Act, may review a determination made under subclause (2) and, if satisfied that it is appropriate, having regard to Departmental Requirements, may vary or revoke the notice given to the person under subclause (1)(b), and must give the person notice of the authorised officer's decision.

Transitional provision – close contacts under Revoked Isolation Directions

- (11) If a person was a close contact under a Revoked Isolation Direction:
- (a) a determination made, or taken to have been made, under the Revoked Isolation Direction in relation to the person's status as a close contact is taken to be a determination made under subclause (2); and
- (b) a notice given, or taken to have been given, to the person under the Revoked Isolation Direction in relation to the determination referred to in subclause (a) is taken to be a notice given under subclause (1)(b); and
- (c) for the purposes of subclause (5), the person is taken to have chosen to self-quarantine at the premises at which the person was required to self-quarantine under the Revoked Isolation Direction.

Notifications by the close contact

- (12) Immediately after choosing a premises under subclause (5), a close contact must notify the Department of:
- (a) the address of the premises chosen by the close contact; and
- (b) the name of any other person who is residing at the premises chosen by the close contact.

- (a) the close contact must inform the other person of their self-quarantine; and

- (b) if the other person commences residing at the premises, the close contact must notify the Department that a person has commenced residing with the close contact and of the name of that person.

7 Testing of persons in self-quarantine

- (1) If a person is required to self-quarantine under clause 6 and, during the period of self-quarantine, the person:
 - (a) is tested for SARS-CoV-2; and
 - (b) the period for which the person is required to self-quarantine under clause 6 expires during the period in which the person is awaiting the result of that test, the period of self-quarantine is extended until the person receives the result of the test.

Note 1: persons who are in self-quarantine and experience a temperature higher than 37.5 degrees or symptoms of acute respiratory infection are encouraged to get tested. In certain circumstances, a person may be required to comply with an order that they undergo a medical test: PHW Act, section 113(3).

Note 2: in some circumstances, the Chief Health Officer or Deputy Chief Health Officer may consider it appropriate to exempt a person from the extension of their self-quarantine period under clause 9, having regard to the need to protect public health and relevant principles in the PHW Act as they apply in the person's individual circumstances.

Note 3: a person is not required to continue to self-quarantine under subclause (1) if the person is exempted in accordance with clause 9, either before or after the period of self-quarantine is extended pursuant to subclause (1).

- (2) If a person is required to self-quarantine under clause 6 and, during the period of self-quarantine, the person receives a test result stating that they have been diagnosed with SARS-CoV-2, the person becomes a diagnosed person and must self-isolate under clause 4.
- (3) If a person is required to self-quarantine under clause 6 and, during the period of self-quarantine, the person receives a test result stating that they have not been diagnosed with SARS-CoV-2, the person:
 - (a) if the period for which the person is required to self-quarantine under clause 6 has not expired – must continue to self-quarantine under that clause for the remainder of that period; or
 - (b) if the period of self-quarantine was extended under subclause (1) – may cease self-quarantining; or
 - (c) if the period of self-quarantine was extended under subclause (4) – may cease self-quarantining at the time referred to in clause 6(7)(a) and, if that time has already passed, may cease self-quarantining immediately.
- (4) If a person is required to self-quarantine under clause 6 because they are a close contact of a diagnosed person and:
 - (a) the person refuses or otherwise fails to take a test for SARS-CoV-2 when offered on the thirteenth day of their period of self-quarantine; and
 - (b) an authorised officer notifies the person to continue to self-quarantine for a further 14 days or until such other time (including by reference to an event) specified in the notice as given under this subclause,

then the period of self-quarantine is extended by the period set out in the notice in subclause (b) after the time specified in the notice given under clause 6(1)(b) or as varied under clause 6(10).

Note 1: close contacts of diagnosed persons will be offered a test for SARS-CoV-2 on day 13 of their initial self-quarantine period, as testing at this time is likely to detect the presence of SARS-CoV-2 even if the person has not yet developed symptoms. As a person may be infectious for up to 14 days after the 14 day incubation period, if this test does not occur an authorised officer may give a further direction under section 200(1)(d) to extend the initial period of self-quarantine for an extended period of self-quarantine, being a

period of up to 14 days. Such extended period of quarantine is required to prevent a person who develops SARS-CoV-2 towards the end of the 14 day incubation period, even if not symptomatic, transmitting SARS-CoV-2 to the broader community.

Note 2: in some circumstances, the Chief Health Officer or Deputy Chief Health Officer may consider it appropriate to exempt a person from the extension of their self-quarantine period under clause 9, having regard to the need to protect public health and relevant principles in the PHW Act as they apply in the person's individual circumstances.

Note 3: a person is not required to continue to self-quarantine under subclause (4) if the person is exempted in accordance with clause 9, either before or after the period of self-quarantine is extended pursuant to subclause (4).

 - (v) the entry is otherwise required or authorised by law.
- (3) Subclause (2)(c) does not apply to a person who is a **resident** of a care facility.

 - (a) need to protect public health; and
 - (b) principles in sections 5 to 10 of the PHW Act, as appropriate.
- (3) An exemption under subclause (2) must:
 - (a) be given, in writing, to the person the subject of the exemption; and
 - (b) specify the requirement or requirements that the person need not comply with.
- (4) An exemption granted to a person under this clause does not prevent an authorised officer from exercising an emergency power to give the person a different direction or impose a different requirement on the person.
