Section 4.3.11 of the **Education and Training Reform Act 2006** (the Act) provides the criteria for registration which requires a person, body or school to comply with the prescribed minimum standards.

Section 4.3.11(3) provides that the Victorian Registration and Qualifications Authority (the Authority) may from time to time issue guidelines about these matters.

The revised guidelines will apply to all applicants seeking the Authority's approval to provide a senior secondary or foundation secondary course in a non-school setting, including all VRQA approved non-school senior secondary or foundation secondary education providers from 1 July 2022.

JONATHAN KAPLAN
Chief Executive Officer (Director)
Victorian Registration and Qualifications Authority

GUIDELINES FOR NON-SCHOOL PROVIDERS: MINIMUM STANDARDS FOR REGISTRATION TO PROVIDE AN ACCREDITED SENIOR SECONDARY OR FOUNDATION SECONDARY COURSE**INTRODUCTION**

The Victorian Registration and Qualifications Authority (VRQA) registers providers to deliver the Victorian Certificate of Education (VCE) and/or the Victorian Certificate of Applied Learning (VCAL)* in full or single courses in a non-school setting. From 30 June 2022, providers may also apply for registration to deliver the Victorian Pathways Certificate (VPC).

*(From 1 January 2023, the VCAL will be replaced by the VCE Vocational Major and the VPC)

The **Education and Training Reform Act 2006** (the Act) lists the minimum standards that non-school senior secondary and foundation secondary providers (non-school providers) must satisfy to become and remain registered.

Section 4.3.11 of the Act provides that the VRQA must not register a person, body or school as a provider of an accredited senior secondary or foundation secondary course unless the VRQA is satisfied that the person, body or school meets the minimum standards.

These Guidelines deal with the minimum standards that apply to non-school providers offering an accredited senior secondary course such as the VCE or the VCAL or an accredited foundation secondary course such as the VPC.

About the Guidelines

The Guidelines are issued to provide guidance on the information, documents and other evidence the VRQA will require in order for it to be satisfied that a non-school provider meets the minimum standards.

The Guidelines should be used by a non-school provider:

- seeking registration to deliver an accredited senior secondary course
- seeking registration to deliver an accredited foundation secondary course.

They are issued pursuant to section 4.3.11(3) of the Act, which empowers the VRQA to issue guidelines on the minimum standards for registration to offer an accredited senior secondary course or an accredited foundation secondary course and the fit and proper person requirements for those involved in the management of a non-school provider.

The Guidelines will also be used by the VRQA to decide whether to register or re-register a provider and when conducting reviews to determine whether a provider continues to satisfy the minimum standards.

The Guidelines do not detail all the evidence a provider may need to provide to demonstrate compliance with the minimum standards. The VRQA may request evidence that is in addition to or different from that set out in these Guidelines.

References to regulations, Ministerial Orders or provisions of the Act are as at the date of these Guidelines. From time to time there may be amendments to the Act or the Education and Training Reform Regulations 2017 (ETR Regulations), or the issuing of new Ministerial Orders. It is the responsibility of providers and those applying for registration to ensure they are across any of these changes.

REQUIREMENTS FOR REGISTRATION

The Act requires all providers in Victoria to be registered before they can offer or deliver an accredited senior secondary or foundation secondary course. It is an offence under section 4.7.3 of the Act to provide or to offer to provide a senior secondary or foundation secondary course without being registered by the VRQA.

Applicants seeking registration as a non-school provider, or non-school providers wishing to extend their scope of delivery by adding an additional senior secondary or a foundation secondary course, must first apply to the Victorian Curriculum and Assessment Authority (VCAA) for authorisation.

From 2022, providers can no longer apply to the VCAA for authorisation to deliver the VCAL. Information on authorisation is available at:

- www.vcaa.vic.edu.au/administration/schooladministration/authorisation/Pages/index.aspx
- Registration is for up to a maximum of 5 years. Providers will need to re-register prior to their expiry date. Registered schools are exempted under section 4.3.12(1A) of the Act from having to apply for re-registration.

Providers offering education to students of compulsory school age (6–17 years)

Under section 4.7.1 of the Act, it is an offence to conduct a school unless the school is registered.

Section 1.1.3 defines a school as a place at or from which education is provided to children of compulsory school age (that is, aged 6–17 years) during normal school hours. Some institutions are excluded from the definition of a school, such as a TAFE institute, a university, an adult education institution such as AMES Australia, and some registered training organisations (RTOs).

This exemption from the definition of a school also includes an education provider that has at least 85% of its students above the compulsory school age and which the Authority is satisfied has been established for the main purpose of providing education or training to students above the compulsory school age listed in regulation 6 (1)(d)(iii) of the ETR Regulations.

Providers offering or seeking to offer an accredited senior secondary or foundation secondary course will need to check whether they should be registered as a school and have to meet the additional requirements for school registration.

Providers offering courses to students from overseas

Providers offering or proposing to offer courses to students from overseas are regulated by Part 4.5 of the Act and the **Education Services for Overseas Students Act 2000** (Cwth) (ESOS Act). These impose additional requirements that providers must satisfy to offer courses to overseas students.

The provider must not enrol overseas students until it is registered by the VRQA.

If approved, the VRQA may then recommend to the Commonwealth that the provider be registered under the ESOS Act.

If the provider is already registered on the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS), evidence of compliance with the National Code must be provided for the relevant senior secondary qualification. The provider will need to take particular note of the requirements pertaining to membership of the Tuition Protection Service.

If the provider is intending to deliver a senior secondary course for overseas students, evidence of compliance with the ESOS Act (as amended in 2007) and *The National Code of Practice for Registration Authorities and Providers of Education and Training to Overseas Students 2018* will also need to be provided.

Providers cannot apply to deliver a foundation secondary course such as the VPC to overseas students because the VPC is not a senior secondary course or an accredited course under the Australian Qualifications Framework (AQF).

If a registered non-school provider wishes to deliver the VCE to students outside Victoria (including offshore), it must apply to the VCAA for a licence.

Further information for providers seeking approval and registration to offer courses to students from overseas is available at:

- www.vrqa.vic.gov.au/registration/Pages/schcricos.aspx.

Providers should contact the VRQA for further information about registration and/or re-registration as a CRICOS provider.

Requirement to comply with the minimum standards

All providers must comply with the minimum standards for registration to provide an accredited senior secondary or foundation secondary course set out in Schedule 8 of the ETR Regulations and any other requirements specified in the Act. The VRQA works with the VCAA, the owner of the VCE, the VCAL and the VPC to monitor compliance with the minimum standards.

Providers must also comply with the Child Safe Standards. From 1 July 2022, new Victorian Child Safe Standards will commence. Providers must ensure that they meet the new standards by this date.

In the event that two or more providers share the responsibility for providing an accredited senior secondary course or its components, or an accredited foundation secondary course or its components each provider must have procedures in place to ensure the minimum standards are met. A written agreement must be in place to ensure the responsibilities of each provider are clear. In particular, the provider must ensure that the written agreement ensures that it continues to meet the student welfare minimum standard, including complying with the Child Safe Standards.

Complaints about providers

The VRQA may investigate complaints regarding a breach by a provider of the minimum standards or the Act.

A complainant must first raise the concerns with the relevant person, principal, chief executive officer or governing body, which must be given a reasonable time to respond. If not satisfied with the response, a complaint may then be made to the VRQA. However, this requirement does not apply if the VRQA is satisfied that there are reasonable grounds for the complainant failing to make a complaint to the provider.

Information regarding the VRQA's complaints process is available on the VRQA's website.

The VRQA is also required to investigate a complaint alleging a breach of obligations by a provider in relation to the democratic principles, the availability of information about the provider's performance, and the right of a parent or student to access information about the student's achievement.

THE MINIMUM STANDARDS

Standard 1 – Principles

- (1) The programs and teaching of a senior secondary education provider or a foundation secondary education provider must support and promote the principles and practice of Australian democracy, including a commitment to –
 - (a) elected Government; and
 - (b) the rule of law; and
 - (c) equal rights for all before the law; and

- (d) freedom of religion; and
 - (e) freedom of speech and association; and
 - (f) the values of openness and tolerance.
- (2) Nothing in this clause is intended to affect any right accorded to, or compliance with any obligation imposed on, a provider under an enactment of the State or of the Commonwealth.

Schedule 8 clause 1 of the Education and Training Reform Regulations 2017

Explanatory notes

The last paragraph of the above standard does not limit the operation of other laws of the State or Commonwealth. For example, section 39 of the **Equal Opportunity Act 2010** allows an education provider to operate wholly or mainly for students of a particular sex, race, religious belief, age or age group, or students with a general or particular disability. This enables a provider established by a particular religious denomination or group of religious denominations to give preference in its enrolment policy to adherents of that denomination(s) or their children. The provider in this example is required to have written policies that are communicated to staff, students, parents and the community.

Evidence guide

There must be evidence in the form of a statement affirming the provider's adherence to the principles and practice of Australian democracy. This might be included in the provider's constitution, prospectus, handbook or policies.

Standard 2 – Student learning outcomes

- (1) A senior secondary education provider or a foundation secondary education provider that provides, or proposes to provide, an accredited senior secondary course or an accredited foundation secondary course must –
- (a) deliver the course to the standards established by the awarding body for the qualification; and
 - (b) ensure that a student who satisfactorily completes all of the course requirements is entitled to be awarded the registered qualification.

Schedule 8 clause 2 of the Education and Training Reform Regulations 2017

Explanatory notes

Providers must be able to demonstrate understanding of the VCAA standards and requirements including the course outlines for the VCE and/or VCAL and/or the VPC, and deliver the course in accordance with those standards and requirements. This evidence needs to be specific to the cohort of students to ensure that students understand the course requirements, including the course standards, completion requirements and the timelines in place.

Evidence guide

There must be evidence in the form of:

- sample student learning sequences and an assessment plan for the accredited course
- procedures and documentation to indicate that staff and students have been provided with current and accurate information about the VCAA standards and requirements including course standards, completion requirements, timelines, and the current VCAA *VCE and VCAL Administrative Handbook* and/or the current *VPC Administrative Handbook*.

External providers

Where part or all of the course is delivered by another registered provider, there must be evidence in the form of a written agreement that sets out how the requirements of the student learning outcomes standard will be met (also see Schedule 8 clauses 3, 4, 5 and 6 of the ETR Regulations).

Standard 3 – Student welfare

- (1) A senior secondary education provider or a foundation secondary education provider must have policies and procedures in place that are consistent with any relevant laws and legislation to ensure the care, safety and welfare of students and the provision of opportunities for students with special needs to access the course.
 - (2) If two or more senior secondary education providers or foundation secondary education providers share the responsibility for providing an accredited senior secondary course or its components or an accredited foundation secondary course or its components to a student, each of those providers must have procedures in place to identify and satisfy the legal duties owed to the student while the student attends, travels between or undertakes an excursion with the providers.
-

Schedule 8 clause 3 of the Education and Training Reform Regulations 2017

Explanatory notes

All providers must have policies and procedures to provide students with a safe environment where students are and feel physically and emotionally safe. The policies and procedures must be written in a language that is suitable for the student cohort. All staff must be advised of their obligations under the relevant laws.

Student safety

There must be evidence in the form of the provider's policies and procedures with respect to the following:

- the Child Safe Standards and requirements of the **Child Wellbeing and Safety Act 2005**
- that it owes all students a duty of care to take reasonable measures to protect them from reasonably foreseeable risks of injury
- that it owes a duty to take reasonable care that any student (or other person) on the premises will not be injured or damaged by reason of the state of the premises or of things done or omitted to be done in relation to the state of the premises
- that it owes a duty to take reasonable precautions to prevent the abuse of a child by an individual associated with the organisation while the child is under the care, supervision or authority of the organisation
- that greater measures may need to be taken for younger students or students with disabilities
- appropriate arrangements for on-site supervision of students
- appropriate arrangements for supervision of students when engaged in off-site activities
- ensuring the safety and welfare of students learning with an external provider
- bullying and harassment, including cyber bullying
- managing complaints or grievances
- the provider's obligations under discrimination and equal opportunity legislation, including the duty to make reasonable adjustments for students with disabilities
- ensuring all staff understand mandatory reporting, the failure to disclose offence, and the failure to protect offences. In summary:
 - **the mandatory reporting obligation** is set out in Part 4.4 of the **Children, Youth and Families Act 2005**. Section 184 imposes an obligation on registered teachers and other persons listed in section 182 to make a mandatory report if they form a belief on reasonable grounds that a child is in need of protection on the grounds that the child has suffered, or is likely to suffer, significant harm because of physical injury or sexual abuse, and the child's parents have not protected, or are unlikely to protect, the child from harm of that type. A child under mandatory reporting is defined as a person who is under the age of 17 years, unless they are subject to a child protection order or interim order granted by the Children's Court of Victoria Family Division that continues in force until they turn 18 years of age

- **the failure to disclose offence** requires any adult (subject to specific exemptions) who forms a reasonable belief that a sexual offence has been committed by an adult against a child under the age of 16 to report that information to police. Failure to disclose the information to police is a criminal offence. Further information can be obtained at:
 - www.justice.vic.gov.au/safer-communities/protecting-children-and-families/failure-to-disclose-offence
- **the failure to protect offence** applies where there is a substantial risk that a child under the age of 16 under the care, supervision or authority of a relevant organisation will become a victim of a sexual offence committed by an adult associated with that school. A relevant organisation is one that exercises care, supervision or authority over children. A person in a position of authority in a relevant organisation will commit the offence if they know of the risk of abuse and have the power or responsibility to reduce or remove the risk, but negligently fail to do so. Further information is available at:
 - www.justice.vic.gov.au/safer-communities/protecting-children-and-families/failure-to-protect-a-new-criminal-offence-to

Student care

There must be evidence in the form of the provider's:

- arrangements for ill students
- policy and procedures for distributing medicine
- current register of staff trained in first aid
- records of student medical conditions and management
- accidents and incident register
- first aid policy and procedures
- internet use policy and procedures
- critical incident plan
- emergency management plan which must be reviewed at least annually and immediately after any significant incident.

There must also be evidence of how the provider communicates policies and procedures on the care, safety and welfare of students to staff, students, guardians and parents.

Child Safe Standards

A provider must have policies, procedures, measures and practices in accordance with the Child Safe Standards.

The Child Safe Standards and more information can be accessed at:

- www.ccyp.vic.gov.au

New Child Safe Standards commence in Victoria from 1 July 2022. Providers must ensure they review their existing policies, procedures and practices to ensure they are meeting the new requirements of those standards.

External providers

Where part or all of the course is delivered by another registered provider, there must be evidence in the form of a written agreement that sets out how duty of care responsibilities will be managed. Areas to be covered include the legal responsibility for students who attend the course. These include but are not limited to:

- monitoring of attendance
- Child Safe Standards
- Working with Children clearance

- travel between providers
- appropriate on-site supervision and supervision of off-site activities (also see Standards 4 and 5 of these Guidelines).

Coronavirus (COVID-19) safety

A provider must have policies and procedures in place to enable it to comply with pandemic orders made by the Minister for Health under the **Public Health and Wellbeing Act 2008** relating to COVID-19.

There must be evidence of the provider's:

- COVIDSafe Plan
- policies and procedures to enable it to comply with any mandatory vaccination requirements for higher education workers, including policies and procedures:
 - to ensure all higher education workers are fully vaccinated against coronavirus (COVID-19) by the applicable deadline or hold a valid exemption
 - for the collection, use or disclosure of vaccination information and maintaining records about vaccination status as required by the pandemic orders.

Consistent with the requirement for higher education workers to be vaccinated against coronavirus (COVID-19), the Guidelines require providers to have policies and procedures to ensure their higher education workers are fully vaccinated or are an exempted person.

Consistent with the requirement under the pandemic orders for providers to collect, record and hold vaccination information about a higher education worker, the Guidelines require providers to have policies and procedures for maintaining the currency of records about the vaccination status of higher education workers.

The pandemic orders typically define 'higher education worker' to mean a person who works at or in connection with:

- (i) a university
- (ii) a vocational education and training institute
- (iii) a technical and further education institute
- (iv) an adult community and further education institute
- (v) a registered training organisation
- (vi) any other facility undertaking post-compulsory education or training.

Note: the definition is found in the Pandemic COVID-19 Mandatory Vaccination (Specified Workers) Order 2022, as made from time to time.

All providers will already have in place a COVIDSafe Plan. The Guidelines require providers to provide a copy of this to the VRQA at audit or as requested by the VRQA.

Providers should otherwise ensure they comply with all the requirements of the pandemic orders in force from time to time. The current pandemic orders register is found here:

- www.health.vic.gov.au/covid-19/pandemic-order-register

Standard 4 – Student records and results

- (1) A senior secondary education provider or a foundation secondary education provider must have policies and procedures in place –
 - (a) to maintain accurate student records and ensure the integrity of student assessments; and
 - (b) if the provider is –
 - (i) not the awarding body, to enable compliance with the requirements of the awarding body for the course with regard to the assessment program and the timely provision of student enrolments and results; or
 - (ii) also the awarding body, to deal with the assessment program and the timely provision of student enrolments and results; and

- (c) to monitor patterns of student participation and completion rates, and the quality of outcomes of students in the registered senior secondary education qualification; and
 - (d) to undertake an annual analysis (that is made publicly available) of student participation and completion rates and outcomes.
- (2) A senior secondary education provider or a foundation secondary education provider must prepare and maintain records of student assessments and comply with appropriate requests to provide copies of a student's records to the student or a person authorised by the student to receive the records.
- (3) A senior secondary education provider or a foundation secondary education provider must have processes in place that comply with the requirements of the awarding body for the course for the accurate and timely issuing of qualifications and for the retention, archiving and retrieval of sufficient information about student enrolments and results to enable the re-issue of statements and certificates if required.

Schedule 8 clause 4 of the Education and Training Reform Regulations 2017

Explanatory Notes

Evidence needs to demonstrate understanding of the VCAA requirements including the Victorian Assessment Software System (VASS).

The provider must be able to demonstrate that students are correctly enrolled to enable achievement of the requirements of the accredited course. It must also demonstrate that its records of results are accurate and securely stored.

If two or more providers share the responsibility for providing an accredited senior secondary or foundation secondary course or its components, there must be arrangements in place to ensure that this standard is met.
