## EXEMPTION

Application No. H71/2022

The Victorian Civil and Administrative Tribunal (the Tribunal) has considered an application for an exemption from the **Equal Opportunity Act 2010** (the Act), pursuant to section 89 of the Act, from BAE Systems Australia Limited, BAE Systems Australia Defence Pty Ltd, and ASC Shipbuilding Pty Limited. The Applicants are related entities<sup>1</sup> and have similar statutory and contractual obligations<sup>2</sup> in relation to controlling access to specified technology, material and information on defence-related contracts and projects.

In compliance with directions made by the Tribunal, the Applicants sent a Notice of the application to each of their Victorian employees and contractors, and placed the Notice of the application on their website. The Notice provided information about the application and invited written submissions for or against the application to be submitted to the Tribunal. The Notice also invited requests for the Tribunal to hold a hearing and hear oral submissions in relation to the application.

The Tribunal did not receive any written submissions for or against the application apart from submissions filed in support of the application by the Applicants. The Tribunal did not receive any requests for the Tribunal to hold a hearing to receive oral submissions. The Tribunal has decided to finalise this application on the material before it.

Upon reading the material filed by the Applicants in support of this application, including the affidavit of Angela Wiggins, Chief Counsel for BAE Systems Australia Limited, and the affidavit of Sheena Jackson, Senior Legal Counsel for BAE Systems Australia Limited, the Tribunal is satisfied that it is appropriate to grant an exemption from sections 16, 18, 21, 107 and 182 of the Act to enable each of the Applicants to engage in the following exempt conduct, subject to the schedule of conditions set out below:

- (a) requiring members or potential members of the Applicant's Victorian workforce (employees and contract workers) to provide details of their nationality and country of origin to enable the Applicant to determine whether they are permitted under the security requirements to work on certain defence-related projects or to have access to controlled material or controlled information;
- (b) identifying (by means of a badge, maintenance of a list or otherwise) those in its Victorian workforce permitted by virtue of their nationality to work on certain defence-related projects or have access to related controlled material or controlled information so as to distinguish them from those not so permitted;

<sup>1</sup> ASC Shipbuilding Pty Limited is a subsidiary of BAE Systems Australia Limited. Bae Systems Australia Defence Pty Ltd is a wholly owned subsidiary of BAE Systems Australia Limited.

<sup>2</sup> The exemption is to enable the Applicants to comply with the **Australian Security Intelligence Organisation Act 1979**, Customs (Prohibited Exports) Regulations 1958 (Cth), Defence Trade Controls Regulations 2013 (Cth), as well as the **Arms Export Control Act 22 USC 2778 2004** (USA), the International Traffic in Arms Regulations 22 CFR 120 (2003) (USA) (ITAR), and the Export Administration Regulations 15 CFR 730–774 (USA) (EAR). These laws and regulations impose limits on access to certain material and information (controlled material and controlled information), and impose security assessments and requirements (security requirements), based on citizenship, previous citizenships, race or nationality.

- (c) preventing the release of controlled material or controlled information to members of that workforce on the basis of their nationality;
  - (d) requiring members of that workforce to execute formal security agreements based on nationality;
  - (e) restricting access to controlled material and controlled information connected with certain defence-related projects to particular members of that workforce based on their nationality;
  - (f) restricting access to areas of its facilities connected with certain defence-related projects to particular members of its Victorian workforce based on their nationality;
  - (g) rejecting applications to join its Victorian workforce in positions relating to certain defence-related projects based on the applicant's nationality, and taking into account a person's nationality in determining who should be offered employment or contract work requiring access to controlled material or controlled information;
  - (h) transferring members of its Victorian workforce from certain defence-related projects on the basis that, due to their nationality, the Applicant may not permit them to work on those projects, whether that transfer takes into account existing or changed nationality;
  - (i) disclosing information about the nationality of members of its Victorian workforce to:
    - (i) the US Department of State;
    - (ii) the US Department of Commerce;
    - (iii) the US Federal Aviation Authority;
    - (iv) the Australian Department of Defence; and/or
    - (v) any other organisation for which or on whose behalf or at whose request the Applicant undertakes work in respect of which the Applicant has (directly or indirectly) an obligation not to transfer defence-related information to non-Australian citizens.
- (the exempt conduct)

#### SCHEDULE OF CONDITIONS

1. This exemption applies only to conduct by the Applicant where it has taken all steps reasonably available (including steps that might be taken in negotiating or performing any contract) to avoid the necessity to engage in the specified conduct.
2. Where the specified conduct involves moving a member of the Applicant's Victorian workforce from one project, area or facility to another, the Applicant must, through a duly authorised officer, explain to the person why he or she is being transferred and must otherwise take all reasonable steps to avoid or limit harm or loss to that person which might arise from the transfer.
3. Where the Applicant has a system of badges or security passes to identify those in its Victorian workforce permitted by virtue of their nationality to work on certain defence-related projects or to access related controlled material or controlled information, or levels of access to that material or information, the pass or badge may show a code that indicates the holder's nationality, but not in such a way that a person unfamiliar with the code would be able to identify that nationality.
4. All information relating to security passes or badges, security clearance levels, or access to controlled material or controlled information, must be restricted to the Applicant's Manager of Security and Human Resources Manager and their properly appointed nominees on a 'need to know' basis.
5. The Applicant's employment policies must be amended as soon as reasonably possible so as to refer to the terms and conditions of this exemption, and to make it clear that the purpose of requiring information regarding nationality is solely to enable compliance with the security requirements.

6. The Applicant must provide a copy of this exemption to:
  - (a) existing contractors who supply it with contract workers, as soon as is reasonably possible after this exemption commences; and
  - (b) any new contractors who supply it with contract workers, as soon as is reasonably possible after the relevant contract is entered into.
7. The Applicant must report in writing to the Victorian Human Rights and Equal Opportunity Commission and the Tribunal every 12 months while the exemption is in force, detailing, in respect of the period to which the report relates, and in respect of the matters covered by this exemption:
  - (a) the steps taken by the Applicant to comply with the Act and the terms and conditions of this exemption, including training and education given to its Victorian workforce, compliance audits, and any complaints made under the Act;
  - (b) the number of applications to join its Victorian workforce rejected under the exemption and whether any (and if so, how many) were subsequently appointed to other roles;
  - (c) the number of members of its Victorian workforce moved to other projects, areas or facilities under the exemption, and any steps taken to minimise harm or loss to those people arising from the transfers; and
  - (d) the number of Victorian workforce vacancies advertised or offered under the exemption.

In granting this exemption, the Tribunal notes:

- BAE Systems Australia Limited has been granted an exemption on similar terms since 2008. The current exemption was made on 17 August 2017 and will expire on 10 September 2022.
- BAE Systems Australia Defence Pty Ltd was also granted an exemption on 2 March 2015 which expired on 2 May 2017.
- BAE Systems Australia Limited has complied with the conditions to report on their compliance with the exemption and the schedule of conditions to the Victorian Human Rights and Equal Opportunity Commission (the Commission) and to the Tribunal every 12 months the exemption has been in force.
- The BAE Systems Australia Limited reports indicate that during the period the current exemption has been in operation, no applications to join the Victorian Workforce has been rejected under the exemption, no members of the Victorian workforce have been moved to other projects areas or facilities, and there have been no complaints made under the Act.
- The Commission did not seek leave to intervene in the application. The Commission noted that it did intervene in similar applications in 2011 and 2012, and referred to its submissions in those applications. The Commission submitted that if the Tribunal was minded to grant the exemption, the Commission supported the imposition of the conditions attached to the exemption application.
- No exception applies to the exempt conduct. On expiry of the current exemption, in the absence of a further exemption, the exempt conduct would amount to prohibited discrimination. Therefore, the proposed exemption is not unnecessary under section 90(a) of the Act.
- The exemption limits the right to equality set out in section 8 of **Charter of Human Rights and Responsibilities Act 2006** (the Charter). The right to privacy contained in section 13 of the Charter is also relevant. The Tribunal has considered all the relevant factors including the nature of the right, the importance of the purpose of the limitation, the nature and extent of the limitation, and the relationship between the limitation and its purpose, and any less restrictive means reasonably available to achieve the purpose the limitation seeks to achieve.
- The Tribunal accepts that in order for the Applicants to undertake the defence-related contracts and projects that attract the statutory and contractual obligations, they are required

to seek information regarding nationality and places of birth and substantive contacts of their prospective and current employees and limit access to the controlled material and/or impose security requirements.

- The Tribunal accepts that non-compliance could risk the loss of contracts and projects and the loss of current and prospective employment opportunities in Victoria. In Victoria as of 3 June 2021, the collective value of the Applicants customer contracts was approximately \$2.52 billion.
- This exemption limits the right to equality and the right to privacy for the current employees and contract workers and potential employees and contract workers of the Applicants who may work on the defence-related contracts and projects that attract the statutory and contractual obligations noted above.
- The Tribunal considers the exempt conduct with the schedule of conditions are focused and appropriately framed to achieve the purpose of compliance with statutory and contractual obligations.
- The Tribunal considers the schedule of conditions further restricts and focuses the operation of the exempt conduct.
- The Tribunal notes the schedule of conditions limits the use of the exempt conduct to circumstances where it is necessary to perform the statutory and contractual obligations, and where the Applicants have taken all reasonable steps to avoid engaging in the exempt conduct.
- The Tribunal also considers the reporting conditions will keep the Applicants focused on limiting the exercise of the exempt conduct.
- The Tribunal is satisfied that in the circumstances discussed above, the limits imposed by this exemption are reasonable and justified under the Charter.
- The Tribunal is satisfied a five-year exemption is appropriate with the reporting requirements as set out in the schedule of conditions.

The Tribunal hereby grants an exemption to each of the Applicants from the operation of sections 16, 18, 21, 107 and 182 of the Act, to enable each of the Applicants to engage in the exempt conduct subject to the schedule of conditions set out above.

The exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 11 August 2027.
