### COMMUNITY ENGAGEMENT PERIOD OPENS FOR THE SOUTHEAST BELLARINE COASTAL AREA (4W-COLLENDINA)

The City of Greater Geelong has released the draft Southeast Bellarine Coast (4W-Collendina) Coastal and Marine Management Plan (CMMP) until the 7 August for community feedback.

A Coastal and Marine Management Plan is a public document, prepared under the **Marine and Coastal Act 2018** and approved by the Minister for Energy, Environment and Climate Change. It establishes an agreement between the Victorian Government, the land manager and the community as to how an area of coastal Victoria will be managed.

The development of the draft CMMP was informed by extensive, wide-spread community engagement with community, landholder, tourism and land manager stakeholders, as well as the Wadawurrung Traditional Owners Aboriginal Corporation. It has been drafted in consultation with the Department of Environment, Land, Water and Planning.

The project incorporates the dune system and woodlands along the Crown land section of southern coast of the Bellarine, that are part of the Buckley Park Foreshore Reserve.

The area has extensive and significant cultural heritage and historical sites, and plays a vital role as a dune system in the protection of coastal and climate change impacts.

The vision for the draft CMMP is ensuring and replenishing coastal and marine ecosystems to support nature, whilst fostering cultural connection and community stewardship.

To achieve the vision, there are five key objectives:

- acknowledge Traditional Owners' rights, aspirations and knowledge;
- protect and enhance the marine and coastal environment;
- respect natural processes and strengthen resilience to climate change;
- use and develop sustainably;
- promote stewardship and collaborative management.

The draft CMMP will be open for feedback at [yoursay.geelongaustralia.com.au/CMMP](https://yoursay.geelongaustralia.com.au/CMMP)
