- (a) the Expert Review Panel may make a determination in relation to a person if the Expert Review Panel is satisfied that the person is at negligible risk of infection of SARS-CoV-2, on the basis that the person has previously been a diagnosed person and has since been given clearance from self-isolation in accordance with clause 5(1) and must give the person notice of the decision; and
  - (b) for the purposes of subclause (a), the notice must be in writing but is not required to be in a particular form.

*Review of determination and notice*

- (12) The Chief Health Officer, a Deputy Chief Health Officer or an **authorised officer** who is authorised to exercise **emergency powers** under section 199(2)(a) of the PHW Act, may review a determination made under subclause (2) or (4) and, if satisfied that it is appropriate, having regard to Departmental Requirements, may:

- (16) If a close contact is required to self-quarantine under clause 6 and, during the period of self-quarantine, another person informs the close contact that they intend to commence residing at the premises chosen by the close contact:
  - (a) the close contact must inform the other person of their self-quarantine; and
  - (b) if the other person commences residing at the premises, the close contact must notify the Department that a person has commenced residing with the close contact and of the name of that person.

## 7 Testing of persons in self-quarantine

- (1) If a close contact is required to self-quarantine under clause 6 and, during the period of self-quarantine, the person:
  - (a) is tested for SARS-CoV-2; and
  - (b) the period of self-quarantine expires during the period in which the person is awaiting the result of that test,

the period of self-quarantine is extended until the person receives the result of the test.

*Note 1: persons who are in self-quarantine and experience a temperature higher than 37.5 degrees or symptoms of acute respiratory infection are encouraged to get tested. In certain circumstances, a person may be required to comply with an order that they undergo a medical test: PHW Act, section 113(3).*

*Note 2: in some circumstances, the Chief Health Officer or Deputy Chief Health Officer may consider it appropriate to exempt a person from the extension of the period of self-quarantine period under clause 7(1), having regard to the need to protect public health and relevant principles in the PHW Act as they apply in the person's individual circumstances: clause 9.*

*Note 3: a person is not required to continue to self-quarantine under subclause (1) if the person is exempted in accordance with clause 9, either before or after the period of self-quarantine is extended pursuant to subclause (1).*

- (2) If a close contact is required to self-quarantine under clause 6 and, during the period of self-quarantine, the person receives a test result stating that they have been diagnosed with SARS-CoV-2, the person becomes a diagnosed person and must self-isolate under clause 4.

- (3) If a close contact is required to self-quarantine under clause 6 and, during the period of self-quarantine, the person receives a test result stating that they have not been diagnosed with SARS-CoV-2, the person:
- (a) if the period of self-quarantine has not expired – must continue to self-quarantine under clause 6 for the remainder of the self-quarantine period; or
  - (b) if the period of self-quarantine was extended under subclause (1) – may cease self-quarantining immediately; or
  - (c) if the period of self-quarantine was extended under subclause (4) – may cease self-quarantining at the time referred to in clause 7(4)(c) and, if that time has already passed, may cease self-quarantining immediately.
- (4) If a close contact is required to self-quarantine under clause 6 and:
- (a) clause 6(4)(a) applies to the person and the person refuses or otherwise fails to take a test for SARS-CoV-2 when offered on the sixth day of their period of self-quarantine; and
  - (b) clause 6(4)(b) applies to the person and the person refuses or otherwise fails to take a test for SARS-CoV-2 when offered on the thirteenth day of their period of self-quarantine,

then the Chief Health Officer, a Deputy Chief Health Officer or an **authorised officer** authorised to exercise **emergency powers** under section 199(2)(a) of the PHW Act, may make a determination in relation to a person that the period of self-quarantine is extended until the earlier of:

- (c) a period specified in the notice (which must not exceed 14 days); or
- (d) the person receives a test result stating that they have not been diagnosed with SARS-CoV-2,

and must give the person notice of the decision.

*Note 1: close contacts of diagnosed persons will be offered a test for SARS-CoV-2 on day 6 (if the relevant period is 7 days) or day 13 (if the relevant period is 14 days), as testing at this time is likely to detect the presence of SARS-CoV-2 even if the person has not yet developed symptoms. As a person may be infectious for up to 14 days after the 14 day incubation period, if this test does not occur an authorised officer may give a further direction under section 200(1)(d) and clause 7(4) to extend the period of self-quarantine for an additional period, being the period specified in the notice (which must not exceed 14 days) or the person receives a test result stating that they have not been diagnosed with SARS-CoV-2 (whichever is earlier). Such extended period of self-quarantine is required to prevent a person who develops SARS-CoV-2 towards the end of the likely incubation period, even if not symptomatic, transmitting SARS-CoV-2 to the broader community.*

*Note 2: in some circumstances, the Chief Health Officer or Deputy Chief Health Officer may consider it appropriate to exempt a person from the extension of the period of self-quarantine period under clause 7(4) under clause 9, having regard to the need to protect public health and relevant principles in the PHW Act as they apply in the person's individual circumstances.*

*Note 3: a person is not required to continue to self-quarantine under subclause (4) if the person is exempted in accordance with clause 9, either before or after the period of self-quarantine is extended under subclause (4).*

- (5) For the purposes of subclause (4), the notice must be given in writing but is not required to be in a particular form.

## 8 Requirements of self-isolation and self-quarantine

- (a) self-isolate at a premises under clause 4; or

## Section 200

**DIRECTIONS FROM ACTING CHIEF HEALTH OFFICER IN ACCORDANCE WITH EMERGENCY POWERS ARISING FROM DECLARED STATE OF EMERGENCY****Workplace (Additional Industry Obligations) Directions (No 53)**

I, Professor Benjamin Cowie, Acting Chief Health Officer, consider it reasonably necessary to eliminate or reduce the risk to public health – and reasonably necessary to protect public health – to give the following directions pursuant to section 200(1)(d) of the **Public Health and Wellbeing Act 2008** (Vic.) (**PHW Act**):

**1 Preamble**

- (1) The presence of a person with a positive diagnosis of Novel Coronavirus 2019 (**SARS-CoV-2**) at a **Work Premises** is considered to pose an immediate risk of transmission to persons who attend, or may attend, the Work Premises.
- (2) The purpose of these directions is to establish additional specific obligations on **employers** and **workers** in specific industries in relation to managing the risk associated with SARS-CoV-2.
- (3) These directions must be read together with the **Directions currently in force**.
- (4) These directions are intended to supplement any obligations an employer may have under the **OHS Act** and the **Workplace Directions** and are not intended to derogate from any such obligations.
- (5) These directions replace the **Workplace (Additional Industry Obligations) Directions (No. 52)**.

**2 Citation**

These directions may be referred to as the **Workplace (Additional Industry Obligations) Directions (No. 53)**.

**3 Revocation**

The **Workplace (Additional Industry Obligations) Directions (No. 52)** are revoked at 11:59:00 pm on 23 October 2021.

**4 Commencement**

These directions commence at 11:59:00 pm on 23 October 2021 and end at 11:59:00 pm on 18 November 2021.

**5 Application of directions to certain employers and roles**

- (1) These directions apply to **Additional Obligation Industries**, namely:
  - (a) **poultry processing facilities;**
  - (b) **abattoirs and meat processing facilities;**
  - (c) **seafood processing facilities;**
  - (d) **supermarket Work Premises and perishable food Work Premises;**
  - (e) **warehousing and distribution centres;**
  - (f) **commercial cleaning services;**
  - (g) **commercial passenger vehicle services;**
  - (h) **horticulture operations using seasonal workers for seasonal horticultural work;**
  - (i) **care facilities;**
  - (j) **ports of entry** servicing international arrivals;
  - (k) **hotel quarantine;**

- (l) **hospitals;**
  - (m) **Australian air transport operators;**
  - (n) **construction sites;**
  - (o) **schools;**
  - (p) **childcare or early childhood education services.**
- (2) These directions apply to Additional Obligation Industries Work Premises that are located:
- (a) in relation to supermarket Work Premises and perishable food Work Premises, and warehousing and distribution centres, in **Metropolitan Melbourne**; and
  - (b) in relation to all other Additional Obligation Industries not referred to in subclause (2)(a), anywhere in Victoria, unless these directions indicate otherwise.
- (3) The **daily peak workforce capacity** is the daily average of the highest number of workers at the Work Premises each day calculated over the period of:
- (a) August 2021; or
  - (b) any three consecutive months in the last 12 months.
- (4) The **daily total workforce capacity** is the daily average of the total number of workers at the Work Premises each day over the period of:
- (a) August 2021; or
  - (b) any three consecutive months in the last 12 months.

*Example 1:*

*On one day, a distribution business had workers working over two shifts:*

*(a) 6:00 am to 2:00 pm: 120 workers*

*(b) 12:00 pm to 8:00 pm: 150 workers*

*During the crossover of the two shifts, the business had 270 workers working at the Work Premises at any one time – this is the daily peak workforce capacity on this day. Over the two shifts, the Work Premises had 270 workers in total – this is the daily workforce capacity on this day.*

*The same calculation is undertaken for each day of either August 2021 or any continuous three month (13 week) consecutive period in the last 12 months. These figures are then averaged over the period to calculate the daily peak workforce capacity and the daily total workforce capacity over the period.*

*Example 2:*

*On one day, a meat processing business had people on the Work Premises, including **employees**, contractors and labour hire, working over three shifts with no cross-over of workers:*

*(a) 4:00 am to 10:00 am: 120 workers*

*(b) 10:30 am to 4:30 pm: 100 workers*

*(c) 5:00 pm to 11:00 pm: 80 workers*

*The daily peak workforce capacity on this day is 120 workers. Over the three shifts, the business had 300 workers working in total – this is the daily total workforce capacity on this day.*

I, Professor Benjamin Cowie, Acting Chief Health Officer, consider it reasonably necessary to protect public health to give the following directions pursuant to section 200(1)(d) of the **Public Health and Wellbeing Act 2008** (Vic.) (**PHW Act**):

**1 Preamble**

- (1) The presence of a person with a positive diagnosis of severe acute respiratory syndrome coronavirus 2 (**SARS-CoV-2**) at a **Work Premises** is considered to pose an immediate risk of transmission to persons who attend, or may attend, the Work Premises.
- (2) The purpose of these directions is to limit the number of Victorians attending Work Premises to assist in reducing the frequency and scale of **outbreaks** of SARS-CoV-2 in Victorian workplaces and to establish more specific obligations on **employers** and **workers** in relation to managing the risk associated with SARS-CoV-2.
- (3) These directions must be read together with the **Directions currently in force**.
- (4) These directions are intended to supplement any obligation an employer may have under the **OHS Act** and are not intended to derogate from any such obligations.
- (5) These directions replace the **Workplace Directions (No. 52)**.

**2 Citation**

These directions may be referred to as the **Workplace Directions (No. 53)**.

**3 Revocation**

The **Workplace Directions (No. 52)** are revoked at 11:59:00 pm on 23 October 2021.

**4 Commencement**

These directions commence at 11:59:00 pm on 23 October 2021 and end at 11:59:00 pm on 18 November 2021.

**5 Operation of a Work Premises**

*Example: workers conducting scoping work on empty land prior to the commencement of construction will not be required to check-in using the Victorian Government QR code system. However, a worker entering a site office on otherwise empty land will need to check-in to that office using the Victorian Government QR code system.*
- (12) An employer to whom clause 7 (*accommodation facilities*) of the **Open Premises Directions** as applicable, applies is only required to comply with subclause (7) in respect of a person who:

- (a) is not registered to stay overnight at the **accommodation facility**; and
  - (b) attends a communal or shared accommodation space.
- (13) Despite subclause (7):
- (a) an owner of a vehicle used as a commercial passenger vehicle service; or
  - (b) an employer in respect of:
    - (i) public transport; or
    - (ii) a stop or station for passenger services of a public transport service, other than stops or stations that are not regularly staffed; or
    - (iii) a tour and charter bus service,must make available and clearly visible and accessible in the vehicle, stop or station at all times, a sign that allows members of the public in the vehicle or at the stop or station to use the Victorian Government QR code system.
- (14) In handling any information collected under subclause (6):
- (a) an employer who uses or an owner who makes available a system other than the Victorian Government QR code system, must:
    - (i) not collect personal information unless:
      - (A) the information is necessary to meet the requirements outlined in subclause (6); or
      - (B) the information is provided by a driver or passenger using the system made available under subclause (13); and
    - (ii) use reasonable endeavours to protect the personal information from use or disclosure, other than in accordance with a request made by an Authorised Officer (or a person assisting an Authorised Officer); and  
*Note: information should be collected in a way that protects it from being disclosed to other patrons.*  
*Example: where using a paper-based method, a sheet of paper could be placed over previous visitor details on a sheet that records the names.*
    - (iii) use reasonable endeavours to notify the person from whom the personal information is being collected that the primary purpose of collection is for SARS-CoV-2 contact tracing, and that their personal information may be collected and stored by the Victorian Government for this purpose; and
    - (iv) destroy the information as soon as reasonably practicable following 28 days after the attendance at the Work Premises, unless a statutory requirement permits or requires the personal information to be retained; and  
*Note: subclause (14)(a) is intended to apply to employers who use or owners who collect information pursuant to subclauses (6) or (13) using a method other than the Victorian Government QR code system, whether or not:*
    - (a) the employer also uses or the owner also uses the Victorian Government QR code system to comply with subclauses (6) or (13); or
    - (b) the system used by the employer or made available by the owner links to the Victorian Government QR code system.
  - (b) Service Victoria and/or another operator of the Victorian Government QR code system must destroy the information as soon as reasonably practicable following 28 days after the attendance at the Work Premises unless a statutory requirement permits or requires the personal information to be retained.

*Additional records requirement (additional records requirement)*

- (15) An employer must keep records to demonstrate compliance with these directions, including (but not limited to):
- (a) all logs created during the time these directions are in place;
  - (a) Work Premises rosters;
  - (b) time and attendance records;
  - (c) payroll data.
- (16) In collecting the information outlined in subclause (15), an employer must:
- (a) use reasonable endeavours to protect the personal information from use or disclosure, other than in accordance with a request made by an Authorised Officer; and
  - (b) destroy the information as soon as reasonably practicable, unless another statutory requirement permits or requires the personal information to be retained.

*Density quotient (density quotient)*

- (17) In any shared spaces and publicly accessible areas at the Work Premises, an employer must comply with the density quotient for each shared space and each publicly accessible space.

*Note: in relation to a **care facility**, shared spaces and publicly accessible spaces include entrance areas, waiting rooms and communal areas where visitors may enter but do not include patient or resident rooms or resident lounges not accessible by visitors.*

- (17A) The requirement in subclause (17) does not apply in respect of a public transport service, stops or stations for passenger services of a public transport service or tour and charter bus service.

*Note: despite subclause (17A), tour and charter bus services operated by licensed tourism operators remain subject to the **Open Premises Directions** as applicable.*

- (18) The density quotient in relation to Work Premises for the purposes of subclause (17) limits:

- (a) in relation to a shared space, the number of persons who are permitted in a shared space; or
- (b) in relation to a publicly accessible space:
  - (i) where that publicly accessible space is occupied by workers on an ad hoc basis, the number of members of the public; or
  - (ii) where that publicly accessible space is occupied by workers on an ongoing basis, the number of persons,

*Note: the **Open Premises Directions** specify which facilities should calculate the density quotient by reference to the number of persons in the accessible area or alternatively the number of members of the public in the accessible area.*

at any one time to the number calculated by dividing the total accessible space (measured in square metres) by 4 in relation to any shared space or publicly accessible space and:

- (c) for an indoor space, applies to each single undivided space permitted to operate under these directions; and
- (d) for an **indoor zone**, applies to each indoor zone within an indoor space permitted to operate under these directions; and
- (e) for an outdoor space, market or **retail shopping centre**, applies to the total space permitted to operate under these directions; and
- (f) for a hospital, to non-clinical areas of the **hospital** where practicable; and

- (g) for a Work Premises that is the employer's ordinary place of residence, to each space of the residence accessible to persons for the purposes of receiving goods or services from the employer or a worker.

*Example: if an outdoor space is 8.5 metres long and 4.5 metres wide, its total area is 38.25 square metres. Its density quotient is 9.56, so no more than 9 members of the public would be permitted to be in the outdoor space at the same time.*

- (19) The number of people allowed in a shared space or publicly accessible area may be subject to a separate specified density measure or cap under the **Open Premises Directions** and, in those circumstances, the density quotient will not apply.
- (20) Despite subclauses (17), (18) and (19), an employer is not required to comply with the density quotient in respect of:
- (a) any shared spaces in schools, non-school senior secondary providers, childcare or early childhood services, or **higher education services** used by students or children, including classrooms; and
  - (b) clinical areas of a hospital; and
  - (c) any Work Premises, or part thereof, that has been granted an exemption to the density quotient by the Chief Health Officer in writing, including on specified conditions, on the basis that:
    - (i) the work is urgently required to be undertaken at that Work Premises, or part thereof, for the purpose of sustaining human health, safety and wellbeing; and
    - (ii) the work cannot be carried out, or cannot safely be carried out, while complying with the density quotient; and
  - (d) areas of a building that are being used for the purpose of a jury trial, except the employer must ensure the total number of persons present in the areas that are being used for the purpose of a jury trial at any one time does not exceed the number calculated by dividing the total accessible space (measured in square metres) by 2.

*Note 1: in relation to a school, non-school senior secondary provider, education and care service, childcare or early childhood service, or higher education service, spaces for the purpose of student and children use (such as classrooms, hallways and gymnasiums) are not subject to the density quotient. The density quotient does, however, still apply to office areas including shared spaces that form part of an office area, spaces such as lunchrooms, photocopier room, principal's office, back of reception and resource rooms. The density quotient also applies to any publicly accessible areas (including in relation to a school, non-school senior secondary providers, or childcare or early childhood service, or higher education service), and any such publicly accessible areas that are subject to the **signage requirement** under subclause (21).*

*Note 2: in relation to a school, non-school senior secondary provider, childcare or early childhood service, or higher education service using facilities other than the school, childcare or higher education service premises, the density quotient of the relevant facility and the relevant requirements of the facility's COVIDSafe Plan will apply to the school, non-school senior secondary provider, childcare or early childhood service, or higher education service when using that facility. As an alternative to using the facility's COVIDSafe Plan, the school, non-school senior secondary provider, childcare or early childhood service, or higher education service may apply their own COVIDSafe Plan to the use of the facility, so long as it has been adjusted so that it is fit for purpose taking into account the unique features of the relevant facility.*

*Note 3: in relation to a hospital, clinical areas including emergency department waiting rooms and hospital wards are areas of a hospital that the density quotient does not apply to, however, other non-clinical areas of the hospital are subject to the density quotient where practicable.*

#### **Signage requirements (signage requirement)**

- (21) Where a Work Premises has a publicly accessible space to which the density quotient applies, an employer must display a sign at each public entry to each such space that includes a statement specifying the maximum number of members of the public that may be present in the space at a single time, being the number permitted by the density quotient, rounded down to the nearest whole number.

*Example: if an area is 8.5 metres long and 4.5 metres wide, its total space is 38.25 square metres. Its density quotient is 9.56. The sign should state that the maximum number of members of the public that may be present in the space at a single time is 9.*

- (22) A person who owns, operates or controls a market stall, market or retail shopping centre must:
- (a) limit the number of members of the public permitted by the density quotient as it applies respectively to the market stall, market or the retail shopping centre; and
  - (b) use reasonable endeavours to implement relevant recommendations by the Victorian Government to manage public health risks arising out of the operation of the facility.
- (23) Where any other Directions currently in force require a face covering to be worn in a Work Premises or part of a Work Premises:
- (a) an employer in relation to that Work Premises; or
  - (b) a person who owns, operates or controls that Work Premises,
- must display a sign at each public entry advising that each person entering the Work Premises must wear a face covering, unless an exception under a Direction currently in force applies.

*Cleaning requirements (cleaning requirement)*

- (24) An employer must take all reasonable steps to ensure that shared spaces at which work is performed and areas accessible to members of the public at any Work Premises are **cleaned** on a regular basis, including:
- (a) frequently touched surfaces, including toilets and handrails, are cleaned at least twice on any given day; and
  - (b) surfaces are cleaned when visibly soiled; and
  - (c) if a function is to occur, a reasonable period of time has elapsed since the conclusion of any earlier function to allow for cleaning in between the functions; and
  - (d) surfaces accessible to a particular group are cleaned between groups; and  
*Example: cleaning surfaces between shifts of workers.*
  - (e) surfaces are cleaned immediately after a spill on the surface.
- (25) To ensure a surface is cleaned for the purposes of these directions, a person must wipe the surface with a detergent before applying a disinfectant:
- (a) the label of which states a claim by the manufacturer that the disinfectant has anti-viral properties; or
  - (b) made by a person according to instructions issued by the Department.
- (26) A person who owns, operates or controls a market stall, market or retail shopping centre must comply with the cleaning requirement respectively for the market stall, market or the common areas of the retail shopping centre.

*Work Premises at private residences*

- (27) An employer in respect of a Work Premises that is also a private residence may only operate that Work Premises if members of the public can access the Work Premises by a separate entrance to that used by the persons who reside at that residence and their visitors.

*Note: this subclause applies insofar as Work Premises are permitted to operate under the **Open Premises Directions**.*

**7 Responding to a suspected case of SARS-CoV-2 in a Work Premises**

- (1) An employer must not require a worker to perform work at a Work Premises if the worker is displaying one or more **SARS-CoV-2 Symptoms**.

- (2) As soon as practicable after becoming aware of a suspected case in a worker who has attended a Work Premises in the period commencing 48 hours prior to the onset of symptoms, an employer must:
- (a) advise the worker to **self-isolate** immediately and support the worker in doing so, by either:
    - (i) directing the worker to travel home immediately (and providing support to the worker to do so); or
    - (ii) where the worker is unable to travel home immediately, directing the worker to isolate themselves at the Work Premises and, whilst doing so, to wear a face covering and remain at least 1.5 metres from any other person at the Work Premises, until the worker can return home later that day to self-isolate; and

*Note: the worker should isolate in a separate room from other persons, where possible.*
  - (b) advise the worker to be tested for SARS-CoV-2 as soon as practicable, and to self-isolate whilst awaiting the result of that test; and
  - (c) take all reasonably practicable steps to manage the risk posed by the suspected case, including but not limited to:
    - (i) cleaning areas of the Work Premises used by the suspected case (including their personal workspace and any areas in the Work Premises frequently used by the suspected case);
    - (ii) cleaning high-touch surfaces at the Work Premises likely to have been frequented by the suspected case; and

*Examples: lift buttons, door handles, washroom facilities, kitchen facilities, water coolers. For further information, see the guidance [www.dhhs.vic.gov.au/coronavirus-cleaning-guidelines-for-workplaces-doc](http://www.dhhs.vic.gov.au/coronavirus-cleaning-guidelines-for-workplaces-doc) as amended or replaced from time to time by the Victorian Government.*
  - (d) ensure appropriate records are maintained in accordance with clause 6(6) in order to support contact tracing if the suspected case becomes a confirmed case, particularly from the period commencing 48 hours prior to the onset of symptoms in the suspected case; and
- Note: this will include, for example, rosters and worker details, and details of all visitors to the Work Premises, to ascertain which persons were present at the Work Premises and who they may have come into contact with.*
- (e) inform all workers (including the **health and safety representative**) to be vigilant about the onset of symptoms of SARS-CoV-2 and advise all workers to be tested for SARS-CoV-2 and self-isolate if they become symptomatic.

## 8 Responding to a confirmed case of SARS-CoV-2 in a Work Premises

- (a) the onset of symptoms of SARS-CoV-2 in the worker, if symptomatic; or
  - (b) the worker having been tested for SARS-CoV-2, if asymptomatic,
- and up to the **diagnosed person** receiving clearance from the Department.
- (2) A worker who has received a positive test result for SARS-CoV-2 must, as soon as practicable, notify the employer of any Work Premises which the worker has attended in the Relevant Period.
- (3) As soon as practicable after becoming aware of a confirmed case who has attended the Work Premises in the Relevant Period, the employer must:
- (a) notify the Department and WorkSafe in accordance with the **Occupational Health and Safety (COVID-19 Incident Notification) Regulations 2021** and the health and safety representative at the Work Premises; and

- (b) to the extent not already completed, direct the **diagnosed worker** not to attend the Work Premises and advise them to self-isolate in accordance with clause 7(2)(a); and
- (c) undertake a risk assessment to determine whether the Work Premises (or the relevant part of the Work Premises in which the diagnosed worker worked in the Relevant Period) must be closed to allow cleaning and contact tracing to occur or whether the risk can be managed whilst the Work Premises (or part of it) continues to operate; and
- (d) undertake a comprehensive clean of the Work Premises (or the relevant part of the Work Premises in which the diagnosed worker worked in the Relevant Period, and any high touch areas likely to have been touched by the diagnosed worker) in accordance with guidelines published by the Department; and

*Note: online guidance from the Department can be obtained from the following link: [www.dhhs.vic.gov.au/coronavirus-cleaning-guidelines-for-workplaces-doc](http://www.dhhs.vic.gov.au/coronavirus-cleaning-guidelines-for-workplaces-doc) as amended or replaced from time to time by the Victorian Government.*

- (e) consult with the diagnosed worker and examine the employer's own records to determine any **close contacts** of the diagnosed worker at the Work Premises within the Relevant Period and, where any close contacts are identified and the employer has the relevant contact details of the close contact:

*Note: for record-keeping obligations to assist with identification of close contacts and contact tracing, see clause 6(6).*

- (i) if the close contact is a worker, direct them to leave the Work Premises and advise them to **self-quarantine**; and
  - (ii) if the close contact is not a worker, issue them a written communication to recommend that they self-quarantine in accordance with guidance from the Department; and
- (f) notify all workers when a worker has tested positive to SARS-CoV-2; and
- (g) inform all workers (including health and safety representatives) to be vigilant about the onset of SARS-CoV-2 Symptoms and advise all workers to be tested for SARS-CoV-2 and self-quarantine if they become symptomatic; and
- (h) put in place appropriate control and/or risk management measures to reduce the risk of spreading SARS-CoV-2 at the Work Premises; and

*Note: employers are encouraged to ensure that any risks identified from the confirmed case are addressed in these control measures.*

*Examples: increasing the implementation and enforcement of control measures with respect to PPE (such as face coverings) and physical distancing.*

- (i) contact the Department (or other entity nominated by the Department on its website) and:
  - (i) notify it of the actions taken in accordance with subclauses (3)(a) to (h); and
  - (ii) provide it with a copy of the risk assessment conducted in accordance with subclause (3)(c); and
  - (iii) provide the Department (or other entity nominated by the Department) with contact details of any close contacts (whether or not workers) identified pursuant to subclause (3)(e); and
  - (iv) comply with any further directions given by the Department or WorkSafe in relation to closure of the Work Premises (or part of the Work Premises) and/or cleaning; and

- (j) where the Work Premises (or part of the Work Premises) is closed, not re-open that Work Premises (or that part of the Work Premises which was closed) until all of the following have occurred:
  - (i) the employer has complied with all of its obligations under subclauses (3)(a) to (i); and
  - (ii) the Department has completed all relevant contact tracing; and
  - (iii) the Department has given clearance for the Work Premises to re-open.

*Note: employers must comply with their obligations under occupational health and safety laws, including notifying WorkSafe in accordance with the **Occupational Health and Safety (COVID-19 Incident Notification) Regulations 2021**.*
